GENERAL 06.00 DUAL EMPLOYMENT

I. PURPOSE

The purpose of this policy is to establish a means to evaluate and administer the type and extent of Secondary Employment, as well as Extra-Duty assignments, in which employees of the Camden County Sheriff's Office participate.

II. POLICY

It is the policy of the Camden County Sheriff's Office to establish fair and equitable procedures for the assignment of sworn personnel to provide extra-duty police services to individuals, companies, or organizations, and to specify regulations governing the conduct of the personnel performing these services. It is also the policy of the Camden County Sheriff's Office to establish procedures for non-law enforcement secondary employment. Of paramount significance to all employees is the understanding that employment as a sworn law enforcement officer within this agency is the member's primary occupation. All personnel must receive permission from the Sheriff, or his designee, to engage in any and all types of secondary employment/extra-duty. The Sheriff has the sole discretion to authorize or deny all secondary employment and extra-duty details.

III. DEFINITIONS:

- **Non-Law Enforcement Secondary Employment:** Any form of employment, including self-employment, during the hours when the employee is off duty, where the employment capacity is not predicated upon the employee's authority as a sheriff's officer, and where there is no law enforcement affiliation and/or function. This type of work includes, but not limited to, retail sales, any trades (roofer, plumber, mechanic, electrician, etc.) consulting, other professions (accounting, teacher, etc.) or in any self-employed capacity.

An officer, who accepts employment from a private entity and is placed on the entities' "payroll" and is remunerated via a W-2, is not subjected to the Private Detective Act of 1939, N.J.S.A. 45:19-8 et seq. Therefore, he/she now becomes an employee of that entity and is not acting in an official police capacity. They are also no longer "covered" by their Camden County Employment benefits.

It is vital to note that a sheriff's officer is prohibited by the Act from applying for or obtaining a "Private Detective License" while actively employed as a sheriff's officer.

- **Officer Extra-Duty Detail:** The employment of a sheriff's officer employee, at their own option, to perform additional duty for a separate or independent employer, during the hours when the employee is not on regular duty. In a capacity that requires the employee to wear the Camden County Sheriff's Office uniform, and/or in a capacity where the uniform is not worn but where the purpose of the extra-duty assignment is either predicated upon the employee's authority as a sheriff's officer or where employment is controlled by the guidelines promulgated by the Private Detective Act of 1939.
- **Extra Duty Coordinator:** The Sheriff's designee(s) shall administer Extra-Duty assignments by conducting certain functions to assure the efficiency and fairness of all Extra-Duty assignments. **Any and all sheriff's officers of the Camden County Sheriff's Office are prohibited from performing any Extra-Duty Details not directly assigned by the Sheriff of Camden County. Any officer violating this order will be subject to immediate disciplinary charges up to and including termination.**
- **The Extra-Duty Coordinator will perform the following duties:**
 1. To receive, review, and forward all requests for extra-duty details to the Sheriff/designee for final approval.
 2. Create and maintain an "Availability List" of all officers and superiors wishing to participate in extra-duty details.
 3. To review all extra-duty details and assign such details to personnel in a fair and equitable manner.
 4. Serve as a liaison between extra-duty employers and members of the sheriff's office participating in the extra-duty assignments and exercise administrative control.
 5. Review all requests for extra-duty to assure that officers shall not be assigned to any type of work that is prohibited.
 6. Monitor the extra-duty assignments, to ensure that established policy and procedures are followed, along with completing all relevant reports pertaining to extra-duty assignments.

7. Report to the Sheriff on all matters concerning extra-duty assignments.

IV. VOLUNTARY SIGN-IN

Officers wishing to be eligible to work extra-duty assignments for the upcoming year, must submit a request in writing (email) to the secondary employment coordinator between December 15th and December 31st of the preceding year. Officers who do not request to work extra-duty assignments will be ineligible for the entire year. Officers submitting a request to work the forthcoming year acknowledge that their decision to work extra-duty assignments is binding for the entire year. Any officer who volunteers to work extra-duty assignments further acknowledges that they may be ordered to work an extra-duty assignment, if no officers apply for an open assignment(s). The secondary employment coordinator /designee will maintain an "Ordered Officers List," comprised only of officers who requested to be eligible to work extra-duty assignment. The ordered officers list will follow the seniority list, with the least senior officers appearing at the top of the list and descending according to seniority. Once an officer is ordered, their name will be rotated from the top of the list to the bottom of the list and they will not be ordered to work another extra-duty assignment until the entire list has been exhausted. Whenever possible, extra-duty assignments will be posted two weeks ahead of time and the ordering of officers to work extra-duty assignments will be made as soon as practicable. Additionally, all officers volunteering to work extra-duty acknowledge that they are required to answer their phones within 30 minutes whenever an emergent call is placed.

V. ASSIGNMENTS

All available extra-duty assignments will be posted to all eligible officers for their consideration to apply for the assignment(s). Eligible officers will voluntarily apply for the available positions through the scheduling software system. Assignments will be strictly awarded through the "fairness rotation" of the scheduling software system. Each officer will be responsible for removing themselves from the eligibility list if they decide that they are no longer interested in working an extra-duty detail; this only applies to the eligibility list and not assignment list. (see section X. 5 for withdraw from assignments)

- The aforementioned schedule list will operate as follows:
 1. All members will have their name depicted on said list with the office, including supervisors wishing to work extra-duty that do not distinguish between superiors and officers.
 2. Officer will complete an availability list depicting each day and the hours the officer is available for extra- duty assignments.
 3. Extra-Duty assignments will be assigned from the availability list in an equitable manner.
 4. Whenever possible, extra-duty assignments will be scheduled the week prior to the assignment.
 5. The assignment list will be posted and updated weekly.
 6. Superiors wishing to work extra-duty assignments that require supervision of sheriff's officers during the extra-duty assignment will have their own list separate from officers. Said list will operate exactly as the aforementioned list.
 7. Whenever a "short notice" extra-duty assignment arises, the scheduling officer(s) will make every attempt to utilize the next officer from the "Availability list."

The information to be entered shall include the date of assignment, officer's name, location of assignment, and actual hours worked. Officers shall be responsible for ensuring that the information

contained on all forms/documents is accurate.

Any officer assigned an extra-duty detail shall complete all required paperwork and submit it to the Extra-Duty Coordinator on the next business day. The documents may be utilized by the County to generate payroll information and to accept, review, authorize and submit all pay vouchers to the finance division for payment for extra-duty details.

VI. PROCEDURES AND APPROVAL FOR SECONDARY EMPLOYMENT

Any officer desiring to engage in secondary employment (non-law enforcement) shall submit a "Request for Secondary Employment" form through the regular Chain of Command. The "Request for Secondary Employment" shall include the employer/company's name, nature/type of work, and hours of operation. No officer will engage in secondary employment prior to receiving approval from the Sheriff/designee.

- The Sheriff/designee will then distribute the completed final "Request for Secondary Employment" forms as follows:
 1. Originals – to the applicant's personnel file
 2. First copy – to the applicant
 3. Second copy – to the applicant's Commanding Officer
