Dear Reader,

On behalf of the Camden County Office of Senior and Disabled Citizen Services, I am pleased to present this guide to various resources that may be of assistance to persons with disabilities.

As you will note as you review the guide, we have compiled for your reference a listing of non-profit agencies, government services and national organizations that are dedicated to both issues of disability as well as services to persons with disabilities. In addition, this guide contains a government section consisting of addresses of our US Senators, local members of the New Jersey Congressional Delegations, State Assemblypersons and Senators, as well as a listing of Camden County Municipalities.

To complement this guide, our office carries several- brochures that cover the topics of the Americans with Disabilities Act, Basic Benefits for Persons with Disabilities, Division Directory, Employment Resources, Home Health Care, and Transportation. In addition, the Camden County Office of Senior and Disabled Citizens Services provides the community with a quarterly newsletter, "The Abler", which contains information about the issues on the "Disability Agenda." If you would like to receive a brochure, the latest copy of our newsletter, be placed on our mailing list, or if your agency wishes to be listed in our next Resource Guide, please contact our office at the above address.

Thank You,

Joy Merulla, Director
