

# **DRAFT**

## **Executive Summary**

### **AP-05 Executive Summary - 91.200(c), 91.220(b)**

#### **1. Introduction**

As a recipient of Community Development Block Grant (CDBG), Home Investment Partnerships (HOME) and Emergency Solutions Grant (ESG) funding from the U.S. Department of Housing and Urban Development (HUD), the Camden County Urban County is required to prepare a Five-Year Consolidated Plan that assesses needs within its jurisdiction and spells out how it plans to use HUD resources to address those needs. The Urban County jurisdiction and the Camden County HOME Consortium cover all municipalities in Camden County except Camden City, which receives its own HUD funding, Pine Valley and Tavistock. The current Five-Year Consolidated Plan covers program years 2020 through 2024, a period beginning on July 1, 2020 and ending on June 30, 2025. This Annual Action Plan is for the 2022 Program Year, the third of the current 5-year cycle. It covers the 12-month program year from July 1, 2022 through June 30, 2023.

The CDBG program has as its primary purpose the provision of decent housing, suitable living environments and economic opportunity to the most vulnerable populations, including low-moderate income households, seniors, disabled adults, domestic violence victims and the homeless. The Camden County Urban County is expected to receive an estimated \$2,400,000 in CDBG funds for Program Year 2022.

The HOME program has as its primary purpose the provision of safe, decent, affordable housing to low- and moderate-income households. The Camden County HOME Consortium is expected to receive and estimated \$1,250,000 in HOME funding for Program Year 2022.

The ESG program has as its primary purpose the provision of shelter and services to homeless individuals and families. The Camden County Urban County is expected to receive an estimatee \$210,000 in ESG funding for Program Year 2022.

In assessing community needs within the jurisdiction, Camden County assessed a wide variety of available data and consulted with agencies and organizations from the public and private sectors engaged in front-line provision of services and facilities to eligible populations. Based on the needs so identified, the County has developed the Annual Action Plan for 2022 that directs HUD resources to effectively assisting County residents and communities.

#### **2. Summarize the objectives and outcomes identified in the Plan**

# **DRAFT**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Objectives and outcomes for the 2022 Program Year are based on community needs that were identified for the current Consolidated Plan and updated by reviewing available data, listening to front-line providers and residents and weighing staff experience and available resources. Camden County has concluded that the following needs exist within the jurisdiction to an extent that an effective Community Development program, backed by HUD resources, can have a meaningful impact:

- Affordable housing - residential rehab, construction of new units and, potentially, voucher supports are needed along with information and advocacy around housing fairness issues, particularly accessibility;
- Public facilities and infrastructure - roads, water lines, sewer lines and more in income-eligible residential areas along with facilities that serve low-mod populations as well as the removal of architectural barriers to accessibility;
- Public services - needs include financial literacy training, other life skills, educational and recreational youth programming, transportation (including senior and disabled transit) and senior services;
- Economic development - job creation, retention and workforce training are among the needs with resources other than CDBG providing most of the support;
- Homeless services - outreach, case management, shelter and warming centers are areas where demand exceeds current resources and where ESG funds need to be concentrated;
- Special Needs services - wide range of services provided to those with special needs, including the elderly, mentally and physically handicapped, victims of domestic violence and veterans.

Specific 2022 objectives in meeting these needs are found within the Goals section of the Plan as well as the Projects section.

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Overall, Camden County's Community Development program has improved significantly during the past several years. Timely use of CDBG funds, once a weakness in the program, is the focus of staff diligence, funding procedures and priorities and increased cooperation from sub-recipients and other partners. Lingering effects of the Covid pandemic, however, continue to cause delays in the implementation of some larger public facilities and infrastructure projects.

# **DRAFT**

In regards to selecting goals and projects for this plan, past performance helped fine tune the choices by providing a record of which activities and which organizations deliver quality results on time and within budget. Though the County seeks out new partners to address identified needs, it also rewards demonstrated understanding of, compliance with and leveraging of HUD resources.

## **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

Citizen participation in the development of the Action Plan was encouraged through participation in public hearings and review of the plan during the display period. Citizens were made aware of the process and opportunity to comment on the plan through newspaper advertisements. Copies of the announcements of the hearings and the Action Plan were distributed to service organizations that represent low income and minority and non-English speaking groups in the County with requests to disseminate the information and participate in the process.

A draft of this Annual Action Plan was made available on the County website for more than the required 30-day public review period, specifically from May 5, 2022 through June 5, 2022. Two public hearings on the plan were held May 5, 2022.

Goal setting for this Action Plan was completed primarily through the consultation process with dozens of government and private sector stakeholders, through the ongoing relationships the County has with its many departments and partners and through the experience of staff in implementing HUD programs in Camden County.

Because the federal budgeting process was later this year than normal, the planning and discussion of this Action Plan largely took place prior to HUD's announcement of allocations. Those discussions included a contingency that if the actual allocation were marginally higher than the estimated budget being used for planning purposes, the additional funding would be added to projects on a pro-rata basis. If the actual allocation were marginally lower than the estimated budget, project funding would be reduced on a pro rata basis. If the actual allocation had been significantly different from the estimated budget, all projects and funding levels would have been reconsidered. (((((((Since the actual allocation was within about 0.5 percent of the estimated budget, the last option was not needed. Instead, the approximately \$5,000 by which the actual allocation came up short of the estimated budget was taken from projects pro-rata, as had been discussed.)))))))

## **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

# **DRAFT**

Feedback obtained in a variety of ways delineated a wide array of needs among the County's residents.

Whether in person, via on-line survey or as part of an application for funding, comments from residents and organizations described many challenges for lower-income residents as well as seniors, the disabled, homeless and other groups. While many aspects were mentioned, a consensus seemed to form around the following needs, described in further detail above and in the Priority Needs Section:

- Affordable housing
- Public facilities and infrastructure
- Public services
- Economic development
- Homeless services
- Special Needs services

## **6. Summary of comments or views not accepted and the reasons for not accepting them**

All comments were accepted.

## **7. Summary**

Camden County's Community Development Program is confident that by listening to its community, it has developed an Annual Action Plan that fairly and effectively directs CDBG, HOME and ESG resources in a way that will most benefit Camden County residents.

Fueled by front-line experience and real world practicality, the process of developing this Action Plan resulted in turning a community wish list into a realistic to-do list that will help thousands of County residents meet the challenges of modern life.

# **DRAFT**

## **PR-05 Lead & Responsible Agencies - 91.200(b)**

### **1. Agency/entity responsible for preparing/administering the Consolidated Plan**

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

<b>Agency Role</b>	<b>Name</b>	<b>Department/Agency</b>
Lead Agency	CAMDEN COUNTY	
CDBG Administrator	CAMDEN COUNTY	Community Development
HOPWA Administrator		
HOME Administrator	CAMDEN COUNTY	Community Development
ESG Administrator	CAMDEN COUNTY	Community Development
HOPWA-C Administrator

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The goals and strategies for the use of CDBG, HOME and ESG funds were developed in conjunction with the public and stakeholder outreach process used to develop the current Five-Year Strategic Plan as well as this Annual Action Plan. Camden County engaged in aggressive efforts to involve citizens and a variety of public, private and non-profit agencies in informing, shaping and responding to the goals and strategies in the Action Plan. The activities selected for FY2022 reflect these goals.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

The organizations listed below, plus a mailing list of over 100 agencies, were contacted with regards to the Action Plan. These organizations represent service providers for youth, the elderly, and persons with disabilities and those with HIV/AIDS. In addition, the Homeless Network Planning Committee, which prepares the Continuum of Care application, was consulted.

All of the Municipal Jurisdictions that participate in the Urban County were given the opportunity to apply for funding as well as participate in the process. Several regional organizations were also consulted. The County is served by the AIDS Coalition of Southern New Jersey for HOPWA funded services. There is no County-wide housing authority, but there are smaller organizations that serve individual municipalities.

A virtual public hearing was held to solicit input from the general public, social service agencies, housing providers, local municipalities and various County Departments. At the public hearing in anticipation of the development of the FY 2022 Action Plan, Camden County reviewed the needs and the priorities and the priorities it had established for funding.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

Annually, the Camden County Homeless Network Planning Committee (Network), in conjunction with the Camden County Community Planning and Advocacy Council, prepares a Continuum of Care document that provides on-going guidance for the Network and the member agencies efforts. The document, as well as the process of preparing it, serves as the cornerstone of Camden County applications to HUD for McKinney Continuum of Care (CoC) homeless assistance funding. Camden County participates in that planning and Network representatives participated in the preparation of this Consolidated Plan.

# **DRAFT**

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Members of the CoC review proposals submitted for ESG funding and make funding recommendations to the Board of Freeholders through the Office of Community Development. Each entity receiving ESG funds is required to maintain HMIS data, Community Planning & Advocacy Council provides the administration of HMIS for Camden County.

## **2. Agencies, groups, organizations and others who participated in the process and consultations**

# **DRAFT**

**Table 2 – Agencies, groups, organizations who participated**

<b>1</b>	<b>Agency/Group/Organization</b>	CAMDEN
	<b>Agency/Group/Organization Type</b>	Services-homeless Services-Health Other government - Local
	<b>What section of the Plan was addressed by Consultation?</b>	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Economic Development
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	While not a member of the Urban County or County HOME Consortium, Camden City is located in the County and is a HUD entitlement community dealing with many of the same challenges as the County as a whole. Coordination with their efforts is crucial and is accomplished through ongoing dialogue on many fronts and in many forms, some formal and others informal.
<b>2</b>	<b>Agency/Group/Organization</b>	CAMDEN COUNTY COUNCIL ON ECONOMIC OPPORTUNITY
	<b>Agency/Group/Organization Type</b>	Services-Victims of Domestic Violence Services-homeless Regional organization
	<b>What section of the Plan was addressed by Consultation?</b>	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy

## **DRAFT**

	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Regular interaction as a participating member of Camden County Homeless Network Planning Committee (HNPC).

**Identify any Agency Types not consulted and provide rationale for not consulting**

All appropriate agency types available to Camden County were consulted in developing this Plan.

**Other local/regional/state/federal planning efforts considered when preparing the Plan**

<b>Name of Plan</b>	<b>Lead Organization</b>	<b>How do the goals of your Strategic Plan overlap with the goals of each plan?</b>
Continuum of Care	Camden County Homeless Network Planning Committee	Goals of this Plan complement, rather than overlap, goals of the Continuum.

# **DRAFT**

<b>Name of Plan</b>	<b>Lead Organization</b>	<b>How do the goals of your Strategic Plan overlap with the goals of each plan?</b>
2020 Analysis of Impediments	Camden County	Camden County completed a new Analysis of Impediments to Fair Housing Choice in 2020. Results of that Analysis, as well as information gathered during its development, helped guide the current Consolidated Plan and this Action Plan.

**Table 3 – Other local / regional / federal planning efforts**

## **Narrative**

Camden County is grateful to the various entities that provided input into the current Consolidated Plan and this Action Plan. Their perspectives, information and insight helped the County craft a plan, we believe, that focuses HUD resources in an efficient and effective manner that will improve the quality of life for the residents the CDBG, HOME and ESG programs exist to help.

# **DRAFT**

## **AP-12 Participation - 91.401, 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

Citizen participation in the development of the Action Plan was encouraged through participation in public hearings and review of the plan during the display period. Citizens were made aware of the process and opportunity to comment on the plan through newspaper advertisements. Copies of the announcements of the hearings and the Action Plan were distributed to service organizations that represent low income and minority and non-English speaking groups in the County with requests to disseminate the information and participate in the process.

A draft of this Annual Action Plan was made available on the County website for more than the required 30-day public review period, specifically from May 5, 2022 through June 5, 2022. Two public hearings were held May 5, 2022.

Goal setting for this Action Plan was completed primarily through the consultation process with dozens of government and private sector stakeholders, through the ongoing relationships the County has with its many departments and partners and through the experience of staff in implementing HUD programs in Camden County.

Because the federal budgeting process was later this year than normal, the planning and discussion of this Action Plan largely took place prior to HUD's announcement of allocations. Those discussions included a contingency that if the actual allocation were marginally higher than the estimated budget being used for planning purposes, the additional funding would be added to projects on a pro-rata basis. If the actual allocation were marginally lower than the estimated budget, project funding would be reduced on a pro rata basis. If the actual allocation had been significantly different from the estimated budget, all projects and funding levels would have been reconsidered. ((((((Since the actual allocation was within about 0.5 percent of the estimated budget, the last option was not needed. Instead, the approximately \$5,000 by which the actual allocation came up short of the estimated budget was taken from projects pro-rata, as had been discussed.))))))

## **Expected Resources**

### **AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)**

#### **Introduction**

Camden County's estimated HUD funding for 2022 is \$2,400,000 in CDBG funds; \$1,250,000 in HOME funds and \$210,000 in ESG funds.

#### **Anticipated Resources**

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	2,400,000	0	0	2,400,000	4,800,000	Expected amount for remainder of Con Plan is approximately 2 times the Year 3 allocation

# **DRAFT**

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	1,250,000	0	0	1,250,000	2,500,000	Expected amount for remainder of Con Plan is approximately 2 times the Year 3 allocation
ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re-housing (rental assistance) Rental Assistance Services Transitional housing	210,000	0	0	210,000	420,000	Expected amount for remainder of Con Plan is approximately 2 times the Year 3 allocation

**Table 2 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

# **DRAFT**

The County will partner with municipalities, other public agencies and non-profit organizations, when feasible, to leverage resources and maximize outcomes in housing and community development. Virtually all planned activities have some degree of leveraging from non-federal sources. The source of these funds ranges from municipal capital funds to state grants to developer equity. Economic Development activities are expected to receive little or no CDBG funds but will be contributing millions of dollars toward the same goals as the CDBG program.

Camden County will continue to leverage funds from the state and regional sources, effectively multiplying the impact of CDBG, HOME and ESG funds.

The Match for the HOME Program will be met through a combination of cash from non-federal sources, including sweat equity, land donated by municipalities and private bank investment in housing projects.

# **DRAFT**

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Improvements to publicly owned properties including streets, utilities and parks, will be used to address the needs identified in the plan.

## **Discussion**

Through leveraging, partnering, extensive engagement of local business, non-profit and government entities, Camden County is dedicated to getting the most out of its annual HUD allocations.

# **DRAFT**

**Table 3 – Goals Summary**

## Goal Descriptions

<b>1</b>	<b>Goal Name</b>	Preserve existing housing stock
	<b>Goal Description</b>	Home Improvement Programs that provide interest-free loans to eligible home owners for needed home repairs. This goal will be addressed through Projects 28 and 29.
<b>2</b>	<b>Goal Name</b>	Add affordable housing & homeownership opportunity
	<b>Goal Description</b>	The creation of affordable housing units through new construction of rental units. This goal will be addressed through Projects 26 and 27.

# **DRAFT**

<b>3</b>	<b>Goal Name</b>	Improve public facilities and infrastructure
	<b>Goal Description</b>	Improvements to both buildings and public infrastructure to benefit both specific low-mod populations and low-mod residential areas. This goal will be addressed through Projects 4 through 12.
<b>4</b>	<b>Goal Name</b>	Support public services
	<b>Goal Description</b>	Support for public services provided both by non-profits and by public agencies that serve either presumed eligible populations or documented income-eligible populations. This goal will be addressed through Projects 13 through 22 plus 24 and 25.
<b>5</b>	<b>Goal Name</b>	Support homeless services
	<b>Goal Description</b>	Operation of the ESG program to provide outreach, rapid rehousing and program administration plus CDBG support for a non-profit homeless shelter. This goal will be addressed through Projects 3 and 23.
<b>6</b>	<b>Goal Name</b>	Planning and Administration
	<b>Goal Description</b>	General Administration of the CDBG, HOME and ESG programs. This goal will be addressed through Projects 1, 2 and 3.

# **DRAFT**

## **AP-35 Projects - 91.420, 91.220(d)**

### **Introduction**

For Program Year 2022, the third year of its current Consolidated Plan, the Camden County Urban County intends to implement the following projects with CDBG, HOME and ESG funds.

Projects were selected with input from a variety of stakeholders, with data from a variety of sources and with hands-on experience in front-line services to the most vulnerable populations in the Urban County. This mix of activities in FY 2022 is designed to address a wide range of challenges for those populations. Housing rehab, facilities and infrastructure improvements and a variety of public services are among the approaches to improving neighborhoods, houses and, most importantly, families in Camden County.

29	Home Improvement Program - 2022

**Table 4 – Project Information**

## **Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

In allocating CDBG, HOME and ESG funds, the County endeavored to fund activities that were deemed to have the greatest benefit to residents in a timely, efficient manner. The aim was to provide benefits in coordination with other support structures so as to avoid redundancy.

The system for establishing the priority for the selection of these projects is predicated upon the following criteria:

- Meeting the statutory and regulatory requirements of the CDBG, HOME and ESG Programs
- Meeting the needs of low- and moderate-income residents
- Focusing on low- and moderate-income areas or neighborhoods
- Coordination and leveraging of resources
- Response to expressed needs
- Sustainability and/or long-term impact, and
- The ability to demonstrate measurable progress and success.

**AP-38 Project Summary**  
**Project Summary Information**

# **DRAFT**

<b>1</b>	<b>Project Name</b>	CDBG Administration - 2022
	<b>Target Area</b>	Camden County Low-mod residential areas
	<b>Goals Supported</b>	Planning and Administration
	<b>Needs Addressed</b>	Administration and Planning
	<b>Funding</b>	CDBG: \$480,000
	<b>Description</b>	Administration and Planning of the CDBG Program. The CCIA will be reimbursed for salaries and administrative expenses associated with carrying out the FTHB, HIP and municipal programs.
	<b>Target Date</b>	12/31/2023
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Successfully implementing the planned CDBG activities will benefit thousands of residents, the majority of whom are low-mod income.
	<b>Location Description</b>	Activities supported by program administration will take place throughout Camden County. County administrative offices are located at 520 Market St, Camden, NJ.
	<b>Planned Activities</b>	Administration and planning for the CDBG program, including all fiscal management, planning, reporting, and recordkeeping.
<b>2</b>	<b>Project Name</b>	HOME Admin - 2022
	<b>Target Area</b>	Camden County
	<b>Goals Supported</b>	Planning and Administration
	<b>Needs Addressed</b>	Administration and Planning
	<b>Funding</b>	HOME: \$125,000
	<b>Description</b>	Administration and Planning for the HOME Program. The CCIA will be reimbursed for salaries and administrative expenses associated with carrying out the FTHB, HIP and municipal programs.
	<b>Target Date</b>	12/31/2023
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Successfully implementing the planned activities will benefit more than 100 Camden County families, all of whom are low-mod income.

# **DRAFT**

	<b>Location Description</b>	Activities supported by program administration will take place throughout Camden County. County administrative offices are located at 520 Market St, Camden, NJ.
	<b>Planned Activities</b>	Administration and planning for the HOME programs, including all fiscal management, planning, reporting and recordkeeping.
<b>3</b>	<b>Project Name</b>	ESG22 - Camden County
	<b>Target Area</b>	Camden County
	<b>Goals Supported</b>	Support homeless services
	<b>Needs Addressed</b>	Homeless services
	<b>Funding</b>	ESG: \$210,000
	<b>Description</b>	Shelter and outreach, rapid re-housing and administration of the ESG program. Funding includes \$138,501 for shelter and outreach, \$55,749 for rapid re-housing and \$15,750 for administration. Camden County will partner with experienced non-profit service providers in our area to deliver these services, including Senior Citizens United Community Services (SCUCS) and Joseph's House homeless shelter.
	<b>Target Date</b>	12/31/2023
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	30 households
	<b>Location Description</b>	Activities supported by program administration will take place throughout Camden County. County administrative offices are located at 520 Market St, Camden, NJ.
<b>Planned Activities</b>	Shelter and outreach, rapid re-housing and administration of the ESG program. 	<b>Planned Activities</b>	Interest-free loans for needed repairs to owner-occupied homes.

# **DRAFT**

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Geographically, County activities are divided into 2 basic groups, those that are available regardless of geography, such as housing rehab or public services or most facility improvements, and those that are eligible based on their benefits to an eligible residential area. Therefore, this response is based on the fact that 80% of all CDBG, HOME and ESG funding coming to the County for 2022 is available based on eligibility criteria other than Low-Mod Area (LMA) benefit while 23% of the funding for LMA projects in four different municipalities.

The IDIS-generated chart below only included the Countywide target area and therefore only 77% of the funding is included in it. The remaining 23% is for LMA benefit projects, amounting to \$890,000 in CDBG funding.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Camden County	77

**Table 5 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

Some activities that will be supported with CDBG funds in order to address the needs of low-mod County residents will be eligible based on their location in an eligible low-mod residential area of the County.

Other activities will be available throughout the County and based on factors other than geography, including income or inclusion in a presumed benefit category.

In general, all manner of eligible activities will be supported following an evaluation that determines:

- the degree to which a proposed activity addresses an identified need, with greater weight given to meeting high priority needs;
- the experience and track record of the proposing entity in carrying out similar activities in the past;
- the requested amount and proposed use of funding;
- to the extent that it is practicable, an effort will be made to distribute support throughout the

# **DRAFT**

County.

## **Discussion**

Those needing the assistance of most activities are not concentrated geographically. Seniors and others benefiting from housing rehab and public services reside throughout the County.

# **DRAFT**

## **Affordable Housing**

### **AP-55 Affordable Housing - 91.420, 91.220(g)**

#### **Introduction**

For the 2022 Program Year, activities intended to provide or sustain affordable housing include the rehab of 15 existing units and the creation of ??? additional affordable units.

<b>One Year Goals for the Number of Households to be Supported</b>	
Homeless	0
Non-Homeless	22
Special-Needs	0
Total	22

**Table 6 - One Year Goals for Affordable Housing by Support Requirement**

<b>One Year Goals for the Number of Households Supported Through</b>	
Rental Assistance	0
The Production of New Units	7
Rehab of Existing Units	15
Acquisition of Existing Units	0
Total	22

**Table 7 - One Year Goals for Affordable Housing by Support Type**

#### **Discussion**

Support for both the preservation of existing affordable units and the creation of new units remains vitally important to many low- and moderate-income residents of Camden County. This is true during normal economic times but is especially so as we eventually begin recovering from the economic impacts of the corona virus pandemic, which has damaged families' ability to pay rents, mortgages and maintain or replace broken household systems.

# **DRAFT**

## **AP-60 Public Housing - 91.420, 91.220(h)**

### **Introduction**

While there is no County-wide public housing agency (PHA) in Camden County, lower income populations are served by local public housing authorities in municipalities across the County:

- The Housing Authority of the City of Camden administers a Housing Choice Voucher program and maintains a low-income housing portfolio of more than 2,000 units. During the last 12 years, the Authority has renovated or redeveloped more than 70% of its original inventory (2,334 units) using a variety of financial and asset management strategies. HACC additionally operates a homeownership program that has benefited more than 350 households to date.
- The Collingswood Housing Authority and the Clementon Housing Authority also offer both Housing Choice Vouchers and public housing units
- The Haddon Housing Authority maintains one 100 unit development for lower income seniors.
- Gloucester Township provides 75 units for rent to lower income houses.
- Cherry Hill Township operates a Housing Choice Voucher program through its Department of Community Development. Additionally, the Township requires a set aside of 20 percent of units in every multi-family development for low and moderate income households. Of these units, 10% are for purchase by low to moderate income households, and 10% are for rental by low to moderate income households.
- Pennsauken Township also administers a Housing Choice Voucher program through its Housing Department. The Township has 76 tenant based vouchers for income eligible families, elderly households or disabled households. More than 300 households are on the waiting list, which is currently closed.

### **Actions planned during the next year to address the needs to public housing**

While no 2022 activities are aimed specifically at public housing residents, many of the public service activities include public housing residents among their beneficiaries. Senior centers, counseling agencies and food pantries all assist public housing residents. Infrastructure and facility improvements projects likewise benefit public housing residents along with the community at large.

Additionally, the construction of new affordable rental housing units is likely to benefit some current Public Housing residents by expanding their options for safe, decent, affordable housing.

### **Actions to encourage public housing residents to become more involved in management and**

# **DRAFT**

## **participate in homeownership**

The Community Development Program will work with both local and State agencies to provide down payment assistance for low to moderate income families to purchase housing within the County.

## **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

No PHA in Camden County is designated as troubled.

## **Discussion**

# **DRAFT**

## **AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)**

### **Introduction**

The Homeless Network Planning Committee (HNPC) is the coordinator of homeless programs and serves as the Continuum of Care in Camden County. The HNPC is a subcommittee of the Camden County Comprehensive Emergency Assistance System (CEAS). The Community Planning and Advocacy Council (CPAC) provides staff support to the HNPC and the County participates in the process.

Agencies participating in the CoC provide an expanded number of beds for chronically homeless persons and families. Once stably housed, programs provided through Catholic Charities, Diocese of Camden and New Visions Community Services of Camden provide employment opportunities and case management for the homeless. Programs such as these are utilized to end chronic homelessness. Outreach to persons living on the street is conducted by the Homeless Outreach Team (HOT), which includes all the shelter providers and non-transitional sources such as public safety personnel. A task force has been created to address the homeless tent encampments. The HOT visits the encampments weekly to engage those residing there in services.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Homeless Outreach Team (HOT) conducts regular street outreach. This multi-disciplinary team is staffed by all the HNPC participating agencies and some non-traditional agencies to deliver an array of services.

Further, special outreach is conducted in the homeless encampments to encourage participation in services. Teams visit the encampment weekly as well as other known locations for street homeless.

Developing a single point of entry to the county's homeless system and the use of a common assessment tool will ensure that individuals and families experiencing homelessness will be directed to the appropriate housing and connected with other necessary social services, including help applying for all the mainstream benefits for which they meet the eligibility requirements. A single point of entry assessment form is under construction and being used on a trial basis by local agencies.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The existing shelters and transitional housing facilities continue to meet the emergency needs of the homeless. Once in a shelter or transitional facility, every effort is made to quickly return the individual or household to permanent housing. A goal of 30 days has been set. ESG funds will be used in support of

# **DRAFT**

the shelters for items such as operations, repairs, and renovations.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

HNPC has ended the use of transitional housing, reallocating resources to permanent housing. That places greater emphasis on the need to move families and individuals to permanent housing quickly. Standardized assessment tools were developed to ensure households are directed to appropriate services and that barriers to housing are reduced.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

HNPC is working to create a single point of entry to decrease homelessness among families. Through the VOA Narragator program, which handles assessment, outreach, awareness, coordination of efforts and expansion of affordable housing, such homelessness can be prevented. Another action that is being planned in the long-term is to create housing resource centers to assist households in identifying appropriate housing and providing assistance in successfully securing housing units.

Discharge planning is critical to the success of ending homelessness caused by exiting institutions without a complete housing exit plan. HNPC has an active MOU with Children and Youth to prevent discharge from foster care. Mental health institutions are required to follow a state mandated housing plan for discharge.

Likewise, discharge from correctional institutions is more difficult because when a sentence is complete, discharge cannot be prevented. The Adult Probation department is working with the COC to find solutions to the housing discharge planning problem. Please note, the County Corrections received a grant for re-entry services and is being leveraged to assist with this issue along with the VOA, who also received a grant to assist with this population.

Camden County will use ESG funds for temporary financial assistance and stabilization services for individuals and families at risk of becoming homeless. The County will continue to work with HNPC and community agencies to find additional resources to augment the program so as to expand the number

# **DRAFT**

of households that can be served. ESG funds will be coordinated with other resources available in the community to ensure that the largest number of households can be served.

The larger comprehensive prevention system that will evolve will include:

- Prevention services, including legal counseling, rental assistance, utility assistance, mental health counseling, food pantry services, and life skills training;
- Substance abuse treatment including inpatient and detoxification resources;
- Case management, including long-term case management that connects households with life skills training, money management, job training, child care and transportation; and
- Resource and referral services, including a staffed emergency information system with directory of all service providers and services.

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

The policies that may impact affordable housing including zoning and other land use controls and building and development permits are regulated by the municipalities in Camden County. There is housing that is affordable to low income households in Camden County. The cost of land, in addition to construction and rehabilitation costs, however continues to rise. The increasing costs are passed on by way of increased housing prices and rents that negatively impact the affordability of housing by low income households. Within the resource constraints, Camden County diligently works to alleviate the cost burden and provide housing opportunities for low income households.

Historically, Camden County has allocated a substantial amount of its annual CDBG entitlement grant for direct housing assistance through funding its Home Improvement Program. Camden County is required to spend its HOME funds on direct housing initiatives. HOME funds are used to fund the First Time Homebuyer Program and funds continue to be used to support the development of housing. For the 2022 Program Year, more than one third of the County's entitlement funds are allocated to housing activities for low-income households, including residential rehabilitation and the construction of new affordable units.

In conjunction with the current Consolidated Plan, Camden County prepared a new Analysis of Impediments to Fair Housing Choice. The conclusions and recommendations of that analysis are incorporated in this Annual Action Plan and will help guide the remaining Action Plans associated with this Consolidated Plan.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

While housing costs continue to increase in Camden County, housing in many portions of the County is within the affordable range of low-moderate income households, particularly those in the 70-80% Median Family Income (MFI).

Camden County has very little ability to address barriers that are imposed due to local regulations. In New Jersey, the power behind land development decisions resides with the municipal governments through the formulation and administration of local controls including master plans, zoning ordinances, and subdivision ordinances. The municipalities also regulate building and development permits. County Master Plans in New Jersey are advisory only.

Over the past several years, the State of New Jersey via the Court System has been approving affordable housing plans that are requiring towns to address their affordable housing obligations. As this is a newer

# **DRAFT**

process, the Community Development Program will work with these towns to see if HOME funds could be used to make housing more affordable within the County. Camden County is very proactive in support of affordable housing. The Community Development Program Office has been instrumental in bringing developers, non-profits agencies, and local government together to discuss, tour and learn about affordable housing. Camden County, through the Improvement Authority, hosts landlord workshops to educate and inform local landlords of voucher programs available in Camden County. Workshops are also used as a forum to bridge barriers to affordable housing for low/moderate income and homeless individuals and families.

# **DRAFT**

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

Whether fostering partnerships among Camden County's various agencies and organizations or looking to continue to develop the County's own staff or keeping on top of the latest tools to combat lead-based paint poisoning and the cycle of poverty, the County's Community Development Program will continue going beyond minimum requirements and basic expectations for one simple reason – so many of our County's most vulnerable residents deserve no less.

### **Actions planned to address obstacles to meeting underserved needs**

Continued vigilance for opportunities to link, leverage and otherwise expand resources for the County and its many partners.

### **Actions planned to foster and maintain affordable housing**

The County works to leverage as many potential sources of funding in order to increase the supply of affordable housing. One of the primary tools used to finance affordable housing is the Low Income Housing Tax Credit (LIHTC) program. The New Jersey Housing and Mortgage Finance Agency administers this and other programs to support housing within the State.

### **Actions planned to reduce lead-based paint hazards**

The County Home Improvement Program ("HIP") tests for and abates lead, as needed, on all HIP projects. Over the years the HIP program assists an estimated five homes per year with significant lead abatement. In addition, the Camden County Department of Health handles a large portion of the lead cases within the County. This will continue in the near future and cases will comply with State and Federal regulations as needed.

### **Actions planned to reduce the number of poverty-level families**

Camden County will continue efforts to implement anti-poverty strategies for the citizens of the County in the upcoming year. The County will strive to increase its efforts in assisting homeowners and renters with housing rehabilitation and renovation of affordable housing to decrease the financial burden on low-to-moderate-income persons.

The County will provide assistance to low and moderate-income persons through the following strategies:

- Provide homeowners with housing repair assistance through the Housing Rehabilitation

# **DRAFT**

program;

- Assist first time homebuyers with down payment assistance to reduce some of the housing burden.
- Continue to support the purchase and rental of housing units to allow low to moderate income families and individuals to live within the County.
- Work with our homeless outreach team to rapidly rehouse or try to find housing for homeless individuals; and
- The County will continue to implement Section 3 policy as necessary.

Through the initiatives described above, and in cooperation with the agencies and nonprofit organizations noted, the CDBG Program Office will continue to assist low and moderate-income persons of Camden County over the next year.

## **Actions planned to develop institutional structure**

The County's Community Development Program has relationships in several different levels of partnerships - government, local municipalities, private developers and businesses and public service agencies. Through these relationships it can help create bridges between these different communities which may not have much opportunity to interact. The County can introduce affordable housing developers to municipal leaders, it can provide advice to municipal leaders on the real impact of affordable housing and it can connect housing developers and public service providers so they can work together to address their clients housing needs. These are just a few examples of the ways the County can bring parties together.

## **Actions planned to enhance coordination between public and private housing and social service agencies**

Coordination between providers is essential to improve the conditions and address gaps in services for Camden County residents. Actions planned to enhance coordination between public and private housing and social service agencies include:

- Provide CDBG funds to eligible projects for housing and social services.
- Encourage agencies to work together to apply for CDBG funds to leverage resources to the fullest extent.
- Continue working with the Community of Care Network (CCN) to address issues of poverty and homelessness.
- Distribute program information to local organizations through the CCN so that service providers can make materials available to their clients.
- Collaborate with developers to apply for State Housing funds for additional affordable housing

# **DRAFT**

options.

- Host meetings and events for housing and social service agencies to network and build capacity.
- Offer referrals to organizations that would benefit from the leadership, programs, services or collaboration with other organizations.

## **Discussion**

Performance monitoring is an important component in the long-term success of the County's Community Development Program. The County has developed standards and procedures for ensuring that the recipients of CDBG funds meet the regulations and that funds are disbursed in a timely fashion. The County has promulgated sub-recipient monitoring procedures and developed checklists to ensure that each activity is completed in a manner consistent with the requirements of the Community Development Block Grant Program.

Staff regularly monitors the progress of every activity to ensure timeliness. Municipal projects and sub-recipients are held to a performance schedule through contract obligations. When these milestones are not met, staff works closely with the municipality to get the project back on track or reallocate the funds.

The standards and procedures for monitoring are designed to ensure that:

- Objectives of the National Affordable Housing Act are met,
- Program activities are progressing in compliance with the specifications and schedule for each program, and
- Recipients are in compliance with other applicable laws, implementing regulations, and with the requirements to affirmatively further fair housing and minimize displacement of low income households.

# **DRAFT**

## **Program Specific Requirements**

### **AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)**

#### **Introduction**

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table.

#### **Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)**

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

- |  |          |
|--|----------|
| 1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed  | 0        |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. | 0        |
| 3. The amount of surplus funds from urban renewal settlements  | 0        |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan   | 0        |
| 5. The amount of income from float-funded activities   | 0        |
| <b>Total Program Income:</b>   | <b>0</b> |

#### **Other CDBG Requirements**

- |   |         |
|---|---------|
| 1. The amount of urgent need activities   | 0       |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. | 100.00% |

#### **HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)**

1. A description of other forms of investment being used beyond those identified in Section 92.205 is

# **DRAFT**

as follows:

Camden County will not use other forms of investment beyond those identified in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Per 24 CFR 92.150, Camden County has established recapture guidelines for the operation of the HOME-funded homeownership programs. The guidelines are to be adhered to for all homeownership programs administered by the County or any designee, including subrecipients and Community Housing Development Organizations (CHDOs).

The guidelines are based on 24 CFR 92.254 (a)(4)(ii), which stipulates the conditions for recapture of the HOME investment used to assist low-income families acquiring a home. Two factors that are important in developing the guidelines are the fair return to the buyer at the time of sale as well as ensuring that the homeowner was not in a negative equity position. It is also important to realize that there are two forms of subsidy; a subsidy on the development cost of a project which brings the total project cost down to the market value of the house to be sold, and a subsidy to the homebuyer that lowers the cost of the house from the market value to a price affordable to the buyer. These factors along with other policies determine the amount of HOME funds to be recaptured.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

## Homebuyer/Recapture

Camden County will use the recapture provision to secure the affordability when a homebuyer receives assistance under the HOME Program. If the property is sold after the period of affordability has expired, there are no restriction in terms of recapture of HOME funds that apply to such a transaction. However, if the sale occurs before the period of affordability has expired, certain regulatory limitations apply.

It is the policy of Camden County, wherever possible, to recapture the appropriate amount of the HOME investment rather than restricting the sale to a qualified low income family that will use the property as its principle residence. The guidelines for recapture for the homebuyer program that Camden County has established are as follows:

- 1- Camden County will require that a mortgage be placed on the property in its favor for the full amount of the HOME investment.
- 2- Upon sale of the home by the home assisted household, Camden County will recapture the

# **DRAFT**

HOME investment from the net proceeds of the sale.

3- In the event of foreclosure of the property during the restricted period, the County will share in the net proceeds of the sale of the property, up to the amount of the HOME investment. If the net proceeds are insufficient to repay the full amount of the HOME subsidy, the County will consider the shared proceeds as full repayment.

4- HOME funds that are recaptured by Camden County will be returned to the letter of credit for other HOME-eligible activities.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Not Applicable- HOME funds in Camden County cannot refinance existing debt secured by multifamily housing.

## **Emergency Solutions Grant (ESG)**

1. Include written standards for providing ESG assistance (may include as attachment)

The County of Camden has been working with the Policies and Procedures developed for Community Planning and Advocacy Council (CPAC) as the foundation and the written standards for the provision of ESG assistance. These Policies and Procedures are being evaluated periodically to ensure their effectiveness and changes are made to meet the ESG requirements. It is anticipated that the County in collaboration with the CoC will evaluate program results and that the policies and procedures will change to reflect needs and future direction for the use of ESG funds.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Homeless Network Planning Council, Camden County Continuum of Care, as a member of the Southern New Jersey CoC, is in the process of developing a centralized and coordinated assessment system in preparation for HEARTH. At this point, a centralized assessment is in draft form for trial use and has not been approved however, the HNPC and SNJCoC anticipates finalizing the assessment and system within the next 12 months.

3. Identify the process for making sub-awards and describe how the ESG allocation available to

# **DRAFT**

private nonprofit organizations (including community and faith-based organizations).

Emergency Solutions Grant funds will be awarded to community agencies through a request for proposals. Notification of available funding will be posted on the HNPC website as identified in public notice published in the Courier Post and distributed to organizations participating in the continuum of care and other county planning processes via email. Potential applicants are directed to Emergency Solutions Grant interim regulations for a full scope of eligible activities and target populations HNPC accept applications for ESG funds. Proposals will be evaluated on agency experience, capacity, proposed activities, target population, and anticipated level of service. Emergency Solutions Grant funding recommendations are made by the homeless Network Planning Council to the HSAC for approval the Camden County Board of Chosen Freeholders then ratifies the decision. Local units of government generally do not apply for such funds. The funding is distributed to social service providers who make their programs available to residents of all participating jurisdictions within the County.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The HNPC Board has added persons who are homeless or formerly homeless to the decision-making body.

5. Describe performance standards for evaluating ESG.
  - 80% of persons in permanent housing programs remain stable for 6 months or longer.
  - 70% of persons in existing transitional housing programs exit to permanent housing.
  - 30% of persons exiting shelter exit to permanent housing.
  - 30% of persons entering the homeless housing and services system (service, temporary shelter, permanent housing) exit programs with employment income.
  - Prevention services financial assistance is provided for eligible households within 14 days of program enrollment.
  - Eligible households move into permanent housing within 2 months of enrollment in rapid re-housing programs.
  - 100% of households seeking assistance through the homeless housing and service system are screened for eligibility in all programs available in Camden County.
  - 80% of households enrolled in homeless assistance programs complete a housing stabilization program.
