REPORT OF AUDIT OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2018

INDEPENDENT AUDITOR'S REPORT

The Honorable Director and
Members of the County Board of Chosen Freeholders
County of Camden
Camden, New Jersey 08102

Report on the Financial Statements

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the County of Camden, State of New Jersey, as of December 31, 2018 and 2017, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

As described in note 1 to the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

In our opinion, because of the significance of the matter discussed in the "*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County of Camden, State of New Jersey, as of December 31, 2018 and 2017, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the County of Camden, State of New Jersey, as of December 31, 2018 and 2017, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2018, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

Emphasis of Matter

Adoption of New Accounting Principles

As discussed in note 1 to the financial statements, during the year ended December 31, 2018, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The adoption of this new accounting principle resulted in a material note disclosure (see note 9). As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of this Statement only required financial statement disclosures. Our opinions are not modified with respect to this matter.

Other Matters*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplemental statements and schedules presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules described in the previous paragraph are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2019 on our consideration of the County of Camden, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Camden's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Camden's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable Director and
Members of the County Board of Chosen Freeholders
County of Camden
Camden, New Jersey 08102

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the County of Camden, State of New Jersey, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated August 28, 2019. That report indicated that the County of Camden's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting pronouncement.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Camden's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Camden's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Camden's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Camden's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**COUNTY OF CAMDEN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2018**

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - The County of Camden, formerly part of Gloucester County, was established in 1844. The County, approximately 222 square miles in area, is in the southwestern part of the State of New Jersey along the east bank of the Delaware River opposite Philadelphia, Pennsylvania. The counties of Burlington, Atlantic and Gloucester border the County on, respectively the northeast, southeast and southwest, with the Delaware River forming the western border of the County.

The County operates under the freeholder form of government. The Board of Chosen Freeholders consists of seven freeholder members elected at-large for three-year terms on a staggered basis. Each year, the board elects one of the Freeholders to serve as Freeholder Director. The Freehold Director appoints Freeholders to be in charge of various committees. The Board, operating through the committee system, is charged with both executive and legislative responsibilities for: (1) formulating policies; (2) developing new programs; (3) appointing members of the various County commissions, authorities and boards; (4) approving the County's operating and capital budgets; and (5) appropriating the funds required from the thirty-seven municipal subdivisions of the County to maintain all County services.

The County Administrator, appointed by the Board, oversees the daily governmental operations. Each major department is headed by an administrator who acts as liaison to the Freeholder overseeing such department's operations. Financial matters are under the supervision of the County's Chief Financial Officer.

Component Units - The financial statements of the component units of the County are not presented in accordance with Governmental Accounting Standards Board (GASB) Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. If the provisions of the aforementioned GASB Statements had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the County, the primary government:

Measurement Focus, Basis of Accounting and Financial Statement Presentation - The financial statements of the County contain all funds and account groups in accordance with the *Requirements of Audit* (the “*Requirements*”) as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the County accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

General Fixed Asset Group of Accounts - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Budgets and Budgetary Accounting - The County must adopt an annual budget in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the County to introduce and approve the annual budget no later than January 26 of each year. At introduction, the County shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the county. The public hearing must not be held less than eighteen days after the date the budget was introduced. After the hearing has been held, the County may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the County requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The County has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The County is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the County's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Fund Balance - Fund Balance included in the current fund represents amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the County's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the County's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the County which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Every municipality in the county is responsible for levying, collecting and remitting county taxes for the County of Camden. Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1 and are due and payable to the County of Camden by February 15, May 15, August 15, and November 15. Operations for every municipality are charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations for every municipality are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal and interest payments on outstanding general capital debt are provided on the cash basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital fund.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

For the year ended December 31, 2018, the County adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of adopting Statement No. 75, the County was required to measure and disclose liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to their postemployment benefits plan. As a result of the regulatory basis of accounting previously described in note 1, the implementation of this Statement only required financial statement disclosures. There exists no impact on the financial statements of the County.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the County's deposits might not be recovered. Although the County does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized as noted below.

As of December 31, 2018, the County's bank balances of \$261,119,216.82, \$3,065,827.83 was uninsured and uncollateralized.

Note 5: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances were recorded on the various statements of assets, liabilities, reserves and fund balance as of December 31, 2018:

<u>Fund</u>	<u>Interfunds Receivable</u>	<u>Interfunds Payable</u>
Current Fund	\$ 2,645,761.28	\$114,188,808.64
Federal and State Grant Fund		1,828,466.59
Trust Other Funds	105,818,340.93	
Trust Open Space Fund	8,370,467.71	
General Capital Fund		817,294.69
	<u>\$116,834,569.92</u>	<u>\$116,834,569.92</u>

The interfund receivables and payables above predominately resulted from collections and payments made by certain funds on behalf of other funds. During the year 2019, the County expects to liquidate such interfunds, depending upon the availability of cash flow.

Note 6: PENSION PLANS

A substantial number of the County's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several County employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This Plan is administered by Prudential Financial for the New Jersey Division of Pensions and Benefits. Each Plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information and detailed information about the PERS and PFRS plan's fiduciary net position which can be obtained by writing to or at the following website:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

General Information about the Pension Plans**Plan Descriptions**

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the County, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Plan Descriptions (Cont'd)**

Police and Firemen's Retirement System - The Police and Firemen's Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. The PFRS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PFRS is mandatory for substantially all full-time police and firemen of the County. The PFRS' Board of Trustees is primarily responsible for the administration of the PFRS.

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Vesting and Benefit Provisions

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A. The PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for PERS:

Tier Definition

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
- 3 Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
- 4 Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
- 5 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Vesting and Benefit Provisions (Cont'd)**

Police and Firemen's Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier Definition

- 1 Members who were enrolled prior to May 22, 2010
- 2 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
- 3 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (P.L. 2001, C. 366) was 10% in State fiscal year 2018. Employers' contribution are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The County's contractually required contribution rate for the year ended December 31, 2018 was 13.93% of the County's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

Public Employees' Retirement System (Cont'd) - Based on the most recent PERS measurement date of June 30, 2018, the County's contractually required contribution to the pension plan for the year ended December 31, 2018 is \$8,395,402.00, and was payable by April 1, 2019. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. Based on the PERS measurement date of June 30, 2017, the County's contractually required contribution to the pension plan for the year ended December 31, 2017 was \$7,839,714.00, which was paid on April 1, 2018. Employee contributions to the Plan during the year ended December 31, 2018 were \$4,635,145.99.

Police and Firemen's Retirement System - The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the active member contribution rate was 10% in State fiscal year 2018. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

Special Funding Situation Component - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The County's contractually required contribution rate for the year ended December 31, 2018 was 28.35% of the County's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Based on the most recent PFRS measurement date of June 30, 2018, the County's contractually required contribution to the pension plan for the year ended December 31, 2018 is \$17,435,769.00, and was payable by April 1, 2019. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. Based on the PFRS measurement date of June 30, 2017, the County's contractually required contribution to the pension plan for the year ended December 31, 2017 was \$15,753,200.00, which was paid on April 1, 2018. Employee contributions to the Plan during the year ended December 31, 2018 were \$6,292,716.01.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the County, for the year ended December 31, 2018 was 3.16% of the County's covered payroll.

Note 6: PENSION PLANS (CONT'D)**General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

Police and Firemen's Retirement System (Cont'd) - Based on the most recent PFRS measurement date of June 30, 2018, the State's contractually required contribution, on-behalf of the County, to the pension plan for the year ended December 31, 2018 is \$1,941,401.00, and was payable by April 1, 2019. Based on the PFRS measurement date of June 30, 2017, the State's contractually required contribution, on-behalf of the County, to the pension plan for the year ended December 31, 2017 was \$1,539,101.00, which was paid on April 1, 2018.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, Plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the County contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the year ended December 31, 2018, employee contributions totaled \$232,672.70, and the County's contributions were \$126,909.84. There were no forfeitures during the year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Public Employees' Retirement System - At December 31, 2018, the County's proportionate share of the PERS net pension liability was \$166,185,905.00. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2018 measurement date, the County's proportion was 0.8440330772%, which was a decrease of 0.0022289951% from its proportion measured as of June 30, 2017.

At December 31, 2018, the County's proportionate share of the PERS pension expense, calculated by the Plan as of the June 30, 2018 measurement date is \$12,585,804.00. This expense is not recognized by the County because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2018, the County's contribution to PERS was \$7,839,714.00, and was paid on April 1, 2018.

Police and Firemen's Retirement System - At December 31, 2018, the County's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

County's Proportionate Share of Net Pension Liability	\$241,329,046.00
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the County	32,780,560.00
	<u>\$274,109,606.00</u>

Note 6: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

Police and Firemen's Retirement System (Cont'd) - The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. For the June 30, 2018 measurement date, the County's proportion was 1.7834415759%, which was an increase of 0.0034561010% from its proportion measured as of June 30, 2017. Likewise, at June 30, 2018, the State of New Jersey's proportion, on-behalf of the County, was 1.7834415759%, which was an increase of 0.0034561010% from its proportion, on-behalf of the County, measured as of June 30, 2017.

At December 31, 2018, the County's proportionate share of the PFRS pension expense, calculated by the Plan as of the June 30, 2018 measurement date is \$31,295,670.00. This expense is not recognized by the County because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2018, the County's contribution to PFRS was \$15,753,200.00, and was paid on April 1, 2018.

At December 31, 2018, the State's proportionate share of the PFRS pension expense, associated with the County, calculated by the Plan as of the June 30, 2018 measurement date is \$3,882,805.00. This on-behalf expense is not recognized by the County because of the regulatory basis of accounting as described in note 1.

Deferred Outflows of Resources and Deferred Inflows of Resources - At December 31, 2018, the County had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
	PERS	PFRS	Total	PERS	PFRS	Total

Actuarial Assumptions

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>PERS</u>	<u>PFRS</u>
Inflation Rate	2.25%	2.25%
Salary Increases:		
Through 2026	1.65% - 4.15% Based on Age	2.10% - 8.98% Based on Age
Thereafter	2.65% - 5.15% Based on Age	3.10% - 9.98% Based on Age
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial		
Assumptions were Based	July 1, 2011 - June 30, 2014	July 1, 2010 - June 30, 2013

Note 6: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

For PERS, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent modified 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For PFRS, preretirement mortality rates were based on the RP-2000 Combined Healthy Mortality tables projected on a generational basis from the base year of 2000 to 2013 using Projection Scale BB and the Conduent modified 2014 projection scale thereafter. For preretirement accidental mortality, a custom table with representative rates was used and there is no mortality improvements assumed. Post-retirement mortality rates for male service retirements are based the RP-2000 Combined Healthy Mortality Tables projected on a generational basis using Projection Scale AA from the base year of 2012 to 2013 and the Conduent modified 2014 projection scale thereafter. Postretirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected on a generational basis from the base year 2000 to 2013 using Projection Scale BB and the Conduent modified 2014 projection scale thereafter. Disability mortality rates were based on a custom table with representative rates and no mortality improvements assumed.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Note 6: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	5.00%	5.51%

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2018 was 5.66% for PERS and 6.51% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension Plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current Plan members through 2046 for PERS and through 2062 for PFRS; therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments through 2046 for PERS and through 2062 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

Note 6: PENSION PLANS (CONT'D)**Sensitivity of County's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

Public Employees' Retirement System (PERS) - The following presents the County's proportionate share of the net pension liability at June 30, 2018, the Plan's measurement date, calculated using a discount rate of 5.66%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	PERS

Police and Firemen's Retirement System (PFRS) - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the County's annual required contribution. As such, the net pension liability as of June 30, 2018, the Plan's measurement date, for the County and the State of New Jersey, calculated using a discount rate of 6.51%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS and PFRS, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.nj.gov/treasury/pensions/financial-reports.shtml>.

Changes in Assumptions

The Discount Rate changed at June 30th over the following years, 5.39% 2014, 4.90% 2015, 3.98% 2016, 5.00% 2017 and 5.66% 2018.

The Long-term Expected Rate of Return changed at June 30th over the following years, 7.90% 2014 and 2015, 7.65% 2016, 7.00% 2017 and 2018.

For 2016, demographic assumptions were revised in accordance with the results of the July 1, 2011 - June 30, 2014 experience study and the mortality improvement scale incorporated the Plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter.

For 2015, the social security wage base was set at \$118,500.00 for 2015, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$265,000.00 for 2015, increasing 3.00% per annum, compounded annually.

The Discount Rate changed at June 30th over the following years, 6.32% 2014, 5.79% 2015, 5.55% 2016, 6.14% 2017 and 6.51% 2018.

The Long-term Expected Rate of Return changed at June 30th over the following years, 7.90% 2014 and 2015, 7.65% 2016, 7.00% 2017 and 2018.

For 2016, the mortality improvement scale incorporated the Plan actuary's modified 2014 projection scale. Further, salary increases were assumed to increase between 2.10% and 8.98% (based on age) through fiscal year 2026 and 3.10% and 9.98% (based on age) for each fiscal year thereafter.

For 2015, demographic assumptions were revised in accordance with the results of the July 1, 2010 - June 30, 2013 experience study.

Note 7: COMPENSATED ABSENCES

County employees are entitled to paid sick leave each year. The various Union contracts and or years of service define the number of sick leave days that can be earned. Accumulated sick leave may be carried forward until retirement. Unused sick benefits may be paid upon retirement. Union contracts define which employees are entitled to receive compensation for unused sick leave and the rate of pay at which they will be paid.

Unused vacation days for the year may be accumulated and carried forward up to a maximum of one year allowed vacation time.

All full time union employees are entitled to time off (Comp-Time) in lieu of receiving pay for overtime worked at the rate of one and one half hours for every hour worked.

Unused Comp-Time may be accumulated and carried forward indefinitely and upon termination or retirement must be paid in full at the employees' current rate of pay.

The County has established a Compensated Absences Trust Fund to set aside funds for future payments of compensated absences. At year end the balance of the fund was \$897,405.90. It is estimated that at December 31, all accrued time is valued at \$13,203,453.11 which is a net increase of \$1,083,560.52 from last year.

Note 8: DEFERRED COMPENSATION SALARY ACCOUNT

The County offers its eligible employees two Deferred Compensation Plans in accordance with Internal Revenue Code Section 457, which have been approved by the Division of Local Government Services. The first plan is a contributory plan available to all eligible employees at their option. The second plan is a contributory plan available only to employees who work for Camden County One Stop and are not eligible to join the PERS system. These plans permit the employees to defer a portion of their salaries to future years. The amounts so deferred are not available to the employees until termination, retirement, death or unforeseeable emergency.

The County also offers the employees of Camden County One Stop, a non-contributory Variable Defined Contribution Plan in order to give those employees who cannot belong to the PERS system benefits similar to the other employees. This plan consists of contributions made by the employer on behalf of the employees at the same rate as if they were members of the PERS system. The contributions are not vested until the fifth year of participation.

All deferred compensation plan assets, including those deferred under Section 457, must be held in trust for the exclusive benefit of participating employees and not be accessible by the County or its creditors. Since the County does not have a fiduciary relationship with any of these Plans, the balances and activities of the Plans are not reported in the County's financial statements.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan Description and Benefits Provided - The County provides postretirement health care benefits through a health plan for retirees, which includes a medical and prescription plan (the "County Plan"). The County provides a single employer post-employment healthcare plan, which is not administered through a trust that meets the criteria in paragraph 4 of the GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*, and covers the following retiree population: employees retiring with twenty-five (25) or more years of service with Camden County and/or affiliated organizations and twenty-five (25) or more years of service credit in a state or locally administered retirement system, and employees retiring on an accidental disability pension, to receive fully paid health and prescription benefits. The County Plan also allows employees retiring at age 62 or older with at least fifteen (15) years of service with Camden County and/or affiliated organizations; or retiring with at least ten (10) years of service with Camden County and/or affiliated organizations and twenty-five (25) or more years of service credit in a state or locally administered retirement system; or retiring on an ordinary disability pension, to receive health and prescription benefits subject to a variety of co-pays based on years of service and respective retirement system. The benefit provisions of the plans that participate may be established or amended by the respective employer entities; for the County Plan that authority rests with the Board of Chosen Freeholders. The plan does not issue a separate financial report.

Employees Covered by Benefit Terms - As of December 31, 2018, the most recent actuarial valuation date, the following employees were covered by the benefit terms:

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**Actuarial Assumptions and Other Inputs (Cont'd)** - Mortality rates were based on the following:

Pre-Retirement - Pub-2010 Headcount-Weighted Employee Mortality Table with Fully Generational Mortality Improvement Projections with Scale MP-2018

Post-Retirement - Pub-2010 Headcount-Weighted Healthy Annuitant Mortality Table with Fully Generational Mortality Improvement Projections with Scale MP-2018

An experience study was not performed on the actuarial assumptions used in the December 31, 2018 valuation since the Plan had insufficient data to produce a study with credible results. Mortality rates, termination rates and retirement rates were based on standard tables issued by the Society of Actuaries. The actuary has used their professional judgement in applying these assumptions to this Plan.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**General Information about the OPEB Plan**

Plan Description and Benefits Provided - The County provides postemployment benefits to its retirees through a separate plan described above. In addition, the State of New Jersey (the "State") provides benefits to certain County retirees and their dependents under a special funding situation as described below.

The State of New Jersey, on-behalf of the County, contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug benefit coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**General Information about the OPEB Plan (Cont'd)**

Contributions - The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members.

Special Funding Situation Component - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997, as disclosed below. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, the County is considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the County does not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the County is required disclose:

- a) the State's proportion (percentage) of the collective net OPEB liability that is associated with the County,
- b) the State's proportionate share of the collective net OPEB liability that is associated with the County, and
- c) the State's proportionate share of the OPEB expense that is associated with the County.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the County, is not known, however, under the Special Funding Situation, the State's OPEB expense, on-behalf of the County, is \$6,129,678.00 for the year ended December 31, 2018 representing 9.97% of the County's covered payroll.

OPEB Liability and OPEB Expense

OPEB Liability - At December 31, 2018 the State's proportionate Share of the Net OPEB liability associated with the County is \$202,492,290.00. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018.

The State's proportion of the net OPEB liability, on-behalf of the County, was based on the ratio of the plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2017 through June 30, 2018. For the June 30, 2018 measurement date, the State's proportion on-behalf of the County was 3.258728% which was an increase of 0.122390% from its proportion measured as of the June 30, 2017 measurement date.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**OPEB Liability and OPEB Expense (Cont'd)**

OPEB Expense - At December 31, 2018, the State's proportionate share of the OPEB expense associated with the County, calculated by the Plan as of the June 30, 2018 measurement date, is \$6,129,678.00. This on-behalf expense is not recognized by the County because of the regulatory basis of accounting as described in note 1.

Actuarial Assumptions

The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2018 used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
----------------	-------

Salary Increases *	
Through 2026	1.65% - 8.98%
Thereafter	2.65% - 9.98%

* Salary Increases are Based on the Defined Benefit Plan that the Member is Enrolled in and his or her Age.

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Certain actuarial assumptions used in the July 1, 2017 valuation were based on the results of the pension plans' experience studies for which the members are eligible for coverage under this Plan – the Police and Firemen Retirement System (PFRS) and the Public Employees' Retirement System (PERS). The PFRS and PERS experience studies were prepared for the periods July 1, 2010 to June 30, 2013 and July 1, 2011 to June 30, 2014, respectively.

100% of active members are considered to participate in the Plan upon retirement.

All of the Plan's investments are in the State of New Jersey Cash Management Fund ("CMF"). The New Jersey Division of Investments manages the CMF, which is available on a voluntary basis for investment by State and certain non-State participants. The CMF is considered to be an investment trust fund as defined in GASB Statement No. 31, *Certain Investments and External Investment Pools*. The CMF invests in U.S. Government and Agency Obligations, Commercial Paper, Corporate Obligations and Certificates of Deposit. Units of ownership in the CMF may be purchased or redeemed on any given business day (excluding State holidays) at the unit cost of value of \$1.00. Participant shares are valued on a fair value basis. The CMF pay interest to participants on a monthly basis.

Discount Rate - The discount rate used to measure the OPEB Liability at June 30, 2018 was 3.87%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**Actuarial Assumptions (Cont'd)**

Health Care Trend Assumptions - For pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend rate is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Sensitivity of the net OPEB Liability to Changes in the Discount Rate

As previously mentioned, the OPEB Plan has a special funding situation where the State of New Jersey pays the County's contributions for certain eligible employees. As such, the proportionate share of the net OPEB liability as of June 30, 2018, the Plans measurement date, calculated using a discount rate of 3.87%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

	1% Decrease (2.87%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
State of New Jersey's Proportionate Share of the Net OPEB Liability Associated with the County	<u>\$ 237,576,995.13</u>	<u>\$ 202,492,290.00</u>	<u>\$ 174,467,559.56</u>

Sensitivity of the net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The net OPEB Liability as of June 30, 2018, the Plans measurement date, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used, is as follows:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share of the Net OPEB Liability Associated with the County	<u>\$ 168,911,029.37</u>	<u>\$ 202,492,290.00</u>	<u>\$ 245,951,428.27</u>

OPEB Plan Fiduciary Net Position

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the respective fiduciary net position of the State Health Benefits Local Government Retired Employees Plan and additions to/deductions from the Plan's respective fiduciary net position have been determined on the same basis as they are reported by the Plan. Accordingly, contributions (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about the Plan, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Net Debt	<u>405,357,497.66</u>
Remaining Borrowing Power	<u>\$350,112,377.47</u>

A revised Annual Debt Statement should be filed by the Chief Financial Officer.

Note 12: DEFEASED DEBT

In prior years, the County defeased certain general obligation bonds by placing the proceeds of new bonds in a separate irrevocable trust fund. The investments and fixed interest earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and therefore removed as a liability from the County's financial statements. As of December 31, 2018, the total amount of defeased debt outstanding, but removed from the County's financial statements, is \$96,250,000.00.

Note 13: INMATE WELFARE FUND

The Camden County Prisoners' Welfare Fund accounts for the receipt and disbursement of funds for prisoners' welfare operations of a general nature, including the accounting for inmates' deposits and commissary functions. Each inmate is charged a user fee of \$35 at the time of admission into the facility. Additionally, after the first week of served time, each inmate's account is charged \$5 rent per day. The Welfare Fund accounts for inmates' wages earned by performing various work functions throughout the correctional facility and charges to inmates for medical visits. The inmate's account is credited at \$1.25 per day for work performed.

The latest audit report for the Inmate Welfare Fund, as of December 31, 2008, indicates a balance due and payable to the County of Camden in the amount of \$1,159,053.32. The balance due is comprised of the user fee, as defined in the preceding paragraph, the medical co-pay inmates are charged for medical visits and the salaries of employees assigned to inmate welfare duties.

The County of Camden financial records do not include a receivable to match the Inmate Welfare Fund payable because the County has deemed the receivable as uncollectible. Future payments from the Inmate Welfare Fund will be recorded as revenue when received.

The County realized revenue as follows:

<u>Year</u>	<u>Revenue Realized</u>	<u>Year</u>	<u>Revenue Realized</u>
2018	None	2013	\$250,000.00
2017	\$250,000.00	2012	250,000.00
2016	250,000.00	2011	250,000.00
2015	250,000.00	2010	500,000.00
2014	250,000.00	2009	800,000.00

Note 14: RESERVE FOR INTEREST REBATE

The Tax Reform Act of 1986 placed restrictions on the investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's fiscal year end.

The County established a reserve account in 1989, in case a rebate payment was required. At December 31, 2018 the County has a reserve balance of \$88,600.05. The County may need to establish additional reserves to fund any actual rebate liability, should the amount exceed the current reserve at the time a final calculation is performed to determine the actual rebate liability.

The amount of contingent liability for rebate may change as a result of future events. Therefore, any potential rebate liability is only an estimate and is not required to be paid or accrued at December 31, 2018.

Note 15: RISK MANAGEMENT/JOINT INSURANCE POOLS

The County is partially self-insured for Medical and Prescription Drug coverages, Property Damage, Automobile/General Liability, Crime and Workers' Compensation, with excess insurance on all coverages. The County and its boards, agencies, authorities and commissions presently purchase insurance or self-insure against risks of damage to persons or property of third parties, workers' compensation claims and claims against public officials through the Camden County Insurance Commission (the "Commission"), established on January 21, 2010, by Board resolution pursuant to N.J.S.A. 40A:10-6. The Commission is governed by three County officials who serve as commissioners and are appointed by the Board. Excess insurance is managed by the New Jersey Counties Excess Joint Insurance Fund, established in March 2010. As of December 31, 2018, member counties in New Jersey include the County, the County of Gloucester, the County of Union, the County of Burlington, the County of Cumberland, the County of Atlantic, the County of Mercer, the County of Hudson, the County of Ocean and the County of Monmouth.

The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability	Motor Vehicles
Liability other than Motor Vehicles	Environmental Impairment Liability
Property Damage other than Motor Vehicles	

Through membership in the New Jersey Counties Excess Joint Insurance Fund, the County receives the following ancillary insurance coverage:

Public Officials Liability/Employment Practices Liability	Medical Professional Liability
Crime	Employed Lawyers Liability
Pollution Liability	

Contributions to the Fund, are due and payable annually and are based on actuarial assumptions determined by the Fund's actuary.

The Funds publish financial reports which can be obtained from the County finance office.

Note 15: RISK MANAGEMENT/JOINT INSURANCE POOLS (CONT'D)

The County also maintains the following self-insurance balances:

The balance in the Reserve for Workers' Compensation Insurance Trust Fund was \$3,222,502.58 at December 31, 2018. The County maintains commercial excess coverage for claim amounts.

The balance of the Reserve for General Liability Insurance was \$9,926,359.11 at December 31, 2018. During 2010 the County joined the New Jersey Counties Excess Joint Insurance Fund to cover claims for general liability. The reserve at year end is available to pay claims.

The balance of the Reserve for Health Benefits Trust Fund was \$47,785,242.13 at December 31, 2018.

The management of the County believes that the above reserves are adequate to meet the needs of the County for the coming year and any additional funding required for claims in excess of the trust fund's reserves will be paid and charged to future budgets.

There have been no settlements that exceed the County's coverage for years ended December 31, 2018, 2017, and 2016.

Note 16: COUNTY GUARANTEES**Authorities of the County**

The County has created three countywide authorities, the Camden County Municipal Utility Authority, the Camden County Improvement Authority and the Pollution Control Financing Authority of Camden County.

The following information applies to each of the Authorities and should be noted: none of the Authorities have the power to levy or collect taxes. The debt issued by any one of the Authorities is neither a debt nor a liability of the State, the County (except to the extent of any deficiency agreement or guarantee), nor any political subdivision of the State, except the respective Authorities.

Camden County Municipal Utilities Authority

The Camden County Municipal Utilities Authority ("CCMUA") is a public body politic and corporate of the State of New Jersey and was originally created as the Camden County Sewerage Authority ("Sewerage Authority") by a resolution of the County Board of Chosen Freeholders ("County Board") adopted December 5, 1967. The Sewerage Authority was reorganized in 1972 as a utilities authority and changed its name to the Camden County Municipal Utilities Authority pursuant to a resolution of the County Board adopted April 13, 1972. The CCMUA operates under the supervision of nine commissioners who are appointed by the County Board for five year staggered terms. The County has entered into a Deficiency Agreement with the CCMUA ("Deficiency Agreement") whereby the County is obligated to pay to the CCMUA any annual charges equal to any deficits in CCMUA revenues necessary to pay or provide for (i) operation and maintenance expenses of the CCMUA's regional sewer system, (ii) principal and interest payments on bonds and notes of the CCMUA in an aggregate principal amount not to exceed \$685,500,000 and (iii) the maintenance of reserves required under the Bond Resolution securing the CCMUA's bonds and notes. The obligation of the County, pursuant to the provisions of the Deficiency Agreement, is a direct and general obligation of the County, and any annual charges are ultimately payable by the County to meet its obligations under the Deficiency Agreement. To date, no payments have been required to be made by the County pursuant to the Deficiency Agreement. The County and the CCMUA may agree to amend the Deficiency Agreement at any time to increase the obligation of the County thereunder.

Note 16: COUNTY GUARANTEES (CONT'D)**Camden County Municipal Utilities Authority (Cont'd)**

The CCMUA owns and operates a sewerage collection and treatment system, which serves all County residents, connected to local sewer collection systems. The CCMUA's system does not include the local sewage collection system of any CCMUA participant, but it owns and operates interceptor sewer lines connecting the local systems to the CCMUA's sewage treatment facilities.

The CCMUA is required to charge and collect service charges for the use of its facilities such that revenues of the CCMUA will at all times be adequate to pay all operating and maintenance expenses, including reserves, insurance, extensions and replacements, and to pay punctually the principal of and interest on any bonds and notes, and to maintain reserves and sinking funds therefore as may be required by the terms of any agreements with the holders thereof.

The CCMUA's debt at December 31, 2018 was \$203,282,027. The County guarantee is limited to \$685,500,000.

Camden County Improvement Authority

The Camden County Improvement Authority ("CCIA") is a public body corporate and politic of the State of New Jersey and was created by a resolution of the County Board of Chosen Freeholders ("the County Board"). The CCIA operates under the supervision of a five member Board who are appointed for five year staggered terms by the County Board. The CCIA has from time to time issued its revenue bonds for projects involving the County and for which the County has a repayment obligation or guaranty.

(1) On August 28, 2003, the CCIA issued \$35,000,000 of County Guaranteed Bond Anticipation Notes, Series 2003. The notes, issued for the purpose of financing certain initial costs of the Crossroads Redevelopment Projects to be constructed in the Township of Pennsauken, were renewed for one year on July 17, 2013 in the amount of \$20,315,000. Upon the notes coming due in 2014, permanent financing was issued. On June 26, 2014 loan revenue bonds were issued in the amount of \$21,000,000.

(2) On October 21, 2004, the CCIA signed a promissory note agreement with the Delaware River Port Authority in the amount of \$1,000,000 for the Cooper River Boathouse project. Subsequently, the CCIA and the County entered into an intergovernmental reimbursement agreement for this note as an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) below.

(3) On December 4, 2008, the CCIA issued \$32,070,000 of County Guaranteed Revenue Bonds, Series 2008. This project is an extension of the 1992 County Lease Program ("Lease Revenue Bonds") to finance construction of various improvements ("Improvements") to existing facilities owned by the County and acquisition of various equipment ("Equipment") for use by the County. The CCIA will lease certain land and the existing improvements thereon (collectively, the "Existing Property") from the County pursuant to a Ground Lease between the County and the CCIA, and the CCIA will then lease the Existing Property, together with the Improvements and Equipment, to the County pursuant to a Lease Purchase Agreement between the CCIA and the County. The Lease Revenue Bonds are payable from, among other things, the basic lease payments to be made by the County under the Lease Purchase Agreement. The Lease Revenue Bonds are also secured by the provisions of a County Guaranty pursuant to which the County has unconditionally guaranteed the payment of the principal of and interest on the Lease Revenue Bonds. This loan was partially refunded during 2016.

Note 16: COUNTY GUARANTEES (CONT'D)

(4) On December 2, 2009, the CCIA issued \$21,110,000 of County Guaranteed Revenue Bonds, Series A. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(5) On December 29, 2010, the CCIA issued \$17,100,000 of County Guaranteed Loan Revenue Bonds, Series A of 2010. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(6) On November 24, 2010, the CCIA issued \$25,000,000 of County Guaranteed Revenue Bonds. This project is for various improvements to the Camden County College including Phase I and Phase II improvements.

(7) On January 15, 2011, the CCIA issued \$26,565,000 of County Guaranteed Loan Revenue Bonds, Series 2011. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(8) On September 15, 2011, the CCIA issued \$5,905,000 of County Guaranteed Revenue Refunding Bonds, Series 2011A to advance refund the Series 2002A bonds.

(9) On August 8, 2012, the CCIA issued \$7,830,000 of County Guaranteed Lease Revenue Bonds, Series 2012. This project is to finance the costs of acquisition and installation of certain energy savings equipment constituting Energy Conservation Measures as part of the Energy Savings Improvement Program being undertaken by the Camden County Technical School.

(10) On September 27, 2012, the CCIA issued \$18,225,000 of County Guaranteed Revenue Refunding Bonds, Series 2012A to advance refund the Series 2003B bonds and a portion of the Series 2004A bonds.

(11) On April 18, 2012, the CCIA issued \$16,255,000 of County Guaranteed Open Space Trust Fund Revenue Refunding Bonds, Series 2012 to advance refund the Series 2003 Open Space Trust Fund Revenue bonds.

(12) On November 5, 2012, the CCIA issued \$5,485,000 of County Guaranteed Loan Revenue Bonds, Series A of 2012. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(13) On November 5, 2012, the CCIA issued \$2,440,000 of County Guaranteed Taxable Loan Revenue Bonds, Series B of 2012. This issue is to permanently finance the Clementon Redevelopment Project.

(14) On November 20, 2012, the CCIA issued \$7,265,000 of County Guaranteed Open Space Trust Fund Revenue Bonds, Series A of 2012. This project is for the purpose of financing the acquisition of various parcels of real property or interests therein and any improvements located thereon for the purpose of providing open space, farmland and historical and recreational preservation areas throughout the County.

(15) On March 27, 2013, the CCIA issued \$12,795,000 of County Guaranteed Revenue Bonds. This project is for various improvements to the Camden County College campus.

(16) On November 26, 2013, the CCIA issued \$38,200,000 of County Guaranteed Loan Revenue Bonds, Series A of 2013. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(17) On December 10, 2014, the CCIA issued \$14,605,000 of County Guaranteed Loan Revenue Bonds, Series A of 2014. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

Note 16: COUNTY GUARANTEES (CONT'D)

(18) On September 17, 2014, the CCIA issued \$18,980,000 of County Guaranteed Lease Revenue Refunding Bonds, Series A of 2014 to advance refund the Series 2005B bonds.

(19) On June 18, 2015, the CCIA issued \$14,655,000 of County Guaranteed Lease Revenue Refunding Bonds, Series 2015 to advance refund the Series 2006 bonds for the Camden County College Project.

(20) On June 18, 2015, the CCIA issued \$12,895,000 of County Guaranteed Lease Revenue Refunding Bonds, Series A of 2015 to advance refund the Series 2006A bonds.

(21) On December 23, 2015, the CCIA issued \$39,240,000 of County Guaranteed Loan Revenue Bonds, Series A of 2015. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above. The CCIA also issued \$17,375,000 of County Guaranteed Loan Revenue Refunding Bonds, Series B of 2015 to currently refund the Series 2005A refunding bonds.

(22) On June 9, 2016, the CCIA issued \$23,615,000 of County Guaranteed Loan Revenue Refunding Bonds, Series A of 2016 to advance refund portions of the Series 2007 and Series 2008 bonds.

(23) On November 17, 2016, the CCIA issued \$59,235,000 of County Guaranteed Loan Revenue Bonds, Series 2016. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(24) On November 15, 2017, the CCIA issued \$20,355,000 of County Guaranteed Loan Revenue Bonds, Series 2017A. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

(25) On November 15, 2017, the CCIA issued \$24,510,000 of County Guaranteed Loan Revenue Refunding Bonds, Series B of 2017 to advance refund portions of the Series 2013 loan revenue bonds.

(26) On June 20, 2018, the CCIA issued \$13,535,000 of County Guaranteed Loan Revenue Bonds, Series 2018. This project is an extension of the 1992 County Lease Program and the structure and arrangements are essentially the same as those discussed in paragraph three (3) above.

In addition to the above projects, the County has provided a guaranty for the payment of principal and interest on \$1,007,345 of County Guaranteed Revenue Bonds, The Battleship of New Jersey Project, Series 2015 and \$4,665,000 of County Guaranteed Revenue Bonds, Camden Stadium Project, Series 2015. These issues are to be paid by sources other than County, but have a County guaranty.

The CCIA has never failed to make a timely payment of the principal of and/or interest on any of the Bonds described above.

Note 17: COUNTY RECEIVABLES

On July 15, 1993, the CCIA issued \$2,140,000.00 Revenue Bonds, Series 1993 C, dated July 1, 1993 (the "1993 C Bonds"). The 1993 C Bonds were issued to provide funds to purchase a general obligation bond of the County of Camden (the "1993 County Bond"), which in turn was issued to provide funds to loan the City of Camden Redevelopment Agency as part of an overall plan to redevelop the City's downtown area. The 1993 C Bonds are payable from payments to be received by the CCIA from the County on the 1993 County Bond.

As stated above, the 1993 C Bonds are payable from payments to be received by the CCIA from the County on the County Bonds. The Loan to the City of Camden Redevelopment Agency was secured by a Note totaling \$114,260.00. The note matured December 2003 and had an interest rate of 7.10%. The accumulated interest on the note as of December 31, 2003 is \$18,268.23.

Note 18: CONTINGENT LIABILITIES**Pollution Control Financing Authority of Camden County**

Pursuant to the New Jersey Pollution Control Financing Law, constituting Chapter 376 of the Pamphlet Laws of 1973 of the State of New Jersey (N.J.S.A. 40:37C-1 et seq.), as amended and supplemented ("Pollution Control Law"), and the Solid Waste Management Act, constituting Chapter 39 of the Pamphlet Laws of 1970 of the State of New Jersey (N.J.S.A. 13:1E-1 et seq.), as amended and supplemented ("Solid Waste Management Act"), the State Legislature initiated a comprehensive statutory mechanism for the management of solid waste disposal in the State. Subsequently, as a result of certain rulings, the management of solid waste disposal within the State changed. See "The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit" below.

Acting pursuant to the Pollution Control Law, the Board established the Pollution Control Financing Authority of Camden County ("PCFA") which implemented a County-wide solid waste disposal and resource recovery system, consisting of two primary components.

The first component is a 1,050 ton-per-day mass burn, waste-to-energy, facility, located in Camden City ("Resource Recovery Facility"). The Resource Recovery Facility was constructed and is owned and operated by Camden County Energy Recovery Associates, L.P. ("Partnership"), a New Jersey limited partnership. Prior to August 19, 2013, the general partner of the Partnership was a second-tier wholly-owned subsidiary of Foster Wheeler Ltd. On August 19, 2013, the prior general partner sold its partnership interest in the Partnership to a subsidiary of Covanta Energy Corporation.

Two solid waste franchises were granted by the New Jersey Department of Environmental Protection ("NJDEP"), which franchises, when granted, collectively required the disposal and processing of the municipal solid waste generated in each municipality within the County to occur at the Resource Recovery Facility and the Landfill (as hereinafter defined). The disposal and processing of the solid waste generates electrical energy, which is sold by the Partnership to an electric utility pursuant to a power purchase agreement. The second component is the Pennsauken Sanitary Landfill ("Landfill") where disposal of bypass waste and residue from the operation of the Resource Recovery Facility and disposal of construction and demolition waste take place.

The Financing of the Solid Waste Management System of the County

In order to finance the infrastructure required to implement the County's solid waste management system, including the construction of the Resource Recovery Facility, several series of bonds were previously issued by the PCFA, all of which have been fully amortized or paid. Accordingly, there are no remaining outstanding debt obligations of the PCFA related to the implementation of the County's solid waste management system.

Notwithstanding the foregoing, the PCFA has specific ongoing reimbursement obligations pursuant to and in accordance with that certain Emergent Funding and Reimbursement Agreement, dated November 29, 2010, between the PCFA and the State, acting by and through the NJDEP ("Reimbursement Agreement").

Pursuant to the Reimbursement Agreement, the PCFA was permitted to utilize certain unrestricted and restricted funds of the PCFA, and the State agreed to appropriate and provide certain monies to the PCFA, in an amount sufficient to pay the final principal payment and interest due on the PCFA's then-outstanding solid waste resource recovery revenue bonds ("Remaining Bond Payment"). Specifically, pursuant to the Reimbursement Agreement: (i) the PCFA utilized \$1,550,305.55 of available funds in its bond indenture accounts; (ii) the PCFA utilized \$3,449,694.45 of its unrestricted funds; (iii) the State provided \$2,100,000 in funds to the PCFA from funds made available pursuant to an appropriation in the Fiscal Year 2011 Appropriations Act; and (iv) pursuant to an administrative consent order executed by the Commissioner of the NJDEP, dated November 29, 2010, the PCFA was permitted to utilize \$10,106,062.50 from its Statutory Escrow Accounts ("Statutory Accounts") and \$8,000,000 from its

Note 18: CONTINGENT LIABILITIES (CONT'D)**Pollution Control Financing Authority of Camden County (Cont'd)****The Financing of the Solid Waste Management System of the County (Cont'd)**

Board of Public Utilities Closure Account ("BPU Closure Account" and together with the Statutory Accounts, the "Restricted PCFA Funds"), for the purpose of making the Remaining Bond Payment.

As a condition to the utilization of the Restricted PCFA Funds, the terms and provisions of the Reimbursement Agreement require the PCFA to provide annual reimbursement to the Restricted PCFA Funds of the amounts previously withdrawn, together with accrued interest thereon ("Total Reimbursement Amount"), in whole or in part, as applicable, by depositing certain available funds of the PCFA (including certain appropriations made by the State, if available) back into the PCFA Restricted Funds over a term of years ("NJDEP Reimbursement"). Specifically, the PCFA is required to include in its annual budget, beginning with its budget for fiscal year 2011, an amount equal to the "Estimated Net Available Funds" of the PCFA, which includes the estimated funds available for the reimbursement of the Restricted PCFA Funds, calculated as the estimated total annual gross receipts, revenues and proceeds estimated to be received by the PCFA from operations, dispositions or any other source, less all anticipated expenditures for such fiscal year, including, without limitation, all operating costs, payments on indebtedness, general and administrative expenses, and all reserves of the PCFA. On December 31 of such year, the PCFA is required to deposit into the Restricted PCFA Funds the actual amount of funds then available, together with any available appropriations made by the State to the PCFA in such year, for purposes of paying all or a portion of the Total Reimbursement Amount. Any amounts due and owing relative the Total Reimbursement Amount shall be carried over into the subsequent year until such time as the Total Reimbursement Amount is paid in full (anticipated within five (5) years from 2011).

The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit

On May 1, 1997, in Atlantic Coast Demolition & Recycling, Inc. v. Board of Chosen Freeholders of Atlantic County, 112 F.3d. 652 (3d Cir. 1997), the United States Court of Appeals for the Third Circuit held that New Jersey's solid waste management system unconstitutionally discriminates against out-of-state operators of waste disposal facilities and, therefore, violates the Commerce Clause of the United States Constitution. Certain parties in the Atlantic Coast litigation filed a petition for writ of certiorari with the United States Supreme Court seeking a review of the decision of the Third Circuit. On November 10, 1997, the United States Supreme Court denied the petition for writ of certiorari.

Based upon the Atlantic Coast decision, the method used to select and operate the Resource Recovery Facility and the Landfill as the facilities designated for the disposal of all of the solid waste generated by each county within the County appeared to unconstitutionally restrict interstate commerce.

On January 29, 1996, following an interim ruling in the Atlantic Coast case which invalidated regulatory flow control for certain construction and demolition waste ("C&D Waste"), the PCFA reduced tipping fees for C&D Waste delivered to the Landfill to a reduced market rate. On November 17, 1997, following the denial of certiorari by the United States Supreme Court in the Atlantic Coast case, the Partnership unilaterally reduced system tipping fees being collected by the Partnership at the Resource Recovery Facility to a level less than that imposed by the PCFA. This was a response by the Partnership to price competition and the resulting decrease in the volume of solid waste being delivered for processing at the Resource Recovery Facility. Since that time, tipping fees at the Resource Recovery Facility have been reduced and/or increased to a market competitive rate in an effort to maximize operating revenues.

Note 18: CONTINGENT LIABILITIES (CONT'D)**Pollution Control Financing Authority of Camden County (Cont'd)****The Response of the County to the Atlantic Coast Decision**

In an attempt to address, among other things, the structure of the County's solid waste management plan in the aftermath of the Atlantic Coast decision, on September 18, 1997, the Board adopted a resolution authorizing an amendment to the solid waste management plan of the County. The plan amendment is entitled "A Strategy for the Disposal of Solid Waste Generated Within the Camden County Solid Waste Management District and for the Satisfaction of Solid Waste Disposal Related Debt Obligations After the Implementation of the Atlantic Coast Court Decision" ("September 1997 Solid Waste Management Plan Amendment"). The September 1997 Solid Waste Management Plan Amendment directed that the PCFA procure disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. Further, the PCFA was directed to continue to aggregate its disposal and administrative costs and impose a unified tipping fee on all waste collected for disposal within the County.

On November 14, 1997, the Commissioner of the NJDEP issued a certification with respect to the September 1997 Solid Waste Management Plan Amendment of the County ("NJDEP Certification"). The NJDEP granted approval with regard to that aspect of the September 1997 Solid Waste Management Plan Amendment governing the procurement of disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. However, since the procurement process had not yet been completed, such NJDEP approval of this aspect of the September 1997 Solid Waste Management Plan Amendment was made contingent upon receipt by the NJDEP of a subsequent amendment or administrative action that documents the awarding of a nondiscriminatory bid contract(s).

Finally, the NJDEP determined to be unenforceable the establishment by the September 1997 Solid Waste Management Plan Amendment of flow control during the interim period between judicial abrogation of the then current disposal contracts and the completion of the procurement of new disposal capacity in a manner that does not discriminate against interstate commerce. The NJDEP has concluded that the lifting by the Third Circuit of the District Court's stay of the injunction against the enforcement of flow control precludes even this interim control of flow as anticipated by the September 1997 Solid Waste Management Plan Amendment.

For the purpose of responding to the remaining issues cited by the NJDEP Certification, on December 29, 1997, the Board adopted a resolution authorizing a further amendment to the solid waste management plan of the County. The plan amendment is entitled "A Modified Strategy for the Disposal of Solid Waste Generated within the Camden County Solid Waste Management District, Following the November 10, 1997 Implementation of the Atlantic Coast decision, and Following the New Jersey Department of Environmental Protection's Acceptance in Part, Rejection in Part and Remand in Part of Camden County Plan Amendment 81-9-97 Adopted September 18, 1997" ("December 1997 Solid Waste Management Plan Amendment"). In compliance with the NJDEP Certification, the December 1997 Solid Waste Management Plan Amendment deleted from the solid waste management plan of the County the establishment of flow control during the interim period between judicial abrogation of the disposal contracts and the completion of procurement of new disposal capacity in a manner that does not discriminate against interstate commerce.

The December 1997 Solid Waste Management Plan Amendment was submitted to the NJDEP for consideration of approval. On June 29, 1998, the Commissioner of the NJDEP issued a certification with respect to the December 1997 Solid Waste Management Plan Amendment. The NJDEP, among other things, (i) approved the deletion of the reference to the retention of regulatory flow control during the interim period prior to completion of nondiscriminatory reprocurement, and (ii) approved the inclusion of a strategy to complete a nondiscriminatory procurement process and to thereby regulate the flow of waste as a market regulator (although the NJDEP stressed that separate approval of the actual results of such reprocurement will be required).

On December 5, 1997, the PCFA opened bids and proposals submitted with respect to the reprocurement by the PCFA of solid waste disposal services. For a period of time thereafter, the bids and proposals, as well as supplements thereto solicited by the PCFA during 2000, were considered by the PCFA and its professional advisors. During a portion of such period, the PCFA engaged in substantive negotiations with the Partnership, as one of the responding proposers, for the purpose of attempting to agree upon the final terms and conditions of a long-term solid waste services disposal agreement. Upon the completion of such process, the contract for the reprocurement of solid waste disposal services was awarded by the PCFA to the Partnership. Such contract between the PCFA and the Partnership (the "Reprocurement Agreement") was signed on July 25, 2001, and on such date such Reprocurement Agreement was submitted by the PCFA to the State for approval, in satisfaction of applicable statutory requirements. In response to the submission to the State by the PCFA, the State submitted questions to the PCFA via interrogatories. The PCFA responded to the interrogatories of the State on November 5, 2001 and has not received further communication from the State with regard to the Reprocurement Agreement. The period during which the State may approve or reject the Reprocurement Agreement has lapsed. The obligations of the PCFA and the Partnership pursuant to the terms of the Reprocurement Agreement were subject to the satisfaction of certain conditions precedent identified in the Reprocurement Agreement. Such conditions precedent were not satisfied by the specified date and, therefore, the Reprocurement Agreement has automatically terminated. No further reprocurement agreements were executed. The 1985 Service Agreement between the PCFA and the Partnership expired on July 1, 2011.

Proposed Dissolution of the PCFA

The County has preliminarily determined that the best interests of the residents of the County would be served by the dissolution of the PCFA to be accomplished pursuant to the requirements of the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1, et seq., as amended and supplemented ("Local Authorities Fiscal Control Law"), including N.J.S.A. 40A:5A-20. The County has also preliminarily determined that the dissolution of the PCFA could result in savings to the County by reducing overall costs by combining operations and providing services in a more efficient manner.

In connection with the proposed dissolution, the County, the PCFA and the CCIA have collectively preliminarily determined that it would be in the best interests of the residents of the County for the CCIA to: (i) upon dissolution, on a going-forward basis, assume the responsibility and otherwise provide for the payment of all creditors or obligees of the PCFA, (ii) assume ownership of the Landfill, and (iii) provide all of those services previously provided by the PCFA. On April 14, 2011, the Commissioners of the CCIA adopted a resolution preliminarily authorizing the CCIA, upon dissolution, on a going-forward basis, to assume responsibility and otherwise provide for the payment of all creditors and obligees of PCFA upon dissolution of PCFA and to assume ownership and operation of the Landfill ("CCIA Assumption Resolution").

Note 18: CONTINGENT LIABILITIES (CONT'D)**Pollution Control Financing Authority of Camden County (Cont'd)**

Finally, the PCFA has preliminarily determined to voluntarily accede to the dissolution and to cooperate with the County and the CCIA in connection with the dissolution and transfer of the Landfill and other assets of the PCFA to CCIA. To that end, the PCFA adopted resolutions on March 22, 2011 and May 24, 2011, preliminarily authorizing the dissolution and the transfer of the PCFA's assets and liabilities to the CCIA.

Pursuant to Section 20 of the Local Authorities Fiscal Control Law, the PCFA may be dissolved by the County, subject to approval of the Local Finance Board. On May 19, 2011, the Board of Chosen Freeholders of the County introduced an ordinance authorizing the dissolution of the PCFA and making certain other determinations in connection therewith ("Dissolution Ordinance"). The Dissolution Ordinance provides, as a condition to dissolution, for the CCIA to provide, upon dissolution, on a going-forward basis, for the payment of all creditors and obligees of the PCFA (including the NJDEP). The CCIA Assumption Resolution provides for the CCIA, upon dissolution, on a going-forward basis, to be responsible for all of the PCFA's outstanding obligations (including the NJDEP Reimbursement) and for the provision of all the services previously provided by the PCFA, including ownership and operation of the Landfill and to take possession of any and all assets and property (including real property), rights and privileges of the PCFA, including contract rights, permits, claims, defenses, causes of action, and all tangible and intangible interests.

In accordance with the Local Authorities Fiscal Control Law, the County and the CCIA are in the process of completing an application to be submitted to the Local Finance Board seeking approval for the final adoption of the Dissolution Ordinance. As of the date hereof, however, no such application has been filed. Upon filing to and approval from the Local Finance Board for the final adoption of the Dissolution Ordinance, the County, the PCFA and the CCIA shall undertake and complete all legal and procedural requirements necessary to effectuate the dissolution of the PCFA and the transfer of the PCFA's assets and liabilities to the CCIA as described above. Additionally, upon determination to proceed with the filing of an application to the Local Finance Board, the PCFA and the CCIA shall undertake and complete all necessary procedural and legal requirements relative to the transfer of the Landfill and related assets to the CCIA upon dissolution of the PCFA.

Litigation Concerning the Pennsauken Sanitary Landfill

The PCFA acquired the Pennsauken Sanitary Landfill ("Landfill") from the Township of Pennsauken ("Pennsauken") and the Pennsauken Solid Waste Management Authority ("PSWMA") in December 1991, pursuant to the provisions of the Amended and Restated Operations Transfer Agreement, dated October 11, 1991 (the "AROTA"), among the PCFA, the PSWMA, Pennsauken and the County. Prior to that time, the Landfill was operated by the PSWMA on land owned by Pennsauken. Since acquisition the PCFA has continued to operate the Landfill for disposal of bypass waste, residue from the operation of the Resource Recovery Facility, and the disposal of construction and demolition waste.

There are long-standing claims regarding the remediation of the contamination of the Landfill. The PSWMA executed an Administrative Consent Order ("ACO") with the New Jersey Department of Environmental Protection in December 1988. The ACO obligated the PSWMA to remediate contamination caused by the Landfill. The PCFA assumed the remediation obligations of the PSWMA pursuant to the AROTA. The PCFA, PSWMA and Pennsauken were plaintiffs in ongoing litigation seeking the recovery of costs associated with remediation necessary pursuant to the ACO. Counterclaims were made against Pennsauken. Pennsauken was represented by counsel for one of its insurance carriers. Trial in this litigation commenced on January 20, 2009. By the end of the second day of trial, all claims in the litigation were settled in principle. The PCFA and some defendants continue to review and execute settlement agreements. Pursuant to the settlement agreements, all defendants have been given releases and indemnification protection by the PCFA and Pennsauken. Settlement documents with Ward Sand and Materials Company and James D. Morrissey, Inc. (the "Ward Sand parties") (the prior landfill owner and operator) are in the process of being finalized. In the meantime, the

Note 18: CONTINGENT LIABILITIES (CONT'D)**Pollution Control Financing Authority of Camden County (Cont'd)**

Ward Sand parties have satisfied their payment obligations. Pursuant to the ACO, the PCFA is primarily responsible for the liability associated with the contamination at the Landfill either directly as a successor to the PSWMA under the ACO or indirectly through the indemnification provisions of the AROTA. In the event that the litigation settlement proceeds are not sufficient to remediate the contamination at the Landfill, Pennsauken could be potentially responsible pursuant to the indemnification provisions in the various settlement agreements. Additionally, it is possible that the County could be responsible for all or a portion of such liability under the AROTA. To date, \$15,603,370.29 in settlement proceeds have been collected from all of the settling parties. Recent estimates project that the remediation cost to be approximately this amount or less. They are premised on the designed system accomplishing the remediation as presently designed. Design modifications could be necessary. Additionally, it is presently anticipated that the remediation can accomplish the desired goals in approximately 10-30 years. Contingencies could arise which could impact the design of the remediation system or the length of time in which it must be in operation. Therefore, it is impossible to determine at this time what the exact cost of the PCFA's remediation obligations will be. While it is impossible to estimate the likelihood of such an outcome, any such liability of the PCFA and/or the County could have a material adverse impact upon their respective financial conditions. In the event of a dissolution of the PCFA, any existing or potential liabilities of the PCFA would pass to the CCIA.

Note 19: OPEN SPACE, RECREATION, FARMLAND AND HISTORIC PRESERVATION TRUST

On November 3, 1997, pursuant to P.L. 1997, c. 24 (N.J.S.A. 40:12-15.1 et seq.), the voters of Camden County authorized the establishment of the Camden County Open Space, Recreation, Farmland and Historic Preservation Trust Fund effective January 1, 1998, for the purpose of raising revenue for the acquisition of lands and interests in lands for the conservation of farmland and open space. The County proposed to levy a tax not to exceed one cent per one hundred dollars of equalized valuation. On November 8, 2005, the County of Camden proposed to levy an additional one cent per one hundred dollars of equalized valuation. Amounts raised by taxation are apportioned by the County Board of Taxation among the municipalities in accordance with N.J.S.A. 54:4-9 and are assessed, levied and collected in the same manner and at the same time as other County taxes. Future increases in the tax rate or to extend the authorization must be authorized by referendum. All revenue received is accounted for in a Trust Fund dedicated by rider (N.J.S.A. 40A:4-39) for the purposed stated. Interest earned on the investment of these funds is credited to the Camden County Open Space, Recreation, Farmland and Historic Preservation Trust Fund.

Note 20: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the County expects such amount, if any, to be immaterial.

Litigation - The County is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the County, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements **with the exception** of the eventual resolution of the litigation involving the Pollution Control Financing Authority (see Note 18).

Note 21: CONCENTRATIONS

The County depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the County is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 22: TAX ABATEMENTS

Municipalities within the County are authorized to enter into property tax abatement agreements for commercial and industrial structures under N.J.S.A. 40A:21-1 (Chapter 441, P.L. 1991) known as the "Five Year Exemption and Abatement Law". Under this law, municipalities may grant property tax abatements for a period of five years from the date of completion of construction for the purpose of encouraging the construction of new commercial and industrial structures. The first calendar year following completion, 0 percent of taxes are due, and each subsequent calendar the percentage of taxes due increases by 20 percent. During the 6th calendar year, 100 percent of taxes are assessed and due. The property owner agrees that the payment in lieu of taxes shall be made to the municipality in quarterly installments on those dates when real estate tax payments are due. Failure to make timely payments shall result in interest being assessed at the highest rate permitted for unpaid taxes and a real property tax lien on the land.

For 2018 the Abstract of Ratables for Camden County indicated 23 of 37 municipalities abated property taxes under this program. The total assessed value abated was \$94,606,100.00. Municipalities also granted various other abatements of which the dollar amount of assessments is not readily available. The County receives 100% of its tax levy from each of the municipalities within the County and does not have any reduction in revenue as a result of these tax abatement programs.

APPENDIX A

SELECT FINANCIAL INFORMATION CONCERNING THE COUNTY

INTRODUCTION

General Information

The County of Camden, New Jersey (“County”), formerly part of Gloucester County, New Jersey, was established in 1844. The County, approximately 222 square miles in area, is in the southwestern part of the State of New Jersey (“State”) along the east bank of the Delaware River opposite Philadelphia, Pennsylvania (“Philadelphia”). The Counties of Burlington, Atlantic and Gloucester border the County on, respectively, the northeast, southeast and southwest, with the Delaware River forming the western border of the County.

County Government

The County operates under the freeholder form of government. The Board of Chosen Freeholders of the County (“Board”) consists of seven Freeholder members elected at-large for three year terms on a staggered basis. Each year, the Board elects one of the Freeholders to serve as Freeholder Director. The Freeholder Director appoints Freeholders to be in charge of various committees. The Board, operating through the committee system, is charged with both executive and legislative responsibilities for: (i) formulating policies; (ii) developing new programs; (iii) appointing members of the various County commissions, authorities and boards; (iv) approving the County’s operating and capital budgets; and (v) appropriating the funds required to maintain County services.

The County Administrator, appointed by the Board, oversees the daily governmental operations of the County. Each major department is headed by an administrator who acts as liaison to the Freeholder overseeing such department’s operations. Financial matters are under the supervision of the County’s Chief Financial Officer who is appointed by the Board.

Organization and Management of County Government

In 1983, the Board adopted an internal administrative reorganization the objectives of which were to: consolidate government organization; increase accountability of department and agency heads; streamline reporting requirements; and improve productivity. The Board also established an Office of Management and Budget (“OMB”) modeled after the federal OMB. Detailed monitoring reports on a monthly basis are provided by the OMB to evaluate the various departments and agencies in terms of performance and unit costs.

The County’s operating and capital budget process is initiated by departmental submissions of project requests to the OMB. The various projects are reviewed, documented with cost estimates, and prioritized against a set of weighted criteria. The projects’ listing is structured according to the availability of funds as set by the debt and capital policy of the County.

PRINCIPAL ADMINISTRATIVE OFFICERS

County Administrator

Mr. Ross G. Angilella is currently the County Administrator. He was first appointed to the position of County Administrator on September 4, 2004. Prior to his appointment as County Administrator, Mr. Angilella served as the County Purchasing Agent and an Assistant County Counsel since September 1983.

Chief Financial Officer

Mr. David McPeak is currently the Chief Financial Officer and County Treasurer. Mr. McPeak was first appointed to the position of Chief Financial Officer on January 7, 1999. Prior to that, he had been Acting Chief Financial Officer since January 6, 1998. Mr. McPeak has served as Budget Director for the County since August 1993.

COUNTY HISTORY

In 1632, the first European settlers arrived in the area now known as Camden County. In 1688, the first ferry linking the area with Philadelphia was established. In 1773, Camden City was created at the site of Cooper's Ferry. With the building of the Camden and Amboy Railroad, the area began to grow rapidly. In 1869, Joseph Campbell and Abram Anderson formed a jelly and fruit producing enterprise, now known as the Campbell Soup Company. A machine shop owned by Eldridge Johnson became the Victor Talking Machine Company, later known as RCA Victor. Prior to World War I, Esterbrook Pen Co. and New York Shipbuilding Co. became well established. The completion of the Benjamin Franklin Bridge to center city Philadelphia in 1926 made it possible for people to live in the County and work in the Philadelphia area. The post-World War II boom and suburban communities' growth was accelerated by (i) the opening of the Walt Whitman Bridge in 1957, which provides a direct connection to the Philadelphia International Airport and (ii) the construction of The Port Authority Transit Corporation ("PATCO") high speed commuter line linking Lindenwold, in the southern part of the County, to center city Philadelphia. During the 1970s and 1980s, the County's economy diversified from principally an industrial base to high technology, corporate, financial and service businesses. Residential development pushed southeastward, principally into the Townships of Voorhees, Waterford and Winslow. Today, because of the prior commercial and residential expansion, a substantial portion of the County's physical infrastructure is in place.

COMMERCIAL LOCATION

The County is 140 miles equidistant between New York and Washington, D.C. and at the midpoint of the Boston-Richmond Northeast Corridor. Within one-day's drive of twelve states, businesses in the County have a potential market of about 60 million people, or about one-fourth of the United States market. As part of the Philadelphia Metropolitan Area, the County is an essential component of the nation's fourth largest market area. The Delaware River flows into the Delaware Bay which connects with the Atlantic Ocean and forms a deep water entrance to the docking and freight facilities situated along the County's riverfront, a part of the nation's second largest deep water port.

HEALTH CARE SERVICES

Within the County are four non-profit hospitals and eight County-operated health clinics. The non-profit hospitals are: (i) the 427-bed Cooper Hospital/University Medical Center located in Camden City; (ii) the Kennedy Memorial Hospitals/University Medical Center, consisting of three divisions (two of which are located within the County - the 225-bed Cherry Hill division and the 236-bed Stratford division); (iii) Our Lady of Lourdes Medical Center, a 377-bed acute care facility located in Camden City; and (iv) the Virtua Health System, consisting of three divisions - the 95-bed Berlin division, the Camden City division providing emergency room services, and the 370-bed Voorhees division.

The Camden County Health Division's eight clinics offer services ranging from family planning and prenatal clinics to cancer detection and hypertension clinics.

EDUCATIONAL FACILITIES

Public School Systems

Within the County are 36 school districts which operate 104 elementary and middle schools and 22 high schools. In addition, the County operates two vocational-technical schools (located in Pennsauken and Gloucester Townships) which provide daytime classes with an enrollment of approximately 2,100 daytime students, and evening education to approximately 1,800 students, including adults. The two vocational-technical schools employ 262 professional and 131 non-professional personnel.

Private and Parochial Schools

Excluding private nursery schools and day care centers, there are 51 private and parochial schools for grades one through twelve within the County.

Charter School/Renaissance Schools

There are ten charter schools within the County. The annual enrollment for the charter schools is approximately 4,000 students in kindergarten through grade twelve. In addition, there are three Renaissance Schools in the City of Camden (“Camden City”). These Renaissance Schools are a newer kind of public school in New Jersey that combines the autonomy of charter schools with a direct and cooperative relationship with the school district.

Higher Education

Camden County College is a comprehensive public community college with campuses in Blackwood and Camden City, as well as the William G. Rohrer Center in Cherry Hill and the Regional Emergency Training Center in Gloucester Township, that serve Camden County and the surrounding area and is a vital resource for transfer education, workforce training and cultural events. Camden County College offers associate degrees, certificate and training programs in technical fields such as automotive technology and mechanical engineering; health professions such as nursing and medical coding, and liberal arts and sciences such as English and chemistry. Additionally, the College operates the Adult Technical Institute at the Sicklerville Campus of the Camden County Technical School, and offers credit classes throughout the County in high schools, work sites, and neighborhoods. The College also has affiliations with four-year institutions such as Rutgers University, Drexel University and Thomas Jefferson University, College of Allied Health Sciences.

Rutgers - The State University of New Jersey, Camden Campus (“Rutgers”), has two four-year undergraduate liberal arts colleges, one serving students who attend classes during the day and one for those attending evening classes. In addition to liberal arts degrees offered by the College of Arts and Sciences, there is (i) a Graduate School offering master’s degree programs in biology, business administration, English and public policy, and (ii) the School of Law, evening and day curriculum, leading to a Juris Doctor degree. In September 2012, Rutgers completed construction of a student housing project consisting of a 350-bed graduate student housing facility. (See the caption, below, entitled “DEMOGRAPHIC AND ECONOMIC INFORMATION – Camden City”).

Cooper University Hospital, located in the City of Camden, is a major teaching hospital and is affiliated with the Cooper Medical School of Rowan University (“CMSRU”) located in Camden City and Rowan University’s School of Osteopathic Medicine located in the Borough of Stratford (“SOM”). CMSRU is a four-year allopathic medical school adjacent to the Cooper Hospital complex. CMSRU

opened on July 24, 2012, with its first incoming class enrolling in the Fall of 2012. (See the caption, below, entitled “DEMOGRAPHIC AND ECONOMIC INFORMATION – High Technology”). The construction of CMSRU was financed by tax-exempt and taxable revenue bonds issued by The Camden County Improvement Authority (“CCIA”) on behalf of Rowan University.

Rowan University School of Osteopathic Medicine is a four-year public college of osteopathic medicine located in the Borough of Stratford, New Jersey and includes Rowan University’s Graduate School of Biomedical Sciences. The college is affiliated with Cooper University Hospital. It is the only college of osteopathic medicine in the State, and, until the opening of CMSRU in 2012, was the only four-year medical school in Southern New Jersey. Established in 1976 as part of the University of Medicine and Dentistry of New Jersey (“UMDNJ”), SOM became part of Rowan University on July 1, 2013. The acquisition by Rowan University of SOM from UMDNJ was financed by tax-exempt and taxable revenue bonds issued by the CCIA on behalf of Rowan University.

Kennedy Health/University Medical Center is composed of three hospitals affiliated with the Rowan University School of Osteopathic Medicine.

RECREATIONAL FACILITIES

The County’s park system consists of 14 major parks in twelve communities consisting of 1,760 acres of land and 2,000 acres of water, nine miles of horse trails and 15 miles of bike trails. Facilities in the park system include a restaurant, football and softball fields, tennis courts, a new boathouse, miniature golf courses, and a golf driving range.

TRANSPORTATION FACILITIES

Passenger

A \$17 million Transportation Center in Camden serves as an interchange for automobiles, commuter buses and commuter rail lines. The major bus service is provided by New Jersey Transit, which provides intracounty, intercounty and interstate service, and by Greyhound, a major interstate carrier. In 2004, New Jersey Transit commenced light rail service connecting Camden City with the City of Trenton to the north and linked to the PATCO system through the Transportation Center in Camden City.

The PATCO high speed rail line, an above and below ground level 14.5 mile system from Lindenwold to center city Philadelphia is a heavily used commuter line, hosting over 200,000 commuters every week. PATCO has nine stations (with parking lots) in the County. New Jersey Transit - Rail Operations provides local rail service between Atlantic City and Philadelphia.

Freight

Freight service by a national intrastate and interstate rail carrier, and several independently owned rail carriers, and approximately 80 trucking concerns situated in the County, is readily available for business interests. Waterborne freight arriving from or departing to overseas destinations or other ports in the United States is handled at three major cargo handling terminals. Two of the terminals, Beckett Street and Broadway, both in Camden City, are operated by the South Jersey Port Corporation, and the third, in Gloucester City, is operated by Holt Cargo Systems. Crowley Maritime operates a major private barge service terminal in Pennsauken, providing service to Puerto Rico and the Caribbean. The terminals are equipped for multi-purpose handling of piggyback, bulk, high and wide cargo, and containers or trailers on flatcar.

Highway and Bridge Systems

The County maintains over 400 miles of roads, which provide connections to east/west State Route 30 (White Horse Pike), State Route 168 (Black Horse Pike), State Route 70, the Atlantic City Expressway, and Interstate Routes 676 and 76 (the principal truck route over the Walt Whitman Bridge to the west); and to north/south State Route 130, which generally follows the Delaware River, Interstate Routes 295 and 95, the New Jersey Turnpike, and State Route 38 running in a northeasterly direction.

Within or adjacent to the County, five bridges provide the means to cross the Delaware River to Philadelphia and its environs, to industrial centers south of Philadelphia, and to the interstate highway network. The principal commuter bridge to center city Philadelphia is the Benjamin Franklin Bridge. The Betsy Ross and Tacony-Palmyra Bridges provide access to Pennsylvania north of Philadelphia, and the Walt Whitman Bridge, in the County's southwest portion, is the access route to the Philadelphia International Airport and the connection to routes heading west and southwest.

UTILITIES

Electricity and gas are provided by Atlantic City Electric (eastern half of the County), Public Service Electric and Gas Company, and South Jersey Gas Company. The Camden County Municipal Utilities Authority operates and maintains County-wide wastewater collection and treatment facilities (see the caption, below, entitled "AUTHORITIES OF THE COUNTY – Camden County Municipal Utilities Authority"). The Pollution Control Financing Authority of Camden County owns the land on which a 1,050 tons per day resource recovery facility operates (see the caption, below, entitled "AUTHORITIES OF THE COUNTY – Pollution Control Financing Authority of Camden County"). The major supplier of potable water is the New Jersey American Water Company which serves all or part of 23 municipalities in the County. The remaining 14 municipalities obtain water from wells. The New Jersey American Water Company, along with individual municipally operated water departments, draws water supplied by huge aquifers which are replenished by an annual average precipitation of 55 inches. To ensure adequate water supply in the future, the New Jersey American Water Company has constructed a new surface water supply, a new treatment facility and a new distribution system.

LAW ENFORCEMENT

Sheriff, Parks Police, Prosecutor's Office and Court System

The County operates a Sheriff's Department and, prior to March 21, 2013 a Parks Police Department. On March 21, 2013, the Parks Police Department was abolished and all active officers were transferred to the Camden County Police Department (as hereinafter defined). The County also funds the

Camden County Prosecutor's Office which includes an Investigators Unit. The County Court System, along with all New Jersey County Courts, is under the jurisdiction of the State.

Camden County Regional Police Department

The County, after careful study and consideration, determined that a regional approach to policing services would offer certain municipalities within the County and, in particular, Camden City, a more effective and more efficient means of addressing public safety in the reality of the present environment in which crime increasingly cuts across municipal jurisdictional lines and in which municipal budgets are increasingly straining to maintain services.

In furtherance of such determination, the County has created a regional police department for the purpose of providing police services to the various municipalities contained therein, including Camden City ("Camden County Police Department"). On August 18, 2011, the County and Camden City entered into a Memorandum of Understanding ("MOU") in furtherance of the desire of the County and Camden City to create the Camden County Police Department and for such Camden County Police Department to provide policing services to Camden City. To memorialize the terms and provisions of the MOU, Camden City and the County entered into a Shared Services Agreement pursuant to which the County, by and through the Camden County Police Department, has agreed to provide police services to Camden City through a subdivision of the Camden County Police Department known as the Metro Division ("Metro Division") in exchange for certain consideration to be paid by Camden City for such services.

As part of the process of creating the Camden County Police Department, and in particular the Metro Division, the County, Camden City and the Department of Community Affairs, Division of Local Government Services of the State of New Jersey ("DLGS") have entered into an agreement pursuant to which all costs associated with the operation of the Metro Division are fully funded by Camden City and the DLGS.

Retirement Systems and County Pension Plan

Generally, all full-time or qualified County employees who began employment after 1944 must enroll in one of two pension systems (Public Employees Retirement System (“PERS”) or Police and Firemen’s Retirement System (“PFRS”)) depending upon their employment status. These systems were established by acts of the State Legislature. Benefits, contributions, means of funding and the manner of administration are set by the State. The Division of Pensions within the State’s Department of Treasury is the administrator of these systems. The County is a member of PERS and PFRS. PERS and PFRS are evaluated every year by the State with employee contribution rates normally determined by the rate applicable at the age of enrollment.

Public Employee’s Retirement System (PERS)

PERS included 1065 eligible County employees as of December 31, 2018.

Police and Firemen’s Retirement System (PFRS)

890 eligible County police officers and fire fighters were enrolled in PFRS as of December 31, 2018.

Federal Social Security System

The County is not delinquent in its payments to the federal Social Security System (“OASI”).

County Pension Plan

The County’s pension plan is known as “The Detectives’, Sheriff Officers’ and Probation Officers’ Pension Plans” and is not actuarially funded by the County. Accordingly, actuarial valuations are not prepared. However, the County has a direct pension liability extending over the lives of the beneficiaries and their spouses. Employees hired after November 30, 1963 were not eligible to join the plan. The audited plan trust fund balance at December 31, 2018 was \$149,784.

County Insurance Programs

The County is partially self-insured for Medical and Prescription Drug coverages, Property Damage, Automobile/General Liability, Crime and Workers' Compensation, with excess insurance on all coverages. The County and its boards, agencies, authorities and commissions presently purchase insurance or self-insure against risks of damage to persons or property of third parties, workers' compensation claims and claims against public officials through the Camden County Insurance Commission (the "Commission"), established on January 21, 2010, by Board resolution pursuant to N.J.S.A. 40A:10-6. The Commission is governed by three County officials who serve as commissioners and are appointed by the Board. Excess insurance is managed by the New Jersey Counties Excess Joint Insurance Fund, established in March 2010. As of December 31, 2017, member counties in New Jersey include the County, the County of Gloucester, the County of Union, the County of Burlington, the County of Cumberland, the County of Atlantic, the County of Mercer, the County of Hudson and the County of Ocean.

For fiscal year 2018, the County budgeted \$64,275,844 as its share of the cost to provide various types of insurance coverage. Of this, \$57,620,549 was attributable to health care and health-related coverage. The \$6,655,295 balance is the annual assessment to the Camden County Insurance Commission for providing insurance for general and automobile liability, workers' compensation and bonding of public officials.

COUNTY FINANCIAL OPERATIONS

Basis of Accounting

The accounting policies of a local governmental unit in the State must conform to the accounting principles applicable to local governmental units which have been prescribed by the Division of Local Government Services of the New Jersey Department of Community Affairs. The following is a summary of the significant policies:

Basis of Accounting -- A modified accrual basis of accounting is followed with minor exceptions. Revenues are recorded as received in cash, except for certain amounts that may be due from the State. Expenditures are recorded on an accrual basis. Appropriation reserves covering unexpended appropriation balances are automatically created on December 31 of each year and recorded as liabilities, except for amounts that may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred or entered into during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Interfunds -- Interfund receivables in the Current Fund (discussed below) are recorded with offsetting reserves. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Fixed Assets -- Property and equipment purchased through the Current Fund and the General Capital Fund (discussed below) are recorded as expenditures at the time of purchase and are not capitalized.

Current Fund

A local governmental unit finances its operations primarily through the Current Fund. All tax receipts and most revenues are paid into the Current Fund and substantially all expenditures made by appropriations are paid from the Current Fund. The County operates on a January 1 to December 31 fiscal year.

General Expenditures

Expenditures are comprised of those made for general County purposes, certain expenditures made from restricted federal, State and private grants, certain federal or State mandated expenditures, deferred charges, debt service and capital improvements. Budgeted expenditures for general County purposes include payments made primarily in support of the County's various departments.

REVENUE SOURCES

Revenue sources for the County's operations consist of miscellaneous revenues, federal and State assistance and/or grants, and the monies received from the County's taxes levied by the respective municipalities in the County. The County's principal revenue source is from taxes. Increased costs of certain services, such as insurance and public safety, have resulted in an increased tax levy in recent years.

Apportionment of County Purpose Taxes

Taxes for County purposes are based upon the equalized valuation, as calculated by the County's Board of Taxation, of all taxable property within the County. The County purpose taxes are apportioned among the County's constituent municipalities based upon the ratio that each municipality's equalized valuation bears to the total equalized valuation of all taxable property in the County. (It should be noted that taxes for municipal and school purposes are based on assessed valuations.)

Tax Collection Procedure

The municipalities within the County are the political entities responsible for the levying and collection of taxes on all taxable property within their borders, including the tax levy for the County. Four payments are due (August 1, November 1, February 1 and May 1).

Importantly, since the County's fiscal year runs from January 1 through December 31, the County's revenues for the first half of its fiscal year result from a levy established the previous July 1 (which is based on the prior year's budgetary needs). However, any adjustments necessary due to a change in budget from one year to the next are factored into the tax levy calculated in the middle of the County's fiscal year.

Property taxes are based on a municipality's assessor's valuation of real property on an assessed valuation basis, as confirmed by the County's Board of Taxation.

Each municipality is required to pay to the County its share of the County purpose tax on the 15th day of February, May, August and November. The County receives 100% of its share of the taxes collected from the first taxes collected by each municipality. If a municipality has not remitted in full to the County its share of omitted and added taxes by December 31 of the year of tax levy, a municipality has until February 15 of the year immediately following (45 days) to pay in full the amount due to the County.

DEMOGRAPHIC AND ECONOMIC INFORMATION

Population

Population in the County has shifted from urban areas to suburban areas with the population increase occurring primarily in the southern and eastern parts of the County. This shifting of population has resulted in an increase in retail shopping malls and other retail and office services. Two of the largest shopping malls in southern New Jersey are in the County (Voorhees Town Center in Voorhees and Cherry Hill Mall in Cherry Hill) and together with numerous other shopping centers and mini-malls share over \$5 billion in annual retail sales.

Retail Establishments and Manufacturing Concerns

The County's business retail base includes not only County residents, but also shoppers from neighboring counties and the greater Philadelphia area. There are over 3,300 retail business concerns in the County.

High Technology

The County has become a center for medical research and biological testing. Some of the technological leaders in the County (as well as in the nation) include:

- Cooper Medical School of Rowan University: The first new medical school constructed in over thirty years. This new school currently has approximately 400 medical school students along with approximately 150 staff members. In addition, this 200,000 square foot state-of-the-art research facility helps to bring a critical mass to the area.
- Coriell Institute: Coriell is researching genome informed medicine, innovating advances in pre-clinical discovery, and supporting significant research around the world. Coriell has a strong history in cell biology by playing an important role in stem cell research. Coriell's biobank manages the world's most diverse collection of cell lines, DNA, and other biomaterials gathered and distributed for use by the international biomedical research community.
- MD Anderson Cancer Center at Cooper: The new MD Anderson Cancer Center at Cooper brings together MD Anderson's expertise and Cooper's regional leadership in a partnership that opens up a broader range of options for cancer patients in South Jersey, Delaware and the greater Philadelphia region. Opened in 2013, MD Anderson Cancer Center at Cooper is a state-of-the-art, \$100 million, four-story, 103,050 square foot comprehensive cancer center on Cooper's Health Sciences Campus in Camden City which expands access to outstanding cancer care for residents of southern New Jersey and beyond.
- The Rowan University/Rutgers: The Camden Board of Governors (the "Board of Governors") was created by the New Jersey Medical and Health Sciences Education Restructuring Act which took effect on August 22, 2012. The Board of Governor's mission reflects an extension of Camden's significant "eds and meds" presence and is expected to leverage the educational and research assets to support growth in the region's health care capacity. This state-of-the-art research building is scheduled to open by June 2019.
- Rutgers University: Nursing and Science Building: The Nursing and Science Building has opened to serve as a world-class research and teaching facility for students and faculty in the areas of health sciences, nursing, and physics at the undergraduate, graduate, and doctoral levels at Rutgers University–Camden. This \$62.5 million project serves more than 1,000 nursing students at the Rutgers School of Nursing–Camden and also supports students in Rutgers–Camden's physics program and its doctor of nursing practice (DNP) program. The facility includes cutting-edge nursing simulation labs, classrooms (including an immersive learning classroom), computer labs, conference rooms, lecture halls, student work and study stations, and administrative offices.

Private and Public Sector Developments Completed in Recent Years

Set forth below is a representative listing of some of the private and public sector developments that have been completed within the County in recent years. This representative list is not intended to be exhaustive and includes certain development projects that currently remain in the process of completion. No assurance can be provided that such currently incomplete projects will be completed successfully as currently planned and as currently scheduled.

Camden City:

Tax Credit Projects:

Subaru of America, Inc. recently announced it will move their North American Headquarters to Camden City. The company will receive upwards of \$100 million from the NJEDA to locate and grow jobs in the City. Subaru plans to construct a 250,000 square foot building and will house approximately 500 employees. The project is expected to cost approximately \$118 million to construct and will be sited near Campbell's Soup Company.

The Camden City waterfront is continuing to be developed. Using the NJEDA's Grow NJ program, the Philadelphia 76ers have built a new state-of the-art practice center and a new administrative building. This complex will house 250 employees and will continue to add to the critical mass of the downtown area.

Holtec International also used NJEDA's Grow NJ program to construct a new plant to expand the company's current line of nuclear products, heat-exchange equipment, and other products for delivery to the company's customers worldwide. This project is expected to cost approximately \$260 million and bring in approximately 200 new jobs. The company continues to bring in new jobs and it will be a major employer in the City.

Lockheed Martin Corporation has been awarded tax credits to consolidate operations. This project will bring approximately 250 jobs to the City and an estimated \$146 million in capital projects.

American Water Works Company, Inc. is consolidating their operations and using tax credits to create a headquarters within Camden City. American Water Works Company, Inc. will bring in about 600 jobs from various locations and relocate them within Camden City. This new facility will be located near Campbell's Soup Company and Subaru of America, Inc.

The \$245 million 18-story office building called Camden Tower located along the waterfront is near completion. This building will house the offices for the three companies, bringing 869 jobs to the city. The partners in the project are Conner Strong & Buckelew, NFI and The Michaels Organization.

ResinTech Inc. has been approved by the NJEDA for a 10-year tax incentive to relocate to Camden City. ResinTech Inc. manufactures a broad range of ion exchange resins for water and waste water treatment, including deionization, softening, metals removal, product purification, resource recovery, and pollution control. In addition to its ion exchange resins, ResinTech Inc. supplies activated carbon and inorganic selective exchangers. The firm will retain 92 full-time positions that are currently in-state and is expected to add an additional 173 new full time jobs.

Other businesses which have been awarded tax incentives by the NJEDA in Camden City include:

Multifamily Residential:

Construction is near completion of the \$48 million 156 new rental homes to the Camden waterfront in an environmentally conscious, amenity-rich mid-rise building. The first newly constructed market-rate apartment building to be developed on Camden's waterfront in 15 years, 11 Cooper will offer both market-rate and affordable apartment homes to new families and young professionals looking to join the city's growing workforce

Education:

Rutgers University purchased the former Camden County Prosecutor's Office across from Camden City Hall for \$4.5 million. This project allowed the University to create 20,000 sq. ft. of classroom space on campus and moved administrative offices to the former Prosecutor's Office.

Cherry Hill Township:

Health Care Services:

Cherry Hill Township has seen a number of construction projects that have focused on health service providers. The first project is the transformation of the old 150,000 square foot "Syms" building to a state-of-the-art medical complex which houses a division of the University of Pennsylvania Health System. This project has allowed the Health System to consolidate services into one building.

Another project is the expansion of Jefferson Health's (formerly Kennedy Health System) Cherry Hill campus. The recently completed \$80 million project transformed the old hospital to a world class healthcare facility. The development added over 100,000 square feet of new outpatient space along with a new 600 plus parking garage. This new "medical mall" is bringing new outpatient services that include everything from a same-day surgery center, a sleep/balance center, a hyperbaric wound center, outpatient imaging services, physical rehabilitation, physician offices and other services.

LourdesCare at Cherry Hill is another health care transformation project. This renovation project allowed Lourdes Health System to consolidate services and renovate an approximately 150,000 square foot building for expert medical care, support services, and wellness programs. Over the last year, Lourdes has opened an urgent care facility at this location.

Mixed-Use:

A key revitalization project at the former Garden State Racetrack continues to flourish. This 530,000 square feet development is occupied by many national retailers and restaurants, including

Wegmans, Home Depot, Dick's Sporting Goods, Best Buy, Barnes & Noble, Bed, Bath & Beyond, Christmas Tree Shops, Cheesecake Factory, Houlihans's and Nordstrom's Rack. The development is more than just a retail destination. It also serves as a downtown area for one of the largest municipalities in New Jersey. The project will be continuing to mix residential housing and office space as well as planning for civic or community space. The Garden State Park enhancements have spurred additional development along the Haddonfield Road corridor where a few years ago many vacancies existed. Now there are restaurants and thriving business fronts. Furthermore, it has sparked a transformation at the Cherry Hill Mall, one of the premier shopping destinations in the Delaware Valley. The move to upscale retailers and restaurants at the mall has doubled the sales of some of the retail outlets.

Gloucester City:

Housing has been a big initiative for the City over the last year as the City has embarked in an effort to rehabilitate existing housing throughout the City. This effort looks to improve and modernize the housing stock throughout the City. In addition, over the last several years, Gloucester City has enhanced its valuable waterfront properties by making infrastructure improvements to Freedom Pier and attracting businesses to the City. Two new eating establishments have opened to increase quality dining options for residents and visitors. These restaurants have created over 100 permanent jobs for local residents. In addition to retail and dining, the waterfront offers Gloucester City unique opportunities with the local marine terminal.

Gloucester Township:

August 2015 saw the opening of a new 450,000 square foot premium outlet shopping center located along Route 42. This project has brought new jobs and retail space to this section of the County. In addition, the township, along with private developers, opened a another significant shopping area on Berlin-Cross Keys Road, a major roadway in the County and right off the Atlantic City Expressway. The township has been very successful in retaining and attracting commercial, industrial and public/private businesses like US Vision. They have expanded and attracted business on the County-owned Lakeland Complex including an Armed Forces and Public Safety Training facility plus senior housing units.

Pennsauken Township:

Aside from Camden City, Pennsauken Township has seen a significant number of NJEDA tax incentive projects. Older, abandoned warehouses are being converted to manufacturing and other spaces. It is estimated that over one million square feet of office and industrial space has been rehabilitated as a result of the availability of this tax incentive program. The companies taking advantage of the incentives range from high-tech manufacturing to warehousing and distribution. The companies have either relocated to the Township from other areas or have expanded within the Township. This growth has led to the stabilization of the industrial parks within the Township.

The businesses which have been awarded tax incentives by the NJEDA in the Township include:

The Township, in cooperation with the CCIA, has undertaken the redevelopment of an approximately 35-acre tract at the intersection of Routes 73, 130 and 90 (“Crossroads Site”) pursuant to which the Township and the CCIA have acquired and prepared the Crossroads Site for commercial and residential redevelopment. On April 7, 2016, the CCIA sold a 31-acre residential portion of the Crossroads Site to Renaissance Partners, LLC (the “Redeveloper”). In late 2018, this project rebranded as Haddon Pointe, completed the first phase of construction of 120 units. The second phase of the project has started and the site will also offer 189 townhomes that should start construction in summer of 2019.

White Horse Pike Corridor:

New housing is under construction along the White Horse Pike section of Clementon Borough. The first 50 units of a 200 unit town-house complex are underway. This residential project is part of a multimillion dollar redevelopment project to bring mixed-use development to the Borough.

In Somerdale Borough, “CooperTowne Business District” is a renamed industrial complex that is now focusing on redevelopment. The borough recently added Flying Fish Brew Company to the business district. Flying Fish Brew Company is located immediately adjacent to the retail complex, and its opening demonstrates the value of the redevelopment efforts and the positive outgrowth to other areas in town and throughout the White Horse Pike corridor.

Voorhees Township:

The Route 73 corridor continues to see major development projects. The Virtua Health System Voorhees Campus continues to drive the growth of the corridor. New support services for the hospital have developed, including a 110 room hotel. In addition to hotels, assisted living facilities continue to grow in the area. A recently constructed senior care facility was completed along with a major physical therapy center. Samaritan Hospice is constructing an inpatient hospice facility adjacent to the Virtua campus which will add to the “Medical Mile” as another key anchor for the corridor. As the medical facilities grow so do retail facilities along the corridor. New stores and restaurants continue to open.

The Comar Holding Company was awarded a tax incentive by the NJEDA in the amount of \$850,000 which is expected to create approximately 118 new jobs in the Township.

Winslow Township:

The Camden County Municipal Utilities Authority completed a \$50 million dollar construction project to provide 25 miles of sewer pipelines. This project has allowed the township to jumpstart new projects including a new 30,000 square foot CarMax used car super store to be located along Cross Keys road. In addition, new housing opportunities and retail projects have all gained momentum with the completion of the sewer project.

Other businesses which have been awarded tax incentives by the NJEDA in the Township include:

COUNTY DEBT INFORMATION

General Information

The State has enacted certain statutes regulating the authorization and issuance of debt by governmental units. The statutory gross debt must include all debt authorized plus all debt issued which remains outstanding. Debt, bonds or notes, which have been refunded, and payment for which is made from escrowed U.S. Treasury securities or other permitted investments, is considered defeased. However, any debt which is self-supporting or which is payable from other sources may be deducted from the statutory gross debt to arrive at the amount of statutory net debt. The statutory net debt figure is the amount used to determine whether a local governmental unit is within the limit of its statutory borrowing power.

Subject to certain exceptions, the County's debt incurring power is limited by State statute to 2.00% of the equalized valuation, determined annually by the State, of all taxable property within the County (see "-Statutory Borrowing Power" below). The County's general purpose bonds must be issued in serial form with the first principal payment to occur within one year of an issue's date and the final maturity not to exceed the weighted average useful life of the capital improvement(s) funded with the proceeds of such general purpose bonds. Subject to certain exceptions, general purpose bonds must be sold on a competitive bid basis and the amount bid for a bond issue may not exceed \$1,000 above or be less than the principal amount of a bond issue. Except in certain instances, refunding bonds may be sold, at public or private sale, with the approval of the New Jersey Local Finance Board (the "LFB"). Notes may be sold on a competitive, negotiated, or private sale basis for a period of one year, and may be renewed annually, but the final maturity may not exceed the first day of the fifth month immediately following the end of the tenth fiscal year following the original date of issuance.

Appropriation Not Required for Payments on Debt

It is not necessary to have an appropriation in order to release money for debt service on obligations. N.J.S.A. 40A:4-57 provides that "No officer, board, body or commission shall, during any fiscal year, expend money (except to pay notes, bonds or interest thereon), incur any liability, or enter into any contract which by its terms involves the expenditure of money for any purpose for which no appropriation is provided, or in excess of the amount appropriated for such purpose." N.J.S.A. 40A:2-4 provides that "The power and obligation of a local government unit to pay any and all bonds and notes issued by it pursuant to this Chapter, or any act of which this Chapter is a revision, shall be unlimited...."

Limitation on Tax Levy/Appropriations

Chapter 68 of the Pamphlet Laws of 1976 (N.J.S.A. 40A:4-45.1, et seq.), as amended and supplemented (the "CAP law"), imposes restrictions which limit the allowable increase in the County's tax levy/appropriations over the previous year's tax levy/appropriations to the lesser of 2.5% or the increase in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services as published by the United States Department of Commerce (the "Cost-of-Living Adjustment"). If the Cost-of-Living Adjustment is equal to or less than 2.5%, an increase up to 3.5% will be permitted upon adoption by the County of a resolution after public notice and a public hearing. This limitation does not apply to: (i) all debt service payments; (ii) the amount of revenue generated by the increase in valuations within the County based solely on applying the preceding year's County tax rate to the apportionment valuation of new construction or improvements within the County and such increase shall be levied in direct proportion to said valuation; (iii) capital expenditures funded by any source; (iv) an increase involving certain defined categories of emergency temporary appropriations as approved by the LFB in certain cases; (v) amounts required to be paid pursuant to any contract between the County and any political subdivision or public body in connection with the provision and/or financing of projects for certain public purposes such as water, sewer, solid waste, parking, senior citizens' housing (subject to the review and approval of the LFB) or any similar purpose; or (vi) that portion of the County tax levy which

represents funding to participate in any federal or State aid program and amounts received or to be received from federal, State or other funds in reimbursement for local expenditures.

Additionally, legislation constituting P.L. 2007, c.62, effective April 3, 2007, imposed a 4% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for debt service and capital lease payments to county improvement authorities, increases to replace certain lost state aid, increases in certain pension contributions, increases in the reserve for uncollected taxes required for municipalities, and certain increases in health care costs over 4%. The LFB may approve waivers for certain extraordinary costs identified by statute and voters may approve increases over 4% not otherwise permitted by a vote of 60% of the voters voting on a public question.

Additionally, legislation constituting P.L. 2010, c.44, effective July 13, 2010, reduces the 4% cap on the tax of a municipality, county and school district to 2%, with certain exceptions, including increases required to be raised for debt service, for pension contributions and accrued liability for pension contributions in excess of 2%, for health care costs equal to that portion of the actual increase in total health care costs for the budget year that is in excess of 2% of the total health care costs in the prior year, subject to certain other limitations, and extraordinary costs incurred by a local unit directly related to a declared emergency. The voters may approve increases over 2% not otherwise permitted by a vote of a majority of the voters voting on a public question.

The CAP law does not limit the obligation of the County to levy *ad valorem* taxes upon all taxable real property within the jurisdiction of the County to pay debt service on its bonds or notes.

COUNTY LITIGATION

From time to time, the County is the subject of litigation initiated by plaintiffs seeking monetary judgments against the County. When the County is determined to be liable in such instances, the judgment against the County generally is paid from self-insurance funds and/or applicable liability insurance policies maintained by the County (see “County Insurance Programs” under the general heading “SUMMARY OF LABOR RELATIONS, BENEFITS AND INSURANCE” herein).

AUTHORITIES OF THE COUNTY

Under laws creating authorities, a local governmental unit may enter into a contract or agreement to borrow funds from an authority or, under a guaranty or deficiency type of agreement, guarantee debt service payments on debt issued by an authority. If a local governmental unit borrows funds from an authority, such borrowing is not included in a local governmental unit’s statutory gross debt. If a local governmental unit guarantees all or any part of an authority’s outstanding debt, the portion of debt service not payable from an authority’s revenues and which is guaranteed by a local governmental unit must be included in a local governmental unit’s statutory net debt amount.

The County has created three County-wide authorities: the Camden County Municipal Utilities Authority, The Camden County Improvement Authority and the Pollution Control Financing Authority of Camden County (collectively the “Authorities”). A description of each Authority and its respective outstanding debt is set forth below.

The following information applies to each of the Authorities and should be noted. None of the Authorities has the power to levy or collect taxes. The debt issued by any one of the Authorities is neither a debt nor a liability of the State, the County (except to the extent of any deficiency agreement or guaranty or other agreement), nor any other political subdivision of the State, except the respective Authority, and does not and shall not create or constitute any indebtedness of the State, the County (except to the extent of any deficiency agreement or guaranty or other agreement), or any other political subdivision of the State, except the respective Authority.

Camden County Municipal Utilities Authority

The Camden County Municipal Utilities Authority (“CCMUA”) is a public body corporate and politic of the State and was originally created as the Camden County Sewerage Authority (“Sewerage Authority”) by a resolution of the County adopted on December 5, 1967. The Sewerage Authority was reorganized in 1972 as a utilities authority and changed its name to the Camden County Municipal Utilities Authority pursuant to a resolution of the County adopted on April 13, 1972. The CCMUA operates under the supervision of nine commissioners who are appointed by the Board for five-year staggered terms. The County has entered into a deficiency agreement with the CCMUA (“Deficiency Agreement”) whereby the County is obligated to pay to the CCMUA any annual charges equal to any deficits in CCMUA revenues necessary to pay or provide for: (i) operation and maintenance expenses of the CCMUA’s regional sewer system, (ii) principal and interest payments on bonds and notes of the CCMUA in an aggregate principal amount not to exceed \$685,500,000, and (iii) the maintenance of reserves required under the bond resolution securing the CCMUA’s bonds and notes. The obligation of the County pursuant to the provisions of the Deficiency Agreement is a direct and general obligation of the County, and any annual charges are ultimately payable by the County from the levy of *ad valorem* taxes on all the taxable real property within the jurisdiction of the County in amounts sufficient to enable the County to meet its obligations under the Deficiency Agreement. ***To date, no payments have been required to be made by the County pursuant to the Deficiency Agreement.*** The County and the CCMUA may agree to amend the Deficiency Agreement at any time to increase the obligations of the County thereunder.

The CCMUA owns and operates a sewage collection and treatment system which serves all County residents connected to local sewer collection systems. The CCMUA's system does not include the local sewage collection system of any CCMUA participant, but it owns and operates interceptor sewer lines connecting the local systems to the CCMUA's sewage treatment facilities.

The CCMUA is required to charge and collect service charges for the use of its facilities such that revenues of the CCMUA will at all times be adequate to pay all operating and maintenance expenses, including reserves, insurance, extensions and replacements, and to pay punctually the principal of and interest on any bonds and notes of the CCMUA and to maintain reserves and sinking funds therefor as may be required by the terms of any agreements with the holders thereof.

The gross debt as of December 31, 2018 for the CCMUA was \$171,431,116. The County guarantees up to \$685,500,000 of debt issued by the CCMUA.

⁽¹⁾ On February 21, 1990, the CCMUA issued \$115,830,387 County Agreement Sewer Revenue Capital Appreciation Bonds, 1990 A Series and \$121,677,019 County Agreement Sewer Revenue Capital Appreciation Bonds, 1990 B Series. A majority of the proceeds were

utilized to: refund or pay a portion of the principal of and interest on the 1987 Sewer Revenue Bonds and the New Jersey Environmental Infrastructure Trust Program Fund Loan Bonds; permanently finance certain projects through the redemption in whole of the \$109,000,000 1987 Bond Anticipation Notes; make a deposit in the Debt Service Reserve Fund; and pay the expenses incurred in connection with the issuance of the 1990 B Bonds, including the payment of a municipal bond insurance premium.

As security for the CCMUA's payment obligations on the 1990 A Bonds and the 1990 B Bonds, the bond resolution creates a senior lien on and grants a security interest in the gross revenue of the CCMUA, investment earnings and other cash receipts. Interest on the 1990 A Bonds and the 1990 B Bonds will not be paid semiannually, but only upon maturity or earlier acceleration (capital appreciation bonds). Such interest accrues from the date of issuance and compounds semiannually.

The amounts outstanding reflect carrying values as of December 31, 2017.

The Camden County Improvement Authority

The Camden County Improvement Authority ("CCIA") is a public body corporate and politic of the State and was created by a resolution of the Board, adopted on March 20, 1979. The CCIA operates under the supervision of five members who are appointed by the Board for five-year staggered terms. The following table identifies those CCIA transactions in which the payment of debt service is secured either by payments pursuant to a County lease or loan agreement and/or a County guaranty. The CCIA has undertaken other bond issues; however, repayment of the debt in those transactions is secured by sources other than the County.

The CCIA has never failed to make timely payment of the principal of and/or interest on any of the bonds, notes or obligations described below.

The County has never failed to make timely payment of any payment obligations due pursuant to an agreement with the CCIA and pledged by the CCIA as security for CCIA bonds. **The County has never been required to make a payment pursuant to its guaranty of CCIA bonds or notes.**

In addition to the CCIA bond transactions listed in the table above, on October 21, 2004, the County entered into an Intergovernmental Reimbursement Agreement ("Reimbursement Agreement"), by and between the County and the CCIA, pursuant to the terms of which the County agreed to satisfy in their entirety the obligations of the CCIA to repay the principal of and interest on a loan in the original aggregate principal amount of \$1,000,000 advanced by the Delaware River Port Authority ("DRPA") to

the CCIA in 2006, in connection with a portion of the financing necessary to construct a boathouse facility (including, without limitation, a launching dock and a viewing gallery) located on the banks of the Cooper River along North Park Drive in the Township of Pennsauken. The repayment of the loan commences 39 months after the funds were released by the DRPA, payable in quarterly installments of \$15,197.04 over 23 years. Interest accrues at 2% beginning three years after the release of funds by the DRPA. Pursuant to the terms of the Reimbursement Agreement, the obligations of the County thereunder are subject to appropriation, by the Board, of the principal of and interest on the amounts due thereunder for such respective fiscal year, during the term of such Reimbursement Agreement.

Pollution Control Financing Authority of Camden County

Pursuant to the New Jersey Pollution Control Financing Law, constituting Chapter 376 of the Pamphlet Laws of 1973 of the State of New Jersey (N.J.S.A. 40:37C-1 et seq.), as amended and supplemented (“Pollution Control Law”), and the Solid Waste Management Act, constituting Chapter 39 of the Pamphlet Laws of 1970 of the State of New Jersey (N.J.S.A. 13:1E-1 et seq.), as amended and supplemented (“Solid Waste Management Act”), the State Legislature initiated a comprehensive statutory mechanism for the management of solid waste disposal in the State. Subsequently, as a result of certain rulings, the management of solid waste disposal within the State changed. See “The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit” below.

Acting pursuant to the Pollution Control Law, the Board established the Pollution Control Financing Authority of Camden County (“PCFA”) which implemented a County-wide solid waste disposal and resource recovery system, consisting of two primary components.

The first component is a 1,050 ton-per-day mass burn, waste-to-energy, facility, located in Camden City (“Resource Recovery Facility”). The Resource Recovery Facility was constructed and is owned and operated by Camden County Energy Recovery Associates, L.P. (“Partnership”), a New Jersey limited partnership. Prior to August 19, 2013, the general partner of the Partnership was a second-tier wholly-owned subsidiary of Foster Wheeler Ltd. On August 19, 2013, the prior general partner sold its partnership interest in the Partnership to a subsidiary of Covanta Energy Corporation.

Two solid waste franchises were granted by the New Jersey Department of Environmental Protection (“NJDEP”), which franchises, when granted, collectively required the disposal and processing of the municipal solid waste generated in each municipality within the County to occur at the Resource Recovery Facility and the Landfill (as hereinafter defined). The disposal and processing of the solid waste generates electrical energy, which is sold by the Partnership to an electric utility pursuant to a power purchase agreement. The second component is the Pennsauken Sanitary Landfill (“Landfill”) where disposal of bypass waste and residue from the operation of the Resource Recovery Facility and disposal of construction and demolition waste take place.

The Financing of the Solid Waste Management System of the County

In order to finance the infrastructure required to implement the County’s solid waste management system, including the construction of the Resource Recovery Facility, several series of bonds were previously issued by the PCFA, all of which have been fully amortized or paid. Accordingly, there are no remaining outstanding debt obligations of the PCFA related to the implementation of the County’s solid waste management system.

Notwithstanding the foregoing, the PCFA has specific ongoing reimbursement obligations pursuant to and in accordance with that certain Emergent Funding and Reimbursement Agreement, dated November 29, 2010, between the PCFA and the State, acting by and through the NJDEP (“Reimbursement Agreement”).

Pursuant to the Reimbursement Agreement, the PCFA was permitted to utilize certain unrestricted and restricted funds of the PCFA, and the State agreed to appropriate and provide certain monies to the PCFA, in an amount sufficient to pay the final principal payment and interest due on the PCFA’s then-

outstanding solid waste resource recovery revenue bonds (“Remaining Bond Payment”). Specifically, pursuant to the Reimbursement Agreement: (i) the PCFA utilized \$1,550,305.55 of available funds in its bond indenture accounts; (ii) the PCFA utilized \$3,449,694.45 of its unrestricted funds; (iii) the State provided \$2,100,000 in funds to the PCFA from funds made available pursuant to an appropriation in the Fiscal Year 2011 Appropriations Act; and (iv) pursuant to an administrative consent order executed by the Commissioner of the NJDEP, dated November 29, 2010, the PCFA was permitted to utilize \$10,106,062.50 from its Statutory Escrow Accounts (“Statutory Accounts”) and \$8,000,000 from its Board of Public Utilities Closure Account (“BPU Closure Account” and together with the Statutory Accounts, the “Restricted PCFA Funds”), for the purpose of making the Remaining Bond Payment.

As a condition to the utilization of the Restricted PCFA Funds, the terms and provisions of the Reimbursement Agreement require the PCFA to provide annual reimbursement to the Restricted PCFA Funds of the amounts previously withdrawn, together with accrued interest thereon (“Total Reimbursement Amount”), in whole or in part, as applicable, by depositing certain available funds of the PCFA (including certain appropriations made by the State, if available) back into the PCFA Restricted Funds over a term of years (“NJDEP Reimbursement”). Specifically, the PCFA is required to include in its annual budget, beginning with its budget for fiscal year 2011, an amount equal to the “Estimated Net Available Funds” of the PCFA, which includes the estimated funds available for the reimbursement of the Restricted PCFA Funds, calculated as the estimated total annual gross receipts, revenues and proceeds estimated to be received by the PCFA from operations, dispositions or any other source, less all anticipated expenditures for such fiscal year, including, without limitation, all operating costs, payments on indebtedness, general and administrative expenses, and all reserves of the PCFA. On December 31 of such year, the PCFA is required to deposit into the Restricted PCFA Funds the actual amount of funds then available, together with any available appropriations made by the State to the PCFA in such year, for purposes of paying all or a portion of the Total Reimbursement Amount. Any amounts due and owing relative the Total Reimbursement Amount shall be carried over into the subsequent year until such time as the Total Reimbursement Amount is paid in full (anticipated within five (5) years from 2011).

The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit

On May 1, 1997, in Atlantic Coast Demolition & Recycling, Inc. v. Board of Chosen Freeholders of Atlantic County, 112 F.3d. 652 (3d Cir. 1997), the United States Court of Appeals for the Third Circuit held that New Jersey’s solid waste management system unconstitutionally discriminates against out-of-state operators of waste disposal facilities and, therefore, violates the Commerce Clause of the United States Constitution. Certain parties in the Atlantic Coast litigation filed a petition for writ of certiorari with the United States Supreme Court seeking a review of the decision of the Third Circuit. On November 10, 1997, the United States Supreme Court denied the petition for writ of certiorari.

Based upon the Atlantic Coast decision, the method used to select and operate the Resource Recovery Facility and the Landfill as the facilities designated for the disposal of all of the solid waste generated by each municipality within the County appeared to unconstitutionally restrict interstate commerce.

On January 29, 1996, following an interim ruling in the Atlantic Coast case which invalidated regulatory flow control for certain construction and demolition waste (“C&D Waste”), the PCFA reduced tipping fees for C&D Waste delivered to the Landfill to a reduced market rate. On November 17, 1997, following the denial of certiorari by the United States Supreme Court in the Atlantic Coast case, the Partnership unilaterally reduced system tipping fees being collected by the Partnership at the Resource Recovery Facility to a level less than that imposed by the PCFA. This was a response by the Partnership to price competition and the resulting decrease in the volume of solid waste being delivered for processing at the Resource Recovery Facility. Since that time, tipping fees at the Resource Recovery Facility have been reduced and/or increased to a market competitive rate in an effort to maximize operating revenues.

The Response of the County to the Atlantic Coast Decision

In an attempt to address, among other things, the structure of the County's solid waste management plan in the aftermath of the Atlantic Coast decision, on September 18, 1997, the Board adopted a resolution authorizing an amendment to the solid waste management plan of the County. The plan amendment is entitled "A Strategy for the Disposal of Solid Waste Generated Within the Camden County Solid Waste Management District and for the Satisfaction of Solid Waste Disposal Related Debt Obligations After the Implementation of the Atlantic Coast Court Decision" ("September 1997 Solid Waste Management Plan Amendment"). The September 1997 Solid Waste Management Plan Amendment directed that the PCFA procure disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. Further, the PCFA was directed to continue to aggregate its disposal and administrative costs and impose a unified tipping fee on all waste collected for disposal within the County.

On November 14, 1997, the Commissioner of the NJDEP issued a certification with respect to the September 1997 Solid Waste Management Plan Amendment of the County ("NJDEP Certification"). The NJDEP granted approval with regard to that aspect of the September 1997 Solid Waste Management Plan Amendment governing the procurement of disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. However, since the procurement process had not yet been completed, such NJDEP approval of this aspect of the September 1997 Solid Waste Management Plan Amendment was made contingent upon receipt by the NJDEP of a subsequent amendment or administrative action that documents the awarding of a nondiscriminatory bid contract(s).

Finally, the NJDEP determined to be unenforceable the establishment by the September 1997 Solid Waste Management Plan Amendment of flow control during the interim period between judicial abrogation of the then current disposal contracts and the completion of the procurement of new disposal capacity in a manner that does not discriminate against interstate commerce. The NJDEP has concluded that the lifting by the Third Circuit of the District Court's stay of the injunction against the enforcement of flow control precludes even this interim control of flow as anticipated by the September 1997 Solid Waste Management Plan Amendment.

For the purpose of responding to the remaining issues cited by the NJDEP Certification, on December 29, 1997, the Board adopted a resolution authorizing a further amendment to the solid waste management plan of the County. The plan amendment is entitled "A Modified Strategy for the Disposal of Solid Waste Generated within the Camden County Solid Waste Management District, Following the November 10, 1997 Implementation of the Atlantic Coast decision, and Following the New Jersey Department of Environmental Protection's Acceptance in Part, Rejection in Part and Remand in Part of Camden County Plan Amendment 81-9-97 Adopted September 18, 1997" ("December 1997 Solid Waste Management Plan Amendment"). In compliance with the NJDEP Certification, the December 1997 Solid Waste Management Plan Amendment deleted from the solid waste management plan of the County the establishment of flow control during the interim period between judicial abrogation of the disposal contracts and the completion of procurement of new disposal capacity in a manner that does not discriminate against interstate commerce.

The December 1997 Solid Waste Management Plan Amendment was submitted to the NJDEP for consideration of approval. On June 29, 1998, the Commissioner of the NJDEP issued a certification with respect to the December 1997 Solid Waste Management Plan Amendment. The NJDEP, among other things, (i) approved the deletion of the reference to the retention of regulatory flow control during the interim period prior to completion of nondiscriminatory procurement, and (ii) approved the inclusion of a strategy to complete a nondiscriminatory procurement process and to thereby regulate the flow of waste as a market regulator (although the NJDEP stressed that separate approval of the actual results of such procurement will be required).

On December 5, 1997, the PCFA opened bids and proposals submitted with respect to the reprocurement by the PCFA of solid waste disposal services. For a period of time thereafter, the bids and proposals, as well as supplements thereto solicited by the PCFA during 2000, were considered by the PCFA and its professional advisors. During a portion of such period, the PCFA engaged in substantive negotiations with the Partnership, as one of the responding proposers, for the purpose of attempting to agree upon the final terms and conditions of a long-term solid waste services disposal agreement. Upon the completion of such process, the contract for the reprocurement of solid waste disposal services was awarded by the PCFA to the Partnership. Such contract between the PCFA and the Partnership (the "Reprocurement Agreement") was signed on July 25, 2001, and on such date such Reprocurement Agreement was submitted by the PCFA to the State for approval, in satisfaction of applicable statutory requirements. In response to the submission to the State by the PCFA, the State submitted questions to the PCFA via interrogatories. The PCFA responded to the interrogatories of the State on November 5, 2001 and has not received further communication from the State with regard to the Reprocurement Agreement. The period during which the State may approve or reject the Reprocurement Agreement has lapsed. The obligations of the PCFA and the Partnership pursuant to the terms of the Reprocurement Agreement were subject to the satisfaction of certain conditions precedent identified in the Reprocurement Agreement. Such conditions precedent were not satisfied by the specified date and, therefore, the Reprocurement Agreement has automatically terminated. No further reprocurement agreements were executed. The 1985 Service Agreement between the PCFA and the Partnership expired on July 1, 2011.

Proposed Dissolution of the PCFA

The County has preliminarily determined that the best interests of the residents of the County would be served by the dissolution of the PCFA to be accomplished pursuant to the requirements of the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1, et seq., as amended and supplemented ("Local Authorities Fiscal Control Law"), including N.J.S.A. 40A:5A-20. The County has also preliminarily determined that the dissolution of the PCFA could result in savings to the County by reducing overall costs by combining operations and providing services in a more efficient manner.

In connection with the proposed dissolution, the County, the PCFA and the CCIA have collectively preliminarily determined that it would be in the best interests of the residents of the County for the CCIA to: (i) upon dissolution, on a going-forward basis, assume the responsibility and otherwise provide for the payment of all creditors or obligees of the PCFA, (ii) assume ownership of the Landfill, and (iii) provide all of those services previously provided by the PCFA. On April 14, 2011, the Commissioners of the CCIA adopted a resolution preliminarily authorizing the CCIA, upon dissolution, on a going-forward basis, to assume responsibility and otherwise provide for the payment of all creditors and obligees of PCFA upon dissolution of PCFA and to assume ownership and operation of the Landfill ("CCIA Assumption Resolution").

Finally, the PCFA has preliminarily determined to voluntarily accede to the dissolution and to cooperate with the County and the CCIA in connection with the dissolution and transfer of the Landfill and other assets of the PCFA to CCIA. To that end, the PCFA adopted resolutions on March 22, 2011 and May 24, 2011, preliminarily authorizing the dissolution and the transfer of the PCFA's assets and liabilities to the CCIA.

Pursuant to Section 20 of the Local Authorities Fiscal Control Law, the PCFA may be dissolved by the County, subject to approval of the Local Finance Board. On May 19, 2011, the Board of Chosen Freeholders of the County introduced an ordinance authorizing the dissolution of the PCFA and making certain other determinations in connection therewith ("Dissolution Ordinance"). The Dissolution Ordinance provides, as a condition to dissolution, for the CCIA to provide, upon dissolution, on a going-forward basis, for the payment of all creditors and obligees of the PCFA (including the NJDEP). The CCIA Assumption Resolution provides for the CCIA, upon dissolution, on a going-forward basis, to be responsible for all of the PCFA's outstanding obligations (including the NJDEP Reimbursement) and for the provision of all the services previously provided by the PCFA, including ownership and operation of the Landfill and to take possession of any and all assets and property (including real property), rights and privileges of the PCFA, including contract rights, permits, claims, defenses, causes of action, and all tangible and intangible interests.

In accordance with the Local Authorities Fiscal Control Law, the County and the CCIA may in the future complete an application to be submitted to the Local Finance Board seeking approval for the final adoption of the Dissolution Ordinance. As of the date hereof, however, no such application has been filed. If an application is made and approved by the Local Finance Board for the final adoption of the Dissolution Ordinance, the County, the PCFA and the CCIA shall undertake and complete all legal and procedural requirements necessary to effectuate the dissolution of the PCFA and the transfer of the PCFA's assets and liabilities to the CCIA as described above. Additionally, upon determination to proceed with the filing of an application to the Local Finance Board, the PCFA and the CCIA shall undertake and complete all necessary procedural and legal requirements relative to the transfer of the Landfill and related assets to the CCIA upon dissolution of the PCFA.

Litigation Concerning the Pennsauken Sanitary Landfill

The PCFA acquired the Pennsauken Sanitary Landfill ("Landfill") from the Township of Pennsauken ("Pennsauken") and the Pennsauken Solid Waste Management Authority ("PSWMA") in December 1991, pursuant to the provisions of the Amended and Restated Operations Transfer Agreement, dated October 11, 1991 (the "AROTA"), among the PCFA, the PSWMA, Pennsauken and the County. Prior to that time, the Landfill was operated by the PSWMA on land owned by Pennsauken. Since acquisition the PCFA has continued to operate the Landfill for disposal of bypass waste, residue from the operation of the Resource Recovery Facility, and the disposal of construction and demolition waste.

There are long-standing claims regarding the remediation of the contamination of the Landfill. The PSWMA executed an Administrative Consent Order ("ACO") with the New Jersey Department of Environmental Protection in December 1988. The ACO obligated the PSWMA to remediate contamination caused by the Landfill. The PCFA assumed the remediation obligations of the PSWMA pursuant to the AROTA. The PCFA, PSWMA and Pennsauken were plaintiffs in ongoing litigation seeking the recovery of costs associated with remediation necessary pursuant to the ACO. Counterclaims were made against Pennsauken. Pennsauken was represented by counsel for one of its insurance carriers. Trial in this litigation commenced on January 20, 2009. By the end of the second day of trial, all claims in the litigation were settled in principle. The PCFA and some defendants continue to review and execute settlement agreements. Pursuant to the settlement agreements, all defendants have been given releases and indemnification protection by the PCFA and Pennsauken. Settlement documents with Ward Sand and Materials Company and James D. Morrissey, Inc. (the "Ward Sand parties") (the prior landfill owner and operator) are in the process of being finalized. In the meantime, the Ward Sand parties have satisfied their payment obligations. Pursuant to the ACO, the PCFA is primarily responsible for the liability associated with the contamination at the Landfill either directly as a successor to the PSWMA under the ACO or indirectly through the indemnification provisions of the AROTA. In the event that the litigation settlement proceeds are not sufficient to remediate the contamination at the Landfill, Pennsauken could be potentially responsible pursuant to the indemnification provisions in the various settlement agreements. Additionally, it is possible that the County could be responsible for all or a portion of such liability under the AROTA. To date, \$15,603,370.29 in settlement proceeds have been collected from all of the settling parties. Recent estimates project that the remediation cost to be approximately this amount or less. They

are premised on the designed system accomplishing the remediation as presently designed. Design modifications could be necessary. Additionally, it is presently anticipated that the remediation can accomplish the desired goals in approximately 10-30 years. Contingencies could arise which could impact the design of the remediation system or the length of time in which it must be in operation. Therefore, it is impossible to determine at this time what the exact cost of the PCFA's remediation obligations will be. While it is impossible to estimate the likelihood of such an outcome, any such liability of the PCFA and/or the County could have a material adverse impact upon their respective financial conditions. In the event of a dissolution of the PCFA, any existing or potential liabilities of the PCFA would pass to the CCIA.
