He said it is the practice of the Board of Freeholders to hold our meeting each month in one of our municipalities outside of our County Seat of Camden so that all members of the public will have full access to the meeting of the Board.

The Director said as is our custom; we will begin tonight by asking Mayor and Township Committee to come forward. He asked Freeholder Young to come forward as well.

Director Cappelli said we are very proud to be here in Pennsauken and very proud to call the governing body in Pennsauken our partners in government. This governing body has done such a tremendous job in this wonderful community. They have done an outstanding job in leading the community in developing great neighborhoods and economic redevelopment. He said I am most proud of the work that they do in creating jobs in Pennsauken. This Township Committee has worked aggressively in creating those new jobs in Pennsauken during bad times thanks to the leadership of Mayor Taylor and his Committee. The Director called upon Freeholder Young.

Freeholder Young said on behalf of the Board, I am pleased to present you with the CDBG check in the amount of \$90,700.00.

Mayor Taylor said thank you on behalf of the residents of Pennsauken. He said we have a great partnership with the Freeholders. He said within the next year, we will have a Class A restaurant on the Cooper River. Mayor Taylor said thank you for the support you have given us. We make a good team.

Mary said thank you very much on behalf of myself and all our members. She thanked the Freeholders for their support and the Mayor and Township Committee for the support they give to us all year.

COMMUNITY AWARD

Director Cappelli said this governing body also wants to recognize someone for his community service. The Director asked how many people know Sonny DiSabato? He said Anthony "Sonny" DiSabato was born and raised in South Philadelphia. Director Cappelli said Sonny came to Pennsauken. He said he has dedicated his life to helping others both professionally and through his volunteer organizations. He said I would also like to recognize the men and women in the Armed Services and send our thanks to them for their service. Thank you so much.

SUSTAINABILITY AWARD

Freeholder Gentek-Mayer welcomed everyone. Freeholder Gentek-Mayer said every month the County recognizes through the Sustainable Camden County Program, a resident who has gone beyond the call of duty when it comes to protecting our planet, protecting our environment and reducing our carbon footprint. She said I went to the "Mrs. Green" of Pennsauken, Betsy McBride, who has worked tirelessly for the residents of Pennsauken for her recommendation as to who should receive our

Sustainable Champion award. Thank you, Betsy, for all that you do. The Freeholder said Betsy selected Michael Carruth.

Freeholder Gentek-Mayer called upon Michael Carruth to come forward. The Freeholder said that Michael is a life-long resident of Pennsauken. He grew up in Pennsauken and attended Pennsauken High School. She said he left for a few years to study Golf Course Management and returned to his beloved hometown, where he is responsible for the upkeep and planting of trees at the public golf course. She said Michael took over as Chair of the Pennsauken Shade Tree Commission when it was re-established in 2011. After five years of hard work and dedication, the Pennsauken Shade Tree Commission now has a Community Forestry Plan. Trees have been identified and classified, a hazardous tree list has been compiled giving the Township a guide to removing trees that are hazardous and replacing them with appropriate, healthy trees. The Freeholder further noted that each year the State requires an accomplishment report from the Commission, so this year, under Michael's leadership 20 residential trees have been planted along with a number of community plantings. She said not only does Michael educate the public through outreach activities such as community plantings and attending two events, Michael ensures he remains educated as well as the other members of the Shade Tree Commission by attending at least two continuing education courses offered by the State each year.

Freeholder Gentek-Mayer said thank you so much, Michael, on behalf of the entire Freeholder Board. She said this is important for everyone here and for future generations.

Committeewoman Betsy McBride said I was asked by Freeholder Gentek-Mayer to suggest somebody for this award. She said it only took me a second and I proposed the name before Township Committee and it was unanimous. She said I am "Mrs. Green" and I did want us to establish a Shade Tree Commission. I could not have done it without Mike. She said we were named Tree City USA and could not have done it without Mike. She said identifying trees is hard and a lot of work. He showed us how to do it. We are proud of him for receiving this award.

Mr. Carruth thanked the Freeholders not only on my behalf but my colleagues who work hard to make Pennsauken look beautiful. He said remember, keep it green, keep it clean! Thank you.

The Director said we are joined by our County Clerk, Joe Ripa and also Sheriff Chuck Billingham.

PROCLAMATION

Freeholder Nash welcomed everyone. Freeholder Nash said about 10 years ago I took a trip to Warsaw and Krakow. He said I visited one of the world's most horrific sites, Auschwitz getting a sense of enormity of mass destruction of human beings.

Freeholder Nash said recently I read about people who traveled to Germany. He said they were three teachers from Sterling High School so they could educate their students about the stain on humanity. He called upon Mimma-Marie Cammarata, Lauren Maunz and Michelle Myers to come forward.

Freeholder Nash said we have three Proclamations for them. Let me tell you about their journey. The three Sterling High School teachers participated in the New Jersey Commission on Holocaust Education's annual trip. They traveled with 25 other teachers some from New Jersey and some from other states to explore the Eastern European countries of Germany, Czech

Republic, Poland and the Netherlands visiting sites of the Holocaust. He said they traveled to Grunewald Station, where thousands boarded trains to be transported to concentration camps and the Wannsee villa, the site of "Final Solution" planning which will be etched in their memories; the trip had a great impact on the teachers and the students, who benefited greatly from the lessons that were incorporated into their classrooms. He said upon their return, the three were inspired to develop a project for their students teaching the children to reject that type of intolerance. The project is entitled "The Onlooker Effect". He said the French, Italian and Physics Classes at Sterling combined forces to explore the horrors of Nazi Germany and the people's failure to intervene on behalf of the victims of bigotry, hatred and extremism. He said the project as well as the teachers' experiences were featured in "Transformation and Remembrance - A Journey from the Holocaust to the Classroom, a documentary produced by the New Jersey Education Association. Freeholder Nash then presented each of them with a Proclamation.

Lauren Maunz said we want to say we are grateful for being selected to go on this trip through the New Jersey Commission on Holocaust Education. It was a way to step into history and bring it to our students. She said not only did they learn about deplorable actions, we related it to today's problems to promote anti-bullying. She said they were excited to be on TV in the documentary. She said we are thrilled to receive such a beautiful Proclamation which will be displayed back in their classrooms. Thank you very much!

RESOLUTION 93
NO MOTION MADE-FAILED

The Director said at this time the meeting is open to any member of the public who wishes to address the Board of Freeholders. He declared the public hearing open.

93. Resolution acknowledging personnel actions by or on behalf of constitutional or statutory row offices.

Jean Vitrano of Pennsauken addressed the Board. Ms. Vitrano said I recently moved to Petty's Island. She said she had some general questions about the Cooper River Park which could be answered on line. Ms. Vitrano said she used to live in New York and they had Pooper Scooper Laws. She said they had signs all over listing fines. She said there is a dog park at the end of the street but I don't see signs. Freeholder Nash responded and said it is very popular there. He said there is a Pooper Scooper Law where you are not permitted to leave poop on the lawn. He said there is a Law and there are signs. Ms. Vitrano said the other question I have is regarding Bike Lanes at the Cooper River. She said now with walkers and bikers, there is a lot of business on this street which is because of the remodeling in the Park. She hopes there is a plan to end this congestion whenever the road is finished. She thanked the Freeholders for their time.

Julie Tozer of Collingswood, identified herself as being the President of AFSCME 54, of Library System. She said our current Bargaining Agreement took six years from 2008 until November 2014. She said our Agreement ends this year and we are looking forward to settling it in a minimal amount of time.

Theresa Triole, Ed.D of Hammonton addressed the Freeholders. She said we represent these Ladies and Gentlemen in the Library System. We are here to request that you bargain with them in a timely manner. I too want individuals to understand some of these people don't get time off. They offer so many programs to the residents in Library resources, computer and reading. She said we thank the Freeholders for their support.

Director Cappelli said we want to thank you as well.

Freeholder Leonard said as the Director said and I know firsthand at the Camden Housing Authority Library all the great work that Julia and staff do and thank you, Dr. as well for your service.

Gary Frazier of Camden addressed the Freeholder Board. Mr. Frazier expressed his concerns about the Camden County Police Department. He said there have been a number of complaints and he wants to know who is in control of the Camden County Police Department. He said all kinds of things are going on. Rights of individuals are being violated. He said to the Director you were the one who supported them and who answers for them. Director Cappelli said we do as the Board of Freeholders. The Director said I am aware of the complaints and they have been unfounded so far. Mr. Frazier referred to an incident that took place the night before. He said they are not doing such a great job. The Director said I respectfully disagree. Mr. Frazier went on to say that he witnessed what happened the night before.

He said and you tell me things are unfounded - are you calling me a liar? I live there. He said I am asking does Camden County Metro answer to this Board. This is getting out of control. We do not need this behavior by Camden County Police. He said we would like to meet with you not on the fly with Internal Affairs. Thank you.

Anne Carroll of Collingswood addressed the Freeholder Board. Ms. Carroll said thank you, Freeholders, for allowing us to make comments. She said I live in Collingswood. She said she is very impressed with the work that is being done for the River and recreation in this area. She said I am distressed about once you cross Route 130; nothing is happening to make sure Cooper River West Park is brought into being for the people of Camden. She said it seems as though a facility like this one bring revenue to Camden County. That is a no brainer. She said people of Camden don't rate as high as people living East of Camden? What I can tell most of it is to bring large corporations in and they are given a tax break to relocate to Camden. She said I just hope the people of Camden see this Park opened. It is being held up by the Camden County Municipal Utilities Authority and the Port Authority and I hope you can push this work along.

Freeholder Nash responded and said this is very frustrating. He said I worked with the Gateway Community. Unfortunately, it was not known before that the property is contaminated. The DRPA has the responsibility to remediate that. He said unfortunately, it will take one year to make it safe to be used. Freeholder Nash said we didn't know that. Until the DRPA cleans that property and the State says it is safe for residents, we cannot open the Park.

Ms. Carroll said can you give us a date. Freeholder Nash said, no. He said I can only tell you what I have been told - six months to a year to clean up. He said that was a couple of months ago. Freeholder Nash said it is actively being cleaned. He said there are terrific plans the Committee is doing.

Tom Knoche of Haddon Township addressed the Board. Mr. Knoche said we heard it was six months, now here the news gets worse. Mr. Knoche distributed a flyer to the Freeholders. On the back of the flyer, Mr. Knoche references the improvements and the cost for the final clean-up. He said to get this done, "show us the money" to do those improvements. He said according to Cairone's plans it will cost \$3.7 million over the next three years. Mr. Knoche said we understand that the whole process has stopped, even though the State, and the N.J. Department of Transportation filed for the Historic Designation and it's clearly eligible and appropriate for them have it. He says that is because of the County is the principle property owner for the park. He said the Counties unwillingness to support it, and that it has been removed time and time again from the State Review Board's agenda and appears to be going nowhere. He said County support would turn the process around. Finally we asked even though the Planning Board already approved the site plan, but it's not carved in stone until the first bulldozers start turning the ground, that you review the whole Subaru Project. He said from our perspective particularly it's layout and design, because it does not look at all like it's a part of the Camden Greenway. It's like a big suburban office complex parking-lot that's plopped on the Sears Site and just a stone's throw from the Cooper River part of the Camden Greenway, and it has nothing about the site plan that respects any of that. He said it has no off street pedestrian or bike path, the open space at the

Southern end of the site doesn't connect to the river, there are no financial commitments. He said Subaru is getting a deal, they are getting tax credits like they are giving everybody else and where is the commitment to help fund the 3.7 million dollars needed to make Cooper River Gateway West functional and useable for the residents of the County and of the City. He said we hope to have a continuing dialogue about them, we hope to see commitments on the funding that's needed. He said Freeholder Nash told them back on August 13, 2013 "don't worry about the money" he said now they are worried about the money, because that's what citizens have to do because Public Officials often say we got it covered, and he says they don't, and they haven't seen the commitments and it's a lot of money but not nearly as much as they are spending on the other side of Rt.130 which is \$23 million, but it's a reasonable sum of money that's needed to do the improvements. He thanked the Board for their attention.

Freeholder Director Cappelli thanked Mr. Knoche.

Mary Cortes, said she has three things to say to the Board. She said her name is Mary Cortes from Camden's Cramer Hill section, she said you may remember her as the candidate who ran against Nash, Gurick and Ripa. She said tonight as a member of the organization Friends of Cooper River Park West, since the Cooper River does not stop at Airport Circle, she said we at the Camden side have asked the Freeholders to set aside money for that Beautification Project for our side, she said we presented an observatory, a floating boardwalk, kayak boating, bird watching she stated they have more than 40 species of birds on our side alone. Ms. Cortes said we have been put aside because of land, river mitigation and remediation. She said now that the Pennsauken/ Collingswood side is almost 95% completed; we ask again where the money is and where the approvals are to go forward. Ms. Cortes said even the engineering firm Cairone is waiting, Green Acres, New Jersey Conservation, Greenways our sections in Camden. She said when do we return to the table for positive news? She said we know the expression "If we Camden were Voorhees or Haddonfield" our Cooper River would have been finished--fifteen years later. Ms. Cortes has moved on to number two--she is talking about trees, Camden County Bonita Park, is a covered up creek, she said it's an underground creek under there. Ms. Cortes said why were there twenty plus rotatable trees planted instead of water sucking willows? Ms. Cortes is on the final topic number three-- she said you guys are calling the Police incidents unfounded, Citizens of Camden are told by prosecutors to plead guilty and pay the fines and you can go home tonight. She said no opinions are published in the newspapers unless the "Powers that Be" and she said you know he's your boss, approves these comments because she has tried. She thanked the Board

Freeholder Director Cappelli thanked Ms. Cortes

Seeing no further comments Deputy Director McDonnell asked for a motion to close the public hearing with a second by Freeholder Nash and all Freeholders presented voted aye.

The Director said I will now open the floor to the Freeholders for their comments.

Freeholder Nash, said thank you to Mayor Taylor for coming, and said Pennsauken has always been such a great host, not only to the boathouse but every community event. He told Mayor Taylor that him and his council members do such a terrific job, you run one of the best Governments not only in Camden County but in the

State of New Jersey and it's an honor to have Pennsauken Township as part of our County community. He said right across the river there was a three year old boy who was found dead he said he is just heartbroken as he is sure all the residents of this community are that such a tragedy would happen so close to home and we pray for that little boy and his family. He said he wants to express his appreciation to his colleague Michelle Gentek-Mayer who did such a great job during the Papal visit and all the men and women who work Public Safety to ensure that our residents were safe getting into and out of Philadelphia and also thanked Michele for leading the way as they attended the Sunday Mass, he said they couldn't have been there on time without her perseverance and support. He said he is pleased to report that after last week's Freeholder vote to ban the sale of puppy mill dogs in Camden County, on something called Norman's Law that the store Pats Puppy the only store that did sell such dogs in our community has closed down! He said they are no longer selling those dogs and supporting those horrific puppy mills and the store is now working with Animal rights advocates to sell only rescues, and they formed a non-profit organization to do so and they will be selling only rescue dogs supported by the humane society. He said a whole bunch of towns in Camden County including Pennsauken Township have followed suit and they are also banning the sale of puppy mill dogs in their community so Norman's Law has gone viral and is a great accomplishment. He said last but not least he would like to thank the men and women of the Parks Department, the Season is now drawing to a close at least the Summer Season and to Frank Moran the Director and all the people who have done such a great job making sure our parks are spectacular with a special parenthetical note to the Deputy Director McDonnell, who works so hard to make sure the parks are beautiful, we thank them for their hard work!

Freeholder Leonard, said he would like to thank Mayor Taylor and Council for hosting them, he said it's always a pleasure to be here in Pennsauken. He said it's great to see what they do day in and day out it's such a great town. He would also like to thank the Public Works Department and the Parks Department and the Public Safety Department for all their preparation and hard work during the Pope's visit here. He would also like to thank the Department of Public Works and Dominick Vesper for their recent golf and crab outing that supports local needy families which next month that Department along with many other County employees will put together, they raised nearly \$11,000.00 to support needy families here in Camden County, he said we owe them a round of applause! He said we feed over 200 families in this County and to see all the great work all the County employees do at one time is certainly something to see. He would also like to thank all the County employees for what they do day in and day out!

Freeholder Young, said he would like to thank Mayor Taylor for having them, he said he just met Mayor Taylor and it seems like they have known each other for years, he appreciates his friendship. He would also like to commend Sandi Kelly and Director Cappelli and Dominick Vesper for the outstanding job they do in the awareness of overdose, it's a bad epidemic that we have. He said it was his first time going to a vigil the other night and actually witnessing what is going on and how bad the epidemic is. He said he his wife is now becoming actively involved, she has reached out to Sandi and they are going to do some things together and join the task force. He would like to thank Dominick Vesper for the job he does as being the liaison

for Buildings and Operations, and all the great things they get done!

Freeholder Gentek-Mayer, said she would like to also thank Mayor and Council for hosting them, she said she is one of his biggest fans, she said they do a great job. She said she had the most awesome experience working with Rob Blaker and his emergency management team on the Pope's visit. She said it was an amazing experience being there through all of the strategies and planning, she said they did an amazing job keeping the residents of Camden County safe. She said she can't thank them enough and they are truly professionals, hard workers and we always have to remember that they are the ones who leave their families in the most important times to make sure we are safe. She said also she got to tour the Animal Shelter today and hopefully in two weeks they will open it up to the public, it is absolutely gorgeous, the animals have a wonderful home until they get placed with a loving family. She thanked the Freeholder Board for backing up all the renovations that they were able to do. She wished everyone a great weekend.

Deputy Director McDonnell, said thank you to everyone for coming tonight and sharing this meeting at our beautiful Camden County Boathouse, he is glad they are all there. He said Mayor Taylor and Committeewoman McBride, thanks for being here and thanks for all the employees of Camden County thank you for all the great work you do every day.

Director Cappelli, thanked the Mayor for staying for the whole meeting, and he would like to commend Freeholder Gentek-Mayer and Freeholder Nash and everybody at PATCO DRPA, all law enforcement, the coordination for the Papal visit was unbelievable. He said honestly the easiest way to go see the Pope when he was here was through South Jersey because of the efforts of Freeholder Gentek-Mayer and Freeholder Nash and everybody involved. He said it was a tremendous effort. He said Freeholder Young mentioned Operation SAL and the Vigil that we had for the addiction task force. He would like to thank Sandi Kelly and Dominick Vesper, Ann Biondi, John Pellicane, the entire Camden County Addiction Task Force, Freeholder Rodriguez. He said it was really a special week, he said last week they gave an award to all police officers in Camden County who have administered a Narcan antidote to an addiction and actually saved lives. He said so far our law enforcement in Camden County have saved 330 lives. He said that shows how bad the problem is and by raising awareness and hopefully through Operation Sal we will be connecting addicts with providers of treatment, hopefully that is where we are going. He said of course the candlelight Vigil they acknowledged over 300 victims of addiction who have passed away over the last couple years. He thanked all the employees of Camden County for the hard work they do day in and day out on behalf of the residents.

The Director asked for a motion to adjourn. Freeholder Leonard made a motion to adjourn with a second by Freeholder Nash and all Freeholders present voted aye. The meeting adjourned at 8:15 p.m.

Respectfully submitted,
