

## SMALL FLOW COMMERCIAL USER("SFCU") DETERMINATION WORKSHEET

- 1) The total average daily discharge is less than 3,000 gpd.  YES  NO
- 2) The facility is not categorical and does not meet federal guidelines requiring the categorical standards defined in 40 CFR 403.  YES  NO
- 3) The facility does not manufacture a product.  YES  NO
- 4) The facility provides a service and/or engages in the purchase or sale of commodities.  YES  NO
- 5) The facility agrees to a \$2,000.00 annual user fee, and understands that limits listed in Table I of the Authority's Sewer Use Ordinance for (SFCUs) will apply.  YES  NO

If YES to all of the above statements, your facility qualifies as a small flow commercial user. This classification is optional, not mandatory, and by signing and dating this section, you agree that your annual user fee will be \$2,000.00 and that your facility's wastewater will be subject to specific standards detailed in the Authority's SUO. Definitions, permit requirements, enforcement and pollutant limitations specific to the SFCU can be found in Section 1.0, Section 4.0, Section 6.0 and Table I of the Authority's SUO.
