Report on the Financial Statements

We have audited the accompanying financial statements of Camden County Board of Social Services, a component unit of the County of Camden, which comprise the statement of assets, liabilities and fund balances - regulatory basis as of December 31, 2019, and the related statement of receipts, disbursements, and changes in fund balances – regulatory basis for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles and practices prescribed by the New Jersey Department of Human Services, Division of Family Development; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the New Jersey Department of Human Services, Division of Family Development. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Auditor's Responsibility (continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1C, the Camden County Board of Social Services prepares its financial statements using accounting practices prescribed by the New Jersey Department of Human Services, Division of Family Development, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the effects of the matters, as discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Camden County Board of Social Services, as of December 31, 2019, and the results of its operations and changes in fund balances for the year then ended.

Basis for Qualified Opinion on Regulatory Basis of Accounting

The Camden County Board of Social Services has included fund balances and activity of the Assistance Fund in the financial statements that was not in conformity with the accounting practices prescribed by the New Jersey Department of Human Services, Division of Family Development County Welfare Agency Accounting Manual, Ruling 12, as described in Note 1C. Specifically, we were unable to obtain sufficient and appropriate audit evidence for the Assistance Fund balance and activity because bank reconciliations were not prepared for the Assistance Fund for the entire year ended December 31, 2019, dating back to October 31, 2018. Consequently, we were unable to determine that the fund balance and activity of the Assistance Fund was properly stated.

Opinion on Regulatory Basis of Accounting

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion on Regulatory Basis of Accounting section of our report, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balance – regulatory basis of the Camden County Board of Social Services, as of December 31, 2019, and results of its receipts, disbursements, and changes in fund balances in conformity with accounting principles and practices prescribed by New Jersey Department of Human Services, Division of Family Development, as described in Note 1.

Other Matters

Report on Supplementary Information

Our audit was made for the purpose of forming an opinion on the financial statements referred to in the first paragraph as a whole. The supplementary financial statements presented as Schedule 1 through 7, on pages 29-36, are presented for purposes of additional analysis as required by New Jersey Department of Human Services, Division of Family Development and are not a required part of the above financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance, on pages 13-14, are presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”) and New Jersey OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are also not a required part of the above financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the possible effects on Schedule 1 of the matter described in the Basis for Qualified Opinion on Regulatory Basis of Accounting section of our report, the information is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 6, 2021 on our consideration of the Camden County Board of Social Services' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Camden County Board of Social Services' internal control over financial reporting and compliance.

**CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019**

1. Summary of Significant Accounting Policies

A. Organization

The Camden County Board of Social Services (CCBSS) is a component unit of the County of Camden providing various social services to qualified individuals whose income is below certain specified limits. CCBSS provides residents with financial assistance through Temporary Assistance to Needy Families (TANF), General Assistance Program, Child Support and Paternity Services, Food Stamps, Medicaid, Medically Needy, Employment Programs, Homeless Services and other social service programs.

CCBSS is exempt from income taxes.

B. Reporting Entity

Governmental Accounting Standards Board (GASB) publication, *Codification of Governmental Financial Reporting Standards*, Section 2100, "Defining the Financial Reporting Entity", establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to resources and significance) should be included in the financial reporting entities. CCBSS would be considered a component unit of the County of Camden based on the requirements of GASB. However, as the reporting entity of the County of Camden was established in accordance with New Jersey statutes, the primary government financial statements do not include reporting on component units.

C. Basis of Financial Statements

The accompanying financial statements have been prepared in accordance with the County Welfare Agency Accounting Manual, Ruling 12 published by the State of New Jersey, Department of Human Services, Division of Family Development (DFD). The accounting practice prescribed is based on cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. A summary of the major differences is as follows:

- Revenues and expenses are recorded on cash basis. Under this basis revenues are recognized when collected rather than when earned, and expenses are recognized when paid rather than when incurred.

CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

1. Summary of Significant Accounting Policies (continued)

C. Basis of Financial Statements (continued)

- Assistance Fund transactions, after the first of each month, are reflected in the subsequent month's activity. The Assistance Fund report reflects financial activity in each year for the period of December 2 of the prior year through December 1 of the current year.
- A statement of cash flows is not required by Ruling 12.
- Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit and short term investments with original maturities of three months or less.
- Short Term Investment – A debt or equity security that is expected to be sold or converted to cash in the next 3 to 12 months.
- Fixed Asset purchases are recorded as expenses and are not capitalized or depreciated by the Agency.
- Prepaid items are charged as expenses when paid and such items from the prior period have not been amortized.
- Unrestricted funds consist of amounts that are available for use in carrying out the administration of CCBSS and are discretionary as to their use.
- Restricted funds result from grantor agencies or donors who place restrictions on the use of the funds which mandate the purpose(s) for which the funds may be utilized.

D. Description of Funds

In order to ensure resources are used for their intended purpose, Camden County Board of Social Services has established certain funds to account for these resources:

- **Assistance Fund** - Consists of monies held in a State of New Jersey account, in which receipts are direct wires from the New Jersey Division of Family Development, and disbursements are made to Social Security and TANF clients through EBT (Electronic Benefits Transfer-plastic cards).
- **Administration Fund** - All administrative expenses are recorded to this account. Funding is received from the New Jersey Division of Family Development.
- **General Assistance Fund** - Receipts are from the State of New Jersey for single individuals. Reporting of these transactions is recorded through the General Assistance Automated System (GAAS).

**CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019**

1. Summary of Significant Accounting Policies (continued)

D. Description of Funds (continued)

- **Unemployment Trust Fund** - CCBSS is self-funded for unemployment insurance.
- **Clearing Fund** - Reimburses various programs for funds that represents the recoupment of various types of overpayments, recoveries, and funds initially not identifiable.
- **Child Support and Paternity Fund** - Through the Automated Child Support Enforcement System (ACSES) or NJKIDS collects child support funds and remits through wire transfers to CCBSS.
- **Reach Account** - Assistance account used to make emergency utility payments, prevent utility shut-off, and record transportation expenses. The OMEGA system tracks these transactions.
- **General Fixed Asset Account Group** - Accounts for all fixed asset additions and retirements. Fixed assets are not depreciated.

E. Economic Dependency

Camden County Board of Social Services receives a substantial amount of its support from federal and state governments. A significant reduction on the level of support, if this were to occur, may have an effect of CCBSS' programs and activities.

2. Funding

Services provided by CCBSS were performed under a budget which has been approved by the State of New Jersey Divisions of Family Development, Youth and Family Services, and Medical Assistance and Health Services. Formal written requests for budget transfers are required for certain deviations from the approved budget statement. Funding for the year ended December 31, 2019, was available from Federal, State and Camden County sources.

In addition to the funding referred to above, CCBSS received grant contract funding. A grant/contract is an agreement, written or oral between a County Welfare Agency (CWA) (Grantee) and a person or organization (Grantor) to administer specific services, in which the Grantee is reimbursed directly, in whole or in part, as the agreement specifies, by the Grantor.

3. Management Estimates

The preparation of financial statements in accordance with the basis of financial statements discussed in the summary of significant accounting policies requires the management of CCBSS to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

4. Fixed Assets

Fixed Assets are charged against budget appropriations at the time of acquisition. Values reflected in the accompanying Combined Statement of Assets, Liabilities and Fund Balances are based on acquisition costs reported to the Division of Family Development since approximately 1976 to present, less the cost of items retired, replaced, etc. based on a comprehensive accounting of the current balance of inventory on hand.

5. Pension Plans

Plan Description

All eligible employees participate in the Public Employees' Retirement System (PERS), or the Defined Contribution Retirement Program (DCRP) which has been established by state statute and is administered by New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations will be assumed by the State of New Jersey should the System terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

Vesting and Benefit Provisions

The vesting and benefit provisions to PERS are set by N.J.S.A. 43:3B. All benefits vest after eight to ten years of service, except for medical benefits, which vest after 25 years of continuous service. Retirement benefits for age and service are available age 60 and, under recently enacted legislation are generally determined to be 1/60 of final average salary for each year of service credit. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation, if other than the final three years). Members may seek early retirement after achieving 25 years' service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019

5. Pension Plans (continued)

Funding Policy

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey regulations. For PERS, the contribution rate was 6.5% of base salary from October 1, 2011 thru June 30, 2012 and increased to 6.64% effective July 1, 2012. Subsequent increases after October 1, 2011 are being phased in over 7 years on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018. Employers are required to contribute at an actuarially determined rate. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits. Employee contributions to DCRP are based on a percentage of 5.50% of the employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

6. Post-Employment Benefits

The Board participates in the New Jersey State Health Benefits Program (the SHBP), which qualifies as a cost-sharing, multiple-employer plan in accordance with GASB Statement 45 "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions" (OPEB). The SHBP is administered by the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits.

Under the SHBP, retirees may continue the health benefits programs in which they are enrolled at the time of retirement.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issued publicly available financial reports that include the financial statements and required supplementary information of the SHBP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The SHBP is established under the authority of N.J.S.A. 52:14-17.25 et seq. and regulations adopted by the State Health Benefits Commission. The required contribution rate is determined on an annual pay as you go basis.

7. Advance Payable

The \$100,000 represents cash advances received by CCBSS from the DFD to be utilized in the payment of expenditures. This amount would be payable upon cessation of the REACH fund program, to the State of New Jersey or its designee.

**CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2019**

8. Contingencies

Camden County Board of Social Services is periodically involved in various lawsuits arising in the normal course of business. In the opinion of CCBSS management, the liability, if any, for such contingencies will not have a material adverse effect on their financial position

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by CCBSS as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Camden County Board of Social Services officials expects such amounts, if any, to be immaterial.

9. Fund Balance Adjustments

The fund balances in the Clearing Fund and Child Support and Paternity Fund (CSP) were adjusted by \$(9,930) and \$765 respectively to correct prior period reporting errors.

10. Investments

Camden County Board of Social Services invested a portion of the Administration Fund balance on March 21, 2016 through the purchase of shares of a Medium Term Note (of the Federal Home Loan Mortgage Corporation). As of December 31, 2019, this investment had a cost basis of \$4,026,976 and a market value of \$4,023,990.

11. Subsequent Events

Subsequent events related to the Statement of Assets, Liabilities, and Fund Balance (Deficit) occurring after December 31, 2019 have been evaluated through January 6, 2021 which is the date the financial statements were available to be issued. No additional disclosures other than those indicated in the accompanying notes are required to be made.

CAMDEN COUNTY BOARD OF SOCIAL SERVICES
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2019

1. General Information

The accompanying Schedule of Expenditures of Federal and State Awards include all of the federal and state grant activity of the Camden County Board of Social Services. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”) and New Jersey OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*.

2. Basis of Accounting

The accompanying Schedule of Expenditures of Federal and State Awards is presented using the cash basis of accounting. Expenditures are reported for the year ended December 31, 2019 except for Temporary Assistance for Needy Families (TANF) Public Assistance (CFDA No. 93.558) which are reported on a December 1 fiscal year end basis consistent with the basic financial statements. Additionally, the TANF amount has been presented as “Gross” expenditures excluding the effect of Federal and State collections as a result of a change in reporting by the New Jersey Department of Human Services, Division of Family Development.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Department of Human Services
Division of Family Development
PO Box 716
Trenton, NJ 08625

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Camden County Board of Social Services, a component unit of the County of Camden as of and for the year ended December 31, 2019 and have issued our report thereon dated January 6, 2021. As described in Note 1C, our report refers to the preparation of the financial statements in accordance with the practices and procedures prescribed or permitted by the New Jersey Department of Human Services which is other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Camden County Board of Social Services' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Camden County Board of Social Services' internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the agency's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control Over Financial Reporting (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did identify a certain deficiency in internal control that we consider to be a material weakness as described in the accompanying schedule of findings and questioned costs as finding number 2019-001.

We also noted certain matters, which we have reported to the management of the New Jersey Division of Family Development and Camden County Board of Social Services in a separate letter dated January 6, 2021.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Camden County Board of Social Services' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Agency's Response to Findings

Camden County Board of Social Services' response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Camden County Board of Social Services' response and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE
AND NJ OMB CIRCULAR 15-08

Department of Human Services
Division of Family Development
PO Box 716
Trenton, NJ 08625

Report on Compliance for Each Major Federal and State Programs

We have audited Camden County Board of Social Services' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *NJ State Grant Compliance Supplement for Major State Programs* that could have a direct and material effect on each of Camden County Board of Social Services' major and federal and state programs for the year ended December 31, 2019. Camden County Board of Social Services' major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Camden County Board of Social Services' major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey OMB Circular Letter 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, the Uniform Guidance

Auditor's Responsibility (continued)

and NJ OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about Camden County Board of Social Services' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Camden County Division of Social Services' compliance.

Opinion on Each Major Federal and State Program

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion on Regulatory Basis of Accounting section of our Independent Auditor's Report, Camden County Board of Social Services' complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of Camden County Board of Social Services is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Camden County Board of Social Services' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state programs and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Camden County Board of Social Services' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control Over Compliance (continued)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control over compliance that we consider to be a material weakness as described in the accompanying schedule of findings and questioned costs as finding number 2019-001.

We also noted certain matters, which we have reported to the management of the New Jersey Division of Family Development and Camden County Board of Social Services in a separate letter dated January 6, 2021.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

SECTION II – FINANCIAL STATEMENT FINDINGS

Finding #2019-001: (Material Weakness)

All Agency Funds

- Condition: There were no bank reconciliations prepared for the entire year ended December 31, 2019, as of the first day of audit fieldwork in August 2020, for the following funds: Clearing Fund, Child Support and Paternity (CSP) Fund, and Assistance Fund. Additionally, investment account reconciliations were not prepared for statements received as a result of investment activity in the Administration Fund. The Agency did prepare bank reconciliations for the Clearing and CSP funds through December 31, 2019 during audit fieldwork. However, the Agency did not prepare any bank reconciliations for the Assistance Fund and Administration Fund investment account as of the end of fieldwork in November 2020. The last bank reconciliation prepared for the Assistance Fund was as of October 31, 2018 and no prior bank reconciliations at all were available for the Administration Fund investment account.
- Criteria: New Jersey Department of Human Services County Welfare Agency Accounting Manual (Ruling 12), Chapter 1, Section 1330 requires bank reconciliations be completed promptly at the end of each month and that proper controls are assured for such reconciliations.
- Effect: Generally, as a result of the conditions identified, the Agency's required monthly reporting may be incorrect. In addition, internal controls related to the Agency's bank accounts are weakened and transactions and balances in these funds may be misstated and not readily detected.

**CAMDEN COUNTY BOARD OF SOCIAL SERVICES
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2019**

SECTION II – FINANCIAL STATEMENT FINDINGS

Finding #2019-001: (Material Weakness) (continued)

All Agency Funds (continued)

Effect: (Continued)

Specifically, while completing the bank reconciliations for the Clearing and CSP funds, the Agency determined that certain transactions were misstated on Clearing WFNJ-222 and CSP WFNJ-106 forms, and revised forms were prepared that included restated balances as follows:

- Clearing Fund balance at 12/31/18 revised by \$(9,930) from \$29,465 to \$19,535.
- Clearing Fund balance at 12/31/19 revised by \$(144,345) from \$138,346 to \$(5,999).
- CSP Fund balance at 12/31/18 revised by \$765 from \$219,614 to \$220,379.
- CSP Fund balance at 12/31/19 revised by \$334 from \$237,346 to \$237,680.

The Agency had not yet submitted the revised forms to the Division of Family Development (DFD) as of the last day of audit fieldwork. Additionally, the Clearing Fund bank reconciliation at 12/31/19 indicated that the balance was further overstated by \$2,725 with an adjusted balance of \$(8,724).

Furthermore, because the nature and extent of potential misstated transactions and balances related to the Assistance Fund during the audit period could not be quantified due to the lack of fund reconciliations since October 31, 2018, and due to the overall significance of the Assistance Fund to the financial statements and related supplementary schedules as a whole, an unmodified opinion could not be rendered in the accompanying Independent Auditor's Report.

Cause: The cause was undetermined.

SECTION II – FINANCIAL STATEMENT FINDINGS

Finding #2019-001: (Material Weakness) (continued)

All Agency Funds (continued)

Recommendation: It is recommended that the Camden County Board of Social Services prepare all past due bank reconciliations, prepare all bank reconciliations going forward in a timely manner, and ensure that all bank reconciliations reflect proper preparer and reviewer signatures/initials and dating. Furthermore, any/all revisions required to transactions and/or fund balances in specific fund reports (e.g. Clearing WFNJ-222, CSP WFNJ-106, and Assistance WFNJ-205) should be submitted to DFD in a timely manner.

Agency Response: Bank Reconciliations will be prepared for the Assistance Fund, and Investment Account. All bank reconciliations will be prepared in a timely manner.

SECTION IV – STATE AWARD FINDINGS AND QUESTIONED COSTS

Finding #2019-001:

WFNJ General Assistance (GA) – State Appropriation #100-054-7550-121

WFNJ GA Administrative Costs – State Appropriation #100-054-7550-121

Condition: There were no bank reconciliations prepared for the entire year ended December 31, 2019, as of the first day of audit fieldwork in August 2020, for the following funds: Clearing Fund, Child Support and Paternity (CSP) Fund, and Assistance Fund. Additionally, investment account reconciliations were not prepared for statements received as a result of investment activity in the Administration Fund. The Agency did prepare bank reconciliations for the Clearing and CSP funds through December 31, 2019 during audit fieldwork. However, the Agency did not prepare any bank reconciliations for the Assistance Fund and Administration Fund investment account as of the end of fieldwork in November 2020. The last bank reconciliation prepared for the Assistance Fund was as of October 31, 2018 and no prior bank reconciliations at all were available for the Administration Fund investment account.

Finding #2019-001:

There were no bank reconciliations prepared for the entire year ended December 31, 2019, as of the first day of audit fieldwork in August 2020, for the following funds: Clearing Fund, Child Support and Paternity (CSP) Fund, and Assistance Fund. Additionally, investment account reconciliations were not prepared for statements received as a result of investment activity in the Administration Fund. The Agency did prepare bank reconciliations for the Clearing and CSP funds through December 31, 2019 during audit fieldwork. The last bank reconciliation prepared for the Assistance Fund was as of October 31, 2018 and no prior bank reconciliations at all were available for the Administration Fund investment account.

Corrective Action Plan: Bank Reconciliations will be prepared for the Assistance Fund, and Investment Account. All bank reconciliations will be prepared in a timely manner

Responsible Party: Accountant, Fiscal Officer

Anticipated Completion Date: Immediately

**CAMDEN COUNTY BOARD OF SOCIAL SERVICES
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
YEAR ENDED DECEMBER 31, 2019**

Finding #2018-001:

Condition: Bank reconciliations of the Agency's bank accounts were found to be in various stages of preparation as of the first day of fieldwork. The Agency did make progress in the preparation backlog of the various fund bank reconciliations during the audit; however, the following fund bank reconciliations were not reconciled through the end of the audit period as of the final day of audit fieldwork: Assistance Fund bank account was only reconciled through August 31, 2018, the Clearing Fund bank account was only reconciled through September 30, 2018 and the Child Support and Paternity Fund was only reconciled through April 30, 2018. In addition, there were no formal bank reconciliations prepared for the Investment Account and the Unemployment Trust Fund account.

Bank reconciliations that were prepared reflected inconsistent preparer and reviewer signatures/initials and dating. These inconsistencies range from no preparer and/or reviewer signatures/initials and dating to a combination of missing signatures/initials and dating. Finally, the bank reconciliations that were prepared were not always prepared timely.

Recommendation: It is recommended that Camden County Board of Social Services prepare all past due bank reconciliations, prepare all bank reconciliations going forward in a timely manner and ensure that all bank reconciliations reflect proper preparer and reviewer signatures/initials and dating.

Current Status: The lack of timeliness in the preparation of certain bank reconciliations worsened during the current audit period. There were no bank reconciliations prepared for the entire year ended December 31, 2019, as of the first day of audit fieldwork in August 2020, for the following funds: Clearing Fund, Child Support and Paternity (CSP) Fund, and Assistance Fund. Additionally, investment account reconciliations were not prepared for statements received as a result of investment activity in the Administration Fund. The Agency did prepare bank reconciliations for the Clearing and CSP funds through December 31, 2019 during audit fieldwork. However, the Agency did not prepare any bank reconciliations for the Assistance Fund and Administration Fund investment account as of the end of fieldwork in November 2020.

However, those bank reconciliations that were prepared in a timely manner included preparer and reviewer signatures/initials and dating on a more consistent basis.

In planning and performing our audit of the financial statements of Camden County Board of Social Services (Agency) for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

However, during our audit we became aware of certain matters that are an opportunity for strengthening internal controls and operating efficiency. This letter summarizes our comments and suggestions regarding these matters. We previously reported on the Agency's internal control in our report dated January 6, 2021. This letter does not affect our report dated January 6, 2021, on the financial statements of Camden County Board of Social Services.

We have already discussed these comments and suggestions with Agency personnel, and we will be pleased to discuss it in further detail at your convenience, to perform any additional studies of these matters, or to assist you in implementing the recommendations. Our comments are summarized as follows:

Disbursement Documentation

Based on a review of disbursement transactions across all Agency funds, there were instances of the following occurrences:

- 1) Disbursement documentation did not always reflect adequate evidence of cancellation to prevent an invoice from being processed twice.
- 2) Disbursement documentation did not always reflect signatures/initials of the disbursement approving individual. Instead, the approving individual's name was typed as evidence of approval.
- 3) Payment vouchers were not always prepared for the disbursement of funds.

It is recommended that the Agency disbursement documentation contain adequate support for the payment made. Also, original signatures/initials of the disbursement approving individual should be reflected for all payments made.

Random Moment Study (RMS)

A review of the random moment study procedures in place during our fieldwork indicated that the Agency is not in compliance with the procedures as outlined in the Random Moment Study manual, and as a result, the accuracy of the activities reported could not be determined. The following issues were identified:

- 1) Activity indicated per the RMS observation form did not agree to the employee timesheet. It was noted that in some cases the activity per the RMS observation form reflected “Leave/Day Off” however, the employee timesheet reflected “In 8:30 am, Out 4:30 pm”.
- 2) The RMS monitor should receive the data collection via e-mail from the employees for the selected observation moment time period, however, it was noted that if data was not received from the selected employees, the RMS monitor would complete the observation by entering “Leave/Day Off” on the RMS observation form.

It is recommended that the Agency institute policies and procedures that ensures compliance with the Random Moment Study (RMS) Manual.

This letter is intended solely for the information and use of the management of the Camden County Board of Social Services and the Department of Human Services, and is not intended to be, and should not be used by anyone other than these specified parties.
