

OBSERVE THE THREE R's.

Refuse, Reuse and Recycle. Whatever you buy, wherever you live, the Three R's are the most important rules to live by, at least as far as the environment is concerned. The next time you go shopping, whether by yourself or with your friends – think about the Three R's every time you pull a potential purchase off the shelf. Is it something that is over packaged or wasteful? If so, Refuse it. Is it something that is made of or packaged in recycled material, or can be reused in some way? If so, Reuse it. Is it something that can be recycled easily? If so, Recycle it.
