FY 2011 Annual Action Plan

The CPMP Annual Action Plan includes the SF-424 and narrative responses to Action Plan questions to which CDBG, HOME, HOPWA and ESG grantees must respond each year in order to be compliant with the Consolidated Planning Regulations.

ACTION PLAN

EXECUTIVE SUMMARY 91.220(B)

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

Purpose of the Annual Action Plan

Camden County has prepared the Year 2 Action Plan as required under 24 CFR 91.220. The Year 2 Action Plan for FY 2011 identifies the activities to be funded with Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and Emergency Shelter Grant (ESG) program funds received during the program year.

The Annual Plan articulates funding decisions for the next year of specific federal funds according to the long-term goals established in the 2010-2014 Consolidated Plan. The CP was guided by three overarching goals that are applied according to community needs. These goals are:

- To provide decent housing by preserving the affordable housing stock, increasing the availability of affordable housing, reducing discriminatory barriers, increasing the supply of supportive housing for those with special needs and transitioning homeless persons and families into housing;
- To provide a suitable living environment through safer, more livable neighborhoods, greater integration of low and moderate income residents throughout the City, increased housing opportunities and reinvestment in deteriorating neighborhoods; and
- To expand economic opportunities through more jobs paying self-sufficient wages, homeownership opportunities, development activities that promote long-term community viability and the empowerment of low- and moderate-income persons to achieve self-sufficiency.

The CPMP Annual Action Plan includes the SF 424 and Narrative Responses to Action Plan questions to which CDBG, HOME, HOPWA and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The annual activities that address Camden County's CP goals are as follows. Specific details on the County's FY 2011 projects appear in the appendices to this document.

Housing

Camden County is committed to meeting its housing needs through programs that address specific overall housing objectives.

These goals and objectives appear in summary, followed by FY 2011 action steps:

- **Expanding Homeownership:**

  Utilize funds to provide down payment and closing cost assist--ance to help families realize homeownership and acquire and rehabilitate vacant housing to be sold to lower-income families.

  Objective 1: Provide funding to support homeownership through down payment and closing costs for 60 households and housing counseling for 400 households over the next five years.

  HOME funds will used to assist 25 first-time homebuyers in FY 2011. CHDO funds are utilized to acquire and rehabilitate properties to be sold to first-time homebuyers. CDBG funds will also be utilized to provide counseling for 100 first-time homebuyers.

  Pre-purchase counseling is a requirement of the program and funded with CDBG funds. This program has helped many low-income first-time homebuyers in Camden County over the last several years.

  Objective 2: Provide funding to rehabilitate or construct 15 housing units for homeowners in Camden County over the next five years.

- **Rehabilitation of Existing Housing Stock:**

  Promote the rehabilitation and preservation of the County's existing housing stock.

  Objective 1: Continuation of housing rehabilitation programs for both comprehensive improvement and programs such as Mr. Fix-It and Lend-A -Hand.

  - The Home Improvement Rehabilitation Program will assist 25 households in FY 2011.

- At least three owner units will be rehabilitated in FY 2011 through the municipal-based program in Gloucester Township.

  CDBG funds have been allocated for the Community Development Home Improvement Program, which is funded County-wide for existing owners. Funds will also continue to be utilized for the Mr. Fix-It Program. This program provides funds for minor home repairs for seniors as well as handicapped ramp installation. CDBG funds will also be used to assist existing owners in Pennsauken Township through its Lend-A-Hand Home Rehabilitation Program and its Senior Security Program. Connecting homes to water lines in Waterford Township and filling wells in Winslow Township will also help lower income homeowners maintain safe and decent housing conditions.

  In furtherance of the housing objectives, Camden County has budgeted $486,470 in FY 2011 CDBG funds for rehabilitation of existing owner occupied units, in addition to $300,000 in CDBG program income. A further $192,000 in HOME funds will be applied to housing rehabilitation.

  Camden County continues to maintain a variety of housing rehabilitation programs. Throughout the years these programs have assisted hundreds of low-income families improve their properties and contribute to a safe living environment for those people.

***Objective 2**:* Expansion of the rental rehabilitation program to the Urban County.

In FY 2011, the County will provide $150,179 in HOME funds to acquire and renovate a 54-unit rental facility in Merchantville. The facility will provide affordable rental units of various sizes to households earning 50% or less of the area median income.

Objective 3: Support the Housing Authorities in their efforts to improve and maintain the supply of public housing units.

Camden County will provide $300,000 in HOME funds to Gloucester Township Housing Authority to build 100 units of affordable townhouse-style rental housing.

- **Expand Housing Stock for Low-Income Renter Households:** Provide subsidies, primarily through the HOME program, to for-profit or non-profit including CHDOs developers to rehabilitate or newly construct rental units for households at or below 80 percent of MFI.

  Objective 1: Provide subsidies to developers to create an expanded supply of affordable rental units. Units will be primarily for the elderly, frail elderly or the disabled special needs populations. Funds will be available within the Urban County, but developers should consider directing development to areas of demonstrated underserved needs and areas served by services, transportation, and infrastructure. Over the next 5 years it is projected that up to 350 new rental units will be created.

  Camden County will provide $50,000 in HOME funds to Housing and Economic Opportunities, a recognized CHDO, to build capacity and support the organization's efforts to provide adequate decent, affordable housing stock for lower-income households.

- **Provision of Safe and Affordable Housing:** Promote housing for the elderly and disabled and others with special needs through property rehabilitation and modification to allow residents to remain in their homes as well as providing new opportunities that address the supportive housing needs of residents.

  Objective 1: Work with developers to make new affordable housing inclusive of persons with special needs.

  Objective 2: Continued support for housing that meets the needs of elderly and disabled and other special needs populations.

  The County's rental rehabilitation housing activity addresses the needs of the elderly. The County will also continue to fund the Mr. Fix It Program, which provides funds to construct handicapped ramps and other minor repairs for seniors. This is the continuation of an ongoing program that has been very successful.

- **Homeless Activities:** Support the Homeless Network Planning Committee and its constituent agencies to provide supportive housing to the homeless population and to those at-risk of becoming homeless.

Objective 1: Continue to support Emergency shelters, transitional housing and housing prevention programs funded through the Emergency Shelter Grant and Supportive Housing Program.

- In support of the objectives Camden County has budgeted $75,945 of its FY 2011 ESG funds to address homeless needs by making improvements to shelters in the County. Agencies receiving these funds have yet to be identified and details of these expenditures have yet to be determined.
- The Homeless Network Planning Committee will submit an application to HUD for McKinney funds to address the needs of persons for Transitional and Permanent Supportive Housing.
- Camden County, through its County Homeless Trust Fund, provides some of the additional funds necessary for formerly homeless individuals to attain permanent affordable housing and self-sufficiency.

Objective 2: Create an additional 50 shelter beds for individuals and families. No activity planned in FY 2011.

Objective 3: Continue to support activities that provide affordable housing for homeless families and individuals.

The County will provide $34,690 in ESG funds for services targeted to assist the homeless or those in danger of becoming homeless. The agencies receiving these funds have yet to be determined.

Objective 4: Continue to support activities that provide services for homeless families and individuals and to prevent homelessness. In Camden County, provide homeless prevention assistance to 800 households over the next five years.

- In previous years, Camden County has provided funds to Senior Citizen United Community Service for the provision of funds to elderly to provide utility services and assistance in order to prevent homelessness. The County anticipates continuing this program in 2011.

- Homeless Prevention and Rapid Re-housing funds continue to be available to provide homeless prevention assistance and case management.
- The Camden County Board of Social Services continues to administer the Emergency Assistance program to provide a safety net of assistance to prevent homelessness.

➢ **Chronic Homeless Activities**:

Continue to support the Homeless Network Planning Committee in the implementation of the Ten Year Plan to End Chronic Homelessness.

Objective 1*:* Continue to support and expand the availability of beds by 100 beds for chronically homeless single individuals.

Objective 2*:* Support the Camden Housing First Collaborative in developing housing for chronically homeless persons.

Funding was not requested from Camden Co. for specific activities.

Community and Economic Development

The County's goals and objectives related to community and economic development are as follows, including FY 2011 action steps:

➢ **Improvements to or Construction of Public Facilities**

Objective 1: Support projects that meet high-priority needs, including parks, fire protection facilities and equipment, senior centers and neighborhood centers.

In support of the objective, approximately $398,402 of CDBG funds has been allocated to public facility needs including renovation or construction of senior centers, improvements at community/neighborhood facilities, handicap barrier removal at a municipal building, recreation facility improvements and the purchase of a fire truck.

Camden County continues to provide funds for public facilities. The funds have helped improve facilities throughout the County.

➢ **Improvements to and Maintenance of Infrastructure**

Objective 1: Support projects that meet high-priority needs, including: handicap accessibility, roads, sidewalks, sewer, water and flood protection systems.

To accomplish the objectives, $730,221 of CDBG funds has been budgeted to infrastructure needs in Camden County. Infrastructure improvements funded in FY 2011 include street, sidewalk and curb improvements, storm water management improvements, and the installation of curb ramps in support of removal of architectural barriers.

The County continues to remain focused on providing continued maintenance and improvements to the County's infrastructure. This has included the repaving and improvement of streets and sidewalks throughout the County. Other projects have included improvements to water and sewer lines as well as many other infrastructure related issues.

- **Public Services to improve Quality of Life**

Objective 1: Support projects that meet high-priority needs, including services for youth and seniors, transportation services, housing counseling, employment training, substance abuse counseling and referral.

In FY 2011, $326,100 of CDBG funds has been budgeted to address public service needs. Services funded include senior services, youth services, information and referral services, counseling services, and health services. The services will support many of the special needs described in the Strategic Plan for the five years from 2010 to 2014, to provide supportive services for persons with special needs. Camden County will continue to provide a wide variety of public services.

- **Economic Development Activities**

Objective 1: Support projects that meet high-priority needs, including assistance to retail, commercial, office, technology and industrial projects (including façade improvements, small business loans, and other economic development initiatives). These activities are designed to create jobs. No projects are planned for 2011.

- **Planning and Administration**

Objective 1: Support general program administration, public outreach and information and on-going management of the federal programs.

Funds have been allocated for program administration to achieve timeliness, ensure coordination and provide

efficient operation of the County's entitlement program.

Evaluation of Past Performance

Camden County's primary priorities include homeownership, housing rehabilitation, expanding the housing stock for low income renters, providing shelters, providing supportive services and improvements to or construction of public facilities and infrastructure. The County has expended funds in a timely manner and will continue to implement programs in order to achieve these priorities. Camden County, for the sixth consecutive year, was in compliance with HUD's 1.5 performance standard for timeliness in the expenditure of CDBG funds.

CITIZEN PARTICIPATION AND AGENCY CONSULTATION 91.220(B)

1. Provide a summary of the citizen participation and consultation process (including efforts to broaden public participation in the development of the plan).

The goals and strategies for the FY 2011 Annual Action Plan were developed in conjunction with the public and stakeholder outreach process used to develop the Five-Year Strategic Plan. Camden County engaged in aggressive efforts to involve citizens and a variety of public, private and nonprofit agencies in informing, shaping and responding to the goals and strategies in the Action Plan.

Citizen participation in the development of the Action Plan was encouraged through participation in the public hearings and review of the Plan during the display period. Citizens were made aware of the process and opportunity to comment on the plan through newspaper advertisements. Copies of the announcements of the hearings and the Action Plan were distributed to services organizations that represent low income and minority and non-English speaking groups in the County with requests to disseminate the information and participate in the process. There are no county-wide housing authorities or targeted revitalization areas.

The following agencies were contacted with regard to the hearings and availability of the plan:

Boat People - SOS	Camden County Board of Social Services	Puerto Rico Unity for Progress (PRUP)
5043 Westfield Ave. Suite A Pennsauken, NJ 08110	600 Market St. Camden, NJ 08103	427 Broadway Camden, NJ 08103
Hispanic Family Center of Southern NJ, Inc.	**Bright Star Housing and Community Dev't Corp.**	**Senior Citizens United Community Services (SCUCS)**
35 Church St. Camden, NJ 08105	436-440 Spruce St. Camden, NJ 08102	146 Black Horse Pike Mt. Ephraim, NJ 08059
Camden County Council on Economic Opportunity, Inc.	**Camden County Women's Center**	**Volunteers of America Delaware Valley**
538 Broadway Camden, NJ 08103	415 Cooper St. Camden, NJ 08101	235 White Horse Pike Collingswood, NJ 08107
Catholic Charities Diocese of Camden, NJ	**Housing & Economic Opportunities**	**Community Planning & Advocacy Council**
1845 Haddon Ave. Camden, NJ 08103	216 Haddon Ave. Suite 101 Camden, NH 08105	Cooper River Square 6991 N. Park Drive, #3 Pennsauken, NJ 08109
Center for Family Services		
584 Benson St. Camden, NJ 08103		

The organizations identified above, plus a mailing list of over 100 agencies, were contacted with regard to the Action Plan. These organizations represent service providers for youth, elderly, persons with disabilities and those with HIV/AIDS. In addition, the Homeless Network Planning Committee, which prepares the Continuum of Care application, was consulted.

All of the municipal jurisdictions that participate in the Urban County were given the opportunity to apply for funding as well as participate in the process. Several regional organizations were also consulted. The County is served by the AIDS Coalition of Southern New Jersey for HOPWA funded services. There is no Countywide housing authority, but there are four small agencies that serve individual municipalities.

A public hearing was held on January 26, 2011 at the Borough of Bellmawr Municipal Building, Camden County, to solicit input from the general public, social service agencies, housing providers, local municipalities and various County departments. At the public hearing in anticipation of the development of the FY 2011 Action Plan, Camden County reviewed the needs and the priorities it had established for funding.

A summary of the CP Action Plan was published on April 1, 2011 in the *Courier-Post* to alert interested persons as to the availability of the Action Plan. On April 11, 2011 the Action Plan was placed at the following locations for public review:

- Camden County Library
  203 Laurel Road
  Voorhees, NJ

- Camden County Library
  5 MacArthur Boulevard
  Haddon Township, NJ

- Camden County Community Development Office
  512 Lakeland Road
  Suite 211
  Blackwood, NJ 08012

- Camden County Store
  Echelon Mall
  Voorhees, NJ

The public review period was April 11, 2011 to May 10, 2011. During the public review period, a public hearing was held on May 4, 2011, to allow for review and discussion of the County's proposed use of FY 2011 Program Funds. The Board of Chosen Freeholders is expected to approve submittal of the Action Plan on May 20, 2011. Documentation of Citizen Participation is included in Appendix 2 of this document.

2. Provide a summary of citizen comments or views on the plan.

Any comments received during the public review process will be added here.

3. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

Discussion of any comments not accepted will be added here.

MONITORING 91.230

Describe the standards and procedures the jurisdiction will use to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Monitoring and Evaluation Policies and Procedures

The Camden County Community Development Office will monitor activities carried out to further the Consolidated Plan to ensure long-term compliance with program requirements. The objectives of this monitoring are to make sure that activities 1) comply with all regulations governing their administrative, financial and programmatic operations; 2) achieve their performance objectives within schedule and budget; and 3) comply with the Consolidated Plan.

Internal controls have been designed to ensure adequate segregation of duties. The Community Development Office prepares agreements for non-housing activities supported by CDBG and establishes accounts. Invoices are monitored for compliance with the approved spending plan and federal regulations. The Community Development Office administers Camden County's Integrated Disbursement and Information System (IDIS). The Community Development Office is also primarily responsible for setting up and administering activities.

Camden County has an ongoing monitoring process for each of its grantees. No funds are paid to subrecipients of federal resources before the service or agency receiving HOME, CDBG or ESG funds has been reviewed for compliance. If discrepancies are noted, the agency is not paid and an onsite visit may be scheduled. Following the dispersal of funds, any subrecipient that is determined to not be performing as contracted may be barred from receiving additional funds during subsequent funding cycles. Non-performance issues can include not spending the funds on the activity specified in the agreement or not completing the activity within the time period of the contractual agreement. Efforts are always made to get grantees to fulfill their contracts. If grantees are unable or unwilling, no additional funds are awarded and if necessary, the contract in question is canceled and funds are made available for future RFPs.

The Five-Year Strategic Plan outlines outcomes. For each objective, Camden County will report on outcomes as part of its Consolidated Annual Performance Evaluation Report. Camden County is a member participating in a working group with several other national organizations of local and state grantees to refine "Performance Outcome Measurement System" framework. The effort, which is in response to CPD Notice 03-09, is expected to lead to a comprehensive approach to the measurement of outcomes for HUD's four major community development formula grant programs - Community Development Block Grants, HOME Investment Partnerships Program, Emergency Shelter Grants, and Housing Opportunities for Persons with AIDS. Once completed, the system will include objectives, outcomes, and indicators for each type of activity undertaken with funds made available from these programs.

All municipal public facilities projects (i.e. streets, parks, senior centers, water & sewer, curb cuts, etc.) are monitored by our municipal projects coordinator. The process includes reviewing

bid specs, U.S. Dept of Labor wage determinations, scope of work, and review of bids submitted. During all site visits, contractor employees are interviewed regarding their wages (utilizing HUD-11 Form), general site conditions, progression of work and equipment being utilized.

All public service agencies that were awarded funds during the program year will be monitored on-site. Each project will be observed to ascertain if the proposed activity is actually occurring and client records will be reviewed to ensure low/mod benefit compliance.

Monitoring of ongoing HQS and tenant eligibility site visits will be conducted annually for the nine existing County-funded senior rental housing projects. Annual audits are reviewed to monitor the ongoing financial viability of the project and source documents are requested from the tenants once again to ensure low/mod compliance.

The First-Time Home-Buyer Program is monitored on an ongoing basis. Down-payment assistance is not provided to the CHDO unless copies of source documents for the buyers are provided to justify income eligibility. Each buyer property is inspected for code and HQS standards before down-payment assistance is approved. The purchase/rehab properties are monitored during construction by the County HIP inspectors. The relationship with the CHDO administering this project is such that they are in contact with the Community Development Office on a daily basis.

Rental projects funded with HOME funds must be monitored for the period of affordability – five to 20 years, depending on the type and amount of assistance. Tenant income and the property condition are monitored on a scheduled based on the number of units.

RESOURCES 91.220(C)(1)) AND (C)(2)

4. Identify the federal, state, and local resources (including program income) the jurisdiction expects to receive to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

The primary resources available to implement the Annual Plan come from three HUD entitlement programs: CDBG, HOME and ESG, as well as program income generated through the administration of these programs.

FY 2011 Resources Summary

Entitlement Grants	**$**	**4,292,213**
CDBG	$	2,851,935
HOME	$	1,324,643
ESG	$	115,635
Estimated Program Income	**$**	**300,000**
CDBG	$	300,000
Total	**$**	**4,592,213**

Note: Amounts my be adjusted upon release of HUD allocations

These as well as other federal resources expected to be available during the coming Program Year to address the priority needs and specific objectives identified in the strategic plan are as follows:

Community Development Block Grant Program (CDBG), HUD

The objective of the Community Development Block Program is to carry out a wide range of community development activities directed to neighborhood revitalization, economic development, public services, provisions of improved community facilities, prevention and elimination of slums and activities aiding low- and moderate-income families.

Home Investment Partnership Act (HOME), HUD

HOME provides flexible grant program to expand affordable housing for very low- and low-income families with emphasis on rental housing, substantial rehabilitation, new construction, acquisition, homebuyers, assistance, homeowners' rehabilitation and tenant-based rental assistance (TBRA). Approximately 38% of Camden County's HOME funds are set aside for Community Housing Development Organizations.

Emergency Solutions Grants Program (ESG), HUD

Local service providers receive ESG funds through the local Community Development Program office to improve the quality of existing shelters and provide supportive services. Funds can be used for renovation, conversion of buildings, rehabilitation, essential social services and operating costs. New in 2011, funds may also be used for expanded prevention services, much like the Homeless Prevention and Rapid Re-housing Program.

American Recovery and Reinvestment Act (ARRA), HUD

American Recovery and Reinvestment Act (ARRA), also referred to as CDBG-R funds, were awarded to Camden County in 2009. The County received $690,882 in funds, which were dispersed to communities throughout the County. Projects include public facility improvements, infrastructures improvements, ADA improvements and public service programs.

Homeless Prevention and Rapid Re-Housing Program (HPRP)

In 2009, the County received $1,057,935 in HPRP funds. These funds were distributed to the County and non-profit agencies to address the needs of the homeless or those at risk of

becoming homeless. Funds will primarily be used for programs designed to help prevent those at risk of becoming homeless from becoming homeless.

Neighborhood Stabilization Program (NSP)

The Neighborhood Stabilization Program provides funds to areas that have been hard hit by the recent foreclosure crisis and have a higher number of foreclosed homes in need of rehabilitation on the market. The Borough of Clementon received an NSP award of $662,716 to demolish an existing structure and construct six individual single family residential homes. Beacon.org, Inc. is the non-profit developer.

Supportive Housing for Persons with Disabilities (Section 811), HUD

This source provides funding to expand three types of housing with supportive services, i.e. group homes, independent living facilities and intermediate care facilities. A Section 811 grant may be used to finance the construction or rehabilitation of group homes, independent living facilities or intermediate care facilities; acquisition of housing from the RTC for group homes and independent living facilities for low-income persons with disabilities, mental illness or AIDS. Available only to private, non-profit sponsors, this competitive grant is based on allocation from HUD field offices.

Supportive Housing for the Elderly (Section 202), HUD

This source provides funding to expand rental or cooperative housing for the elderly that is sponsored by private non-profits and consumer cooperatives. Capital advances are available to Finance elderly housing that also offers supportive services. Project rental assistance covers only the difference between the HUD-approved cost per unit and the amount each resident pays. Section 202 funds can be used for acquisition from the RTC, rehabilitation, new construction, rental assistance and support services.

Continuum of Care Homeless Assistance Grants

The US Department of Housing and Urban Development has consolidated the following grant programs for the homeless into the Continuum of Care Program:

- *Shelter Plus Care Program, HUD*

  This grant program provides rental assistance in connection with supportive services primarily to homeless individuals with disabilities including the seriously mentally ill, substance abusers or persons living with AIDS and related diseases. The funding is to provide rental assistance on behalf of homeless individuals in connection with the moderate rehabilitation of SRO dwellings. Resources to fund the cost of rehabilitating the dwellings must be from other sources. Funding can be used for operating expenses, debt service for rehabilitation financing and monthly rental assistance.

- *The Supportive Housing Program, HUD*

  This program was created by the HCDA of 1992 which replaces the Supportive Housing Demonstration Program, the Transitional Housing Demonstration Program and the

Permanent Housing for Handicapped Homeless Program. Grants to public and private non-profit entities to promote the development of supportive housing and services. Funds can be used for acquisition, rehabilitation, new construction under limited circumstances, leasing of structures, operating costs and supportive service costs. Urban counties, local governments and community mental health associations are eligible. Recipients must match funding for acquisition, rehabilitation and for new construction with equal amount from other sources.

Annually, the Camden County Homeless Network Planning Committee (Network), in conjunction with the Camden County Community Planning and Advocacy Council, prepares a Continuum of Care document that provides on-going guidance for the Network and the member agencies efforts. The document, as well as the process of preparing it, serves as the cornerstone of Camden County applications to HUD for McKinney Continuum of Care (CoC) homeless assistance funding. For Fiscal Year 2010, HUD awarded Camden City/Camden County $1,557,000 in CoC funding for renewals. New project application approvals have not yet been announced. The services that will be provided through this proposal are vital to maintain a continuity of services, which enable homeless individuals to transition to self-sufficiency and permanent housing
Camden City & County CoC expects to apply for renewals and new activities under the Continuum of Care programs in FY 2011.

5. Explain how federal funds will leverage resources from private and non-federal public sources.

Potential matching funds for HOME program funds include funds from federal low-income housing tax credits, reduced mortgage rates, Federal Home Loan Bank funds, and funds from the State's Balanced Housing program, per 24 CFR Part 92.610(e).

Funds from the New Jersey Department of Transportation provide street improvements throughout the County that complement CDBG-funded infrastructure projects. Some Camden County municipalities use local resources in combination with CDBG funds in support of community development projects.

Sources of matching funds for the County's ESG program include grant funds from the local, County (Human Service Grant), State (Department of Community Affairs) and federal (National Legal Services and Title III). Other means of matching funds includes private funding such as: volunteer labor force, staff salaries, materials donated by area churches, the Food Bank of South Jersey and United Way.

Camden County has no housing authority. There are however, six housing authorities in municipalities participating in the Urban County. Section 8 funds are made available through state and municipal programs that are responsible for submitting their own individual Action Plans.

Camden County has in the past and will continue in the future to welcome Low Income Housing Tax Credit projects. In the past, three senior rental facility projects that funded with HOME monies utilized low-income housing tax credits. These three projects are Taunton Run in Berlin Township, Christ Care Senior Housing in Winslow Twp. and Chestnut Street Station in Merchantville.

ANNUAL OBJECTIVES 91.220(C)(3)

***If not using the CPMP Tool:** Complete and submit Table 3A.*
If using the CPMP Tool: Complete and submit the Summary of Specific Annual Objectives Worksheets or Summaries.xls*

6. Provide a summary of specific objectives that will be addressed during the program year.

This section provides a summary of objectives for FY 2011 in Camden County. While these objectives are described by output-based performance measures, the City will also evaluate the results of program activity in terms of outcome-based measures in the Consolidated Annual Performance and Evaluation Report (CAPER).

The ability to clearly demonstrate program results at a national level is having serious consequences on program budgets. In response, HUD has developed an outcomes performance measurement system to collect information on outcomes of activities and to aggregate that information at the local and national level. The outcomes that HUD is tracking include:

- **Availability/accessibility**
  Availability is related to making services, infrastructure, housing, or shelter available or accessible to individual residents/beneficiaries.

- **Affordability**
  Affordability may include the creation or maintenance of affordable housing, basic infrastructure hook-ups or services such as transportation or day care.

- **Sustainability**
  Sustainability is specifically tied to activities that are meant to ensure that a particular geographic area as a whole (neighborhood, downtown, etc) remains livable and viable. It is targeted at supporting a specific physical location.

Each outcome is paired with an objective:

- **Create a suitable living environment**
  This objective relates to activities that are intended to address a wide range of issues faced by LMI persons from physical problems with their environment such as poor

quality infrastructure to social issues such as crime prevention, literacy or elderly health services.

- **Provide decent, affordable housing**
  This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs and not programs where housing is an element of a larger effort since they would be more appropriately reported under suitable living environment.

- **Create economic opportunities**
  This objective applies to the types of activities related to economic development, commercial revitalization or job creation.

HUD Specific Objectives Matrix

	Availability/ Accessibility	Affordability	Sustainability
Decent Housing	DH-1	DH-2	DH-3
Suitable Living Environment	SL-1	SL-2	SL-3
Economic Opportunity	EO-1	EO-2	EO-3

Annual Objectives to be met with CDBG, HOME and ESG funding include: DH-1 and DH-2, SL-1 and SL-3. As noted in the following activities table, an annual objective has been assigned to each undertaking.

DESCRIPTION OF ACTIVITIES 91.220(D) AND (E)

***If not using the CPMP Tool:** Complete and submit Table 3C*
If using the CPMP Tool: Complete and submit the Projects Worksheets and the Summaries Table.*

7. Provide a summary of the eligible programs or activities that will take place during the program year to address the priority needs and specific objectives identified in the strategic plan.

Describe the outcome measures for activities in accordance with Federal Register Notice dated March 7, 2006, i.e., general objective category (decent housing, suitable living environment, economic opportunity) and general outcome category (availability/accessibility, affordability, sustainability).

The City's activities for FY 2011 are described in the following tables grouped by general objective category. Further details, including descriptions of administrative and planning functions, appear in the individual project sheets (Table 3C) in Appendix C.

PRIORITY	PROJECT	OUTCOME MEASURE	Objective	Output Indicator
Goal Housing Needs – Expand Home Ownership Among Low Income Households				
Assistance with Home Ownership				
	Homebuyer Assistance – down payment and closing cost assistance	Affordability	Provide decent affordable housing.	25 households
	Housing and Economic Opportunities - financial counseling for first-time homebuyers.	Affordability	Provide decent affordable housing.	100 People
Goal Housing Needs – Improve and Maintain Existing Housing				
Owner Households	Pennsauken Lend-A-Hand Home Rehab. – minor repairs for senior homeowners	Availability/ Accessibility	Provide decent affordable housing.	30 housing units
	Pennsauken Senior Security Program – home security upgrades for senior homeowners	Availability/ Accessibility	Provide decent affordable housing.	10 housing units
	Waterford – water system tie-ins for income eligible households	Availability/ Accessibility	Provide decent affordable housing.	25 housing units
	Winslow Township – sealing wells in West Atco area	Availability/ Accessibility	Provide decent affordable housing.	5 housing units
	Mr. Fix It – minor repairs and handicap ramps for elderly	Availability/ Accessibility	Provide decent affordable housing.	135 housing units
	CDBG County-wide rehabilitation including program delivery	Availability/ Accessibility	Provide decent affordable housing.	25 housing units
	HOME County-wide rehabilitation	Availability/ Accessibility	Provide decent affordable housing.	10 housing units

PRIORITY	PROJECT	OUTCOME MEASURE	Objective	Output Indicator
Goal Housing Needs – Expand Housing Stock for Low-Income Renter Households				
Renter Households	Gloucester Twp HA – Revere Run townhomes construction	Availability/ Accessibility	Provide decent affordable housing.	100 housing units
	Wellwood Manor – acquisition and rehab of facility to create affordable rental units in Merchantsville	Affordability	Provide decent affordable housing.	54 units
	Gateway project – construction of family rental housing in Somerdale	Affordability	Provide decent affordable housing.	30 units
Goal Homeless Needs – Assist with Needs of the Homeless and Ending Chronic Homelessness				
Homeless Needs	UOSS – health and human services referral services	Availability/ Accessibility	Provide decent affordable housing	1,000 people
	Shelter Improvements	Availability/ Accessibility	Create a suitable living environment	3 facilities
	Homelessness Prevention	Availability/ Accessibility	Create a suitable living environment	25 people
Goal Public Facilities Needs – Support for Improvement and Construction of Public Facilities				
Equipment Acquisition	Hi-Nell - purchase fire truck	Sustainability	Create a suitable living environment	1,330 people
Senior Center construction/ rehabilitation	Audubon senior center construction	Availability/ Accessibility	Create a suitable living environment	1 facility
	Clementon – senior center renovations	Availability/ Accessibility	Create a suitable living environment	1 facility
	Collingswood – senior center construction	Availability/ Accessibility	Create a suitable living environment	1 facility
	Gibbsboro – senior center renovations	Availability/ Accessibility	Create a suitable living environment	1 facility
	Merchantville – senior center renovations	Availability/ Accessibility	Create a suitable living environment	1 facility
	Mt. Ephraim – convert old fire house to senior center	Availability/ Accessibility	Create a suitable living environment	1 facility
	Winslow – senior center improvements	Availability/ Accessibility	Create a suitable living environment	1 facility

	Audubon Park Neighborhood Facility	Sustainability	Create a suitable living environment	1 facility
	Brooklawn – Removal of architectural barriers at municipal building	Availability/ Accessibility	Create a suitable living environment	1,334 people
	Winslow Township – rehabilitation of the Star Building	Sustainability	Create a suitable living environment	1 facility
	Laurel Springs – ADA improvements to recreation complex and Coro Mansion complex	Availability/ Accessibility	Create a suitable living environment	2 facilities
	Winslow – West Atco Park improvements	Sustainability	Create a suitable living environment	1 facility
Goal Infrastructure Needs – Improve, Maintain and Expand Infrastructure				
Infrastructure Improvements	Barrington – street improvements – Stoneybrook Section – including Trinity Place, Timber Drive and other locations	Sustainability	Create a suitable living environment	2,218 people
	Bellmawr – street improvements – Chalmers Ave	Sustainability	Create a suitable living environment	625 people
	Berlin Township – street improvements – Fairview Ave.	Sustainability	Create a suitable living environment	1,218 people
	Chesilhurst – street improvements – Elm Ave.	Sustainability	Create a suitable living environment	696 people
	Haddonfield – construction of curb ramps	Availability/ Accessibility	Create a suitable living environment	No. of ramps to be determined
	Haddon Heights – construction of curb ramps	Availability/ Accessibility	Create a suitable living environment	No. of ramps to be determined
	Hi-Nella – Curb and sidewalk replacement throughout the Borough	Sustainability	Create a suitable living environment	1,033 people
	Lawnside – street improvements – Company Street	Sustainability	Create a suitable living environment	702 people
	Linwold – street improvements – Walnut Ave.	Sustainability	Create a suitable living environment	862 people
	Magnolia – street improvements –Lakewood Ave.	Sustainability	Create a suitable living environment	772 people
	Merchantville - construction of curb ramps	Availability/ Accessibility	Create a suitable living environment	No. of ramps to be determined
	Oaklyn – construction of curb ramps and replacement of sidewalk at W. Clinton Ave and White Horse Pike	Sustainability	Create a suitable living environment	1,204 people
	Pennsauken – street improvements – Pleasant Ave.	Sustainability	Create a suitable living environment	1,877 people

	Pine Hill – street improvements – Bramau Ave.	Sustainability	Create a suitable living environment	461 people
	Runnemede – street improvements – Third Ave.	Sustainability	Create a suitable living environment	787 people
	Somerdale – sewer system improvements – between Earle and Somerdale Rd.	Sustainability	Create a suitable living environment	1,259 people
	Stratford – street improvements – Washington Ave., Curtis Ct., Curtis Ave., Rensalaer Ave., Columbia Ave., and Whitman Ave. including construction of curb ramps	Sustainability	Create a suitable living environment	1,313 people
	Woodlynne –streets improvements on Laurel Avenue from Lake Street to Dwight Avenue; Entire length of Lake Street, and Cypress Avenue from Woodlynne Avenue to Lake Street	Sustainability	Create a suitable living environment	2,796 people
Goal Economic Development – Support Economic Development Activities that Create Jobs				
Economic Development	No activities in 2011		Create a suitable living environment	

Goal Public Service Needs – Support for Public Services				
Public Services	Berlin Borough - senior transportation/recreation	Availability/ Accessibility	Create a suitable living environment	1,400 elderly
	Clementon Senior – senior transportation Service	Availability/ Accessibility	Create a suitable living environment	309 elderly
	Collingswood - senior transportation Service	Availability/ Accessibility	Create a suitable living environment	525 elderly
	Haddon Township - senior transportation/recreation	Availability/ Accessibility	Create a suitable living environment	1,530 elderly
	Merchantville - senior Transportation Service	Availability/ Accessibility	Create a suitable living environment	100 elderly
	Voorhees - senior transportation/recreation	Availability/ Accessibility	Create a suitable living environment	2,500 elderly
	Winslow Township - senior recreation	Availability/ Accessibility	Create a suitable living environment	1,200 elderly
	ARCHWAY – senior services	Availability/ Accessibility	Create a suitable living environment	249 elderly
	Big Brothers/Big Sisters – youth services	Availability/ Accessibility	Create a suitable living environment	50 youth
	Boat People – SOS – afterschool and summer with focus on language and cultural barriers programs for youth and families primarily in Pennsauken Township and neighboring communities	Availability/ Accessibility	Create a suitable living environment	120 people
	Camden County Women's Center – shelter service for abused women	Availability/ Accessibility	Create a suitable living environment	80 people
	South Jersey Eye Center – eye care for seniors and low income persons	Availability/ Accessibility	Create a suitable living environment	900 people

	CASA – counseling for neglected and abused women and children	Availability/ Accessibility	Create a suitable living environment	600 people
	Contact Community Help Line – addiction referral service	Availability/ Accessibility	Create a suitable living environment	5,000 people
	Consumer Credit Counseling Services – financial education workshops for low-mod seniors	Availability/ Accessibility	Create a suitable living environment	150 people
	Food Bank of South Jersey – food assistance to needy seniors	Availability/ Accessibility	Create a suitable living environment	200 people
	LARC School – youth services	Availability/ Accessibility	Create a suitable living environment	120 youth
	Lawnside Music Studio – music enrichment for low-mod children and residents	Availability/ Accessibility	Create a suitable living environment	100 people
	Our Lady of Lourdes – senior services	Availability/ Accessibility	Create a suitable living environment	1,455 elderly
	Senior Citizen United Community Service – housing referral services for seniors	Availability/ Accessibility	Create a suitable living environment	175 elderly
	Senior Citizen United Community Service – nutrition program	Availability/ Accessibility	Create a suitable living environment	150 elderly
	West Atco Youth In Action, Assoc. – youth services	Availability/ Accessibility	Create a suitable living environment	450 youth
Goal Planning Needs – Support Planning and Administration of Community and Housing Development				
Planning and Administration	CDBG rehabilitation administration	N/A		
	CDBG program administration	N/A		
	HOME program administration	N/A		
	HOME CHDO administration	N/A		
	ESG program administration	N/A		

GEOGRAPHIC DISTRIBUTION/ALLOCATION PRIORITIES 91.220(D) AND (F)

8. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.

Camden County provides CDBG funds to entitlement communities in the County based on a formula developed by the Camden County Community Development Office. The formula allows for an equitable distribution of CDBG funds among the entitlement communities. (The entitlement communities consist of all the municipalities in Camden County except Camden City, Cherry Hill Township, Gloucester City, Gloucester Township, Pine Valley Borough, and Tavistock Borough). The entitlement communities use CDBG funds for various projects in the community. Some projects are at specific locations, and some of the projects serve the entire community.

Maps contained in Appendix 3 of this CP show the location of site specific projects. Additionally, many of the projects are funded by Camden County for the benefit of the entire County or for and entire community, responding to the request for services of the residents throughout the County. During 2011 the following activities will be undertaken based on geographic area.

- Pennsauken Lend-A-Hand Home Rehabilitation – minor repairs for senior homeowners
- Pennsauken Senior Security Program – home security upgrades for senior homeowners
- Waterford – water system tie-ins for income eligible households
- Winslow Township – sealing wells in West Atco area
- Hi-Nell - purchase fire truck
- Audubon senior center construction
- Clementon – senior center renovations
- Collingswood – senior center construction
- Gibbsboro – senior center renovations
- Merchantville – senior center renovations
- Mt. Ephraim – convert old fire house to senior center
- Winslow – senior center improvements
- Audubon Park Neighborhood Facility
- Brooklawn – Removal of architectural barriers at municipal building
- Winslow Township – rehabilitation of the Star Building
- Laurel Springs – ADA improvements to recreation complex and Coro Mansion complex
- Winslow – West Atco Park improvements
- Barrington – street improvements – Stoneybrook Section – including Trinity Place, Timber Drive and other locations
- Bellmawr – street improvements – Chalmers Ave
- Berlin Township – street improvements – Fairview Ave.
- Chesilhurst – street improvements – Elm Ave.

- Haddonfield – construction of curb ramps
- Haddon Heights – construction of curb ramps
- Hi-Nella – Curb and sidewalk replacement throughout the Borough
- Lawnside – street improvements – Company Street
- Linwold – street improvements – Walnut Ave
- Magnolia – street improvements –Lakewood Ave.
- Merchantville - construction of curb ramps
- Oaklyn – construction of curb ramps and replacement of sidewalk at W. Clinton Ave and White Horse Pike
- Pennsauken – street improvements – Pleasant Ave.
- Pine Hill – street improvements – Bramau Ave.
- Runnemede – street improvements – Third Ave.
- Somerdale – sewer system improvements – between Earle and Somerdale Rd
- Stratford – street improvements – Washingto Ave., Curtis Ct., Curtis Ave., Rensalaer Ave., Columbia Ave., and Whitman Ave. including construction of curb ramps
- Woodlynne – street improvements – Laurel Ave.
- Berlin Borough - senior transportation/recreation
- Clementon Senior – senior transportation Service
- Collingswood - senior transportation Service
- Haddon Township - senior transportation/recreation
- Merchantville - senior Transportation Service
- Voorhees - senior transportation/recreation
- Winslow Township - senior recreation
- Boat People – SOS – after-school and summer with focus on language and cultural barriers programs for youth and families primarily in Pennsauken Township and neighboring communities
- Lawnside Music Studio – music enrichment for low-mod children and residents
- West Atco Youth In Action, Assoc. – youth services

Other activities are available Countywide.

CDBG and HOME funds are used Countywide to fund housing rehabilitation. HOME funds will be utilized to acquire and rehab at least four residential homes, in eligible communities, to be sold to low-income first-time homebuyers.

HOME funds will be used to continue with the County's Down Payment and Closing Cost Assistance Program, which assists first-time homeowners with down payments for single-family housing by low-income families.

Shelter facilities and services are also available county-wide.

9. Describe the reasons for the allocation priorities, the rationale for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) during the next year, and identify any obstacles to addressing underserved needs.

The housing, special needs and community development priorities established as part of the Consolidated Plan were developed through a comprehensive public outreach process that placed a high priority on meaningful citizen and agency engagement.

As described above, individual municipalities apply to use funds on an "entitlement" basis and select projects of greatest need within their community that meet the CDBG or HOME program criteria.

The primary obstacle to meeting underserved needs for affordable housing in Camden County is the gap in what households can afford to pay for housing and the price of housing. The County has a significant affordable housing stock, yet the substandard condition of the units and income level for individual households such as single parent, elderly, disabled, or others of limited economic means, is not sufficient to afford even the lowest of the market rate units.

Camden County will continue to use its entitlement funds to provide assistance with activities that meet the underserved needs of the community. Through continued participation with the Camden County Homeless Network Planning Committee (HNPC) and other broad-based groups, the County will be kept informed of the needs of the underserved and the changes in the needs over time. This will facilitate the use of scarce funds in an efficient way.

ANNUAL AFFORDABLE HOUSING GOALS 91.220(G)

***If not using the CPMP Tool:** Complete and submit Table 3B Annual Housing Completion Goals.*
If using the CPMP Tool: Complete and submit the Table 3B Annual Housing Completion Goals.*

10. Describe the one-year goals for the number of homeless, non-homeless, and special-needs households to be provided affordable housing using funds made available to the jurisdiction and one-year goals for the number of households to be provided affordable housing through activities that provide rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units using funds made available to the jurisdiction. The term affordable housing shall be defined in 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership.

During 2011, Camden County will continue to administer a number of programs designed to expand housing choice and maintain affordable housing consistent with the five-year goals established in the Strategic Plan. The County's specific annual housing completion goals, including the number of units expected to result from program activities, appear in Table 3B in the appendices.

Objective I: Expand home ownership among low-income households.

Action 1: *Down Payment Closing Cost Assistance Program for first-time homebuyers*

- Financial assistance is in the form of a 0% interest loan that is forgiven after living in the home for five years. The County provides a six-to-one match to cover closing costs and down payment. The maximum award is $10,000. If excess assistance is left over at closing, the balance is added to the down payment amount, thereby reducing the buyer's principal obligation. The program is funded with HOME funds.

- To assist low-income households with becoming successful homeowners, all households receiving assistance from the Down Payment Closing Cost Assistance Program must complete pre-purchase counseling sessions. The program is administered by Housing and Economic Opportunities of South Jersey, Inc.

Proposed accomplishments: A total of $200,000 has been allocated to provide down payment and/or closing cost assistance to 20 households in FY 2011.

Objective II: Expand the housing stock available to low-income renter households

Action 1: *Provide resources to developers for the rehabilitation or creation of units for low-income renter households*

Subsidies, primarily through the HOME program, will be provided to for-profit or non-profit developers, including CHDOs, to rehabilitate or newly construct rental units for households at or below 80% of MFI. Units will be primarily for the elderly, frail elderly or the disabled. Funds will be available Countywide, but the County places a higher priority on projects that occur in areas of demonstrated underserved needs and areas served by services, transportation and infrastructure.

Action 2: *Continue outreach efforts to encourage the expansion of the County's rental housing stock serving lower-income populations*

The County is very proactive in encouraging developers and municipalities to develop affordable housing. A developer-municipality bus tour was run on April 7, 2010, and will be repeated in the future. A luncheon was held with social services agencies and

developer/landlords to encourage these groups to work together.

Proposed accomplishments:

- The Diocesan Housing Services Corp. of the Diocese of Camden will utilize funds to construct a new rental facility for persons earning up to 80% MFI. The facility will consist of 74 senior rental units.

- The County will also provide funds for the Cherry Hill Township – Affordable Rental Housing at Tavistock program. This involves the acquisition of approximately one unit to then be rehabilitated and rented to a low-to-moderate-income renter.

Specific strategies for the achievement of the County's annual housing goals follow, accompanied by discussion of the funds expected to be available for these aims.

1. Rehabilitation of owner occupied housing.

Continued CDBG funding for the on-going owner rehabilitation programs as follows. The program offers assistance for repair of owner-occupied single-family housing.

- The Community Development Home Improvement Program assists low-income home owners with repairs of housing code violations that are dangerous or potentially injurious to the occupants. Assistance is in the form of a deferred payment loan at a maximum of $24,999. The loan is payable on transfer of the title of the property. Additionally, some of the municipalities are provided with CDBG funds from Camden County to offer housing rehabilitation programs. The terms of the municipal housing rehabilitation programs vary by community.

  Proposed accomplishment: The Home Improvement Rehabilitation Program will assist up to 42 households over the next year utilizing both CDBG and HOME funds.

- The Mr. Fix-It Housing Program provides minor home repair for senior citizens. Funds are available as a grant with the scope of work limited to minor repairs. The Mr. Fix-It program is administered by the Camden County Division of Senior Services. Similarly, programs will be funded by some of the municipalities that participate in the County's entitlement program.

  Proposed accomplishment: The Mr. Fix-It Housing Program will assist up to 135 households over the next year.

- The Pennsauken Lend-A-Hand Home Rehabilitation program provides minor home improvements to income-eligible seniors. Funds are available in the form of a five-year forgivable loan.

Proposed accomplishment: The Lend-A-Hand Home Rehabilitation Program will assist approximately 25 homes over the next year.

2. Rehabilitation of renter occupied housing

- The Rental Rehabilitation Program provides funding for multi-family housing, assisting low-income renters with repairs of housing code violations that are dangerous or potentially injurious to the occupants. Rents for units assisted with CDBG funds by Camden County (including utilities or utility allowances) will be limited to the greater of 30 percent of a tenant's gross income or HUD's published Fair Market Rent.

  Proposed accomplishment: The Pennsauken Senior Security Program will provide home security upgrades for approximately 20 senior homeowners.

PUBLIC HOUSING 91.220(H)

11. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.

While there is no Countywide public housing agency (PHA) in Camden County, lower-income populations are served by local public housing authorities in municipalities across the County:

- The **Housing Authority of the City of Camden** administers a Housing Choice Voucher program and maintains a low-income housing portfolio of more than 2,000 units. During the last 12 years, the Authority has renovated or redeveloped more than 70% of its original inventory (2,334 units) using a variety of financial and asset management strategies. HACC additionally operates a homeownership program that has benefited more than 350 households to date.

- The **Collingswood Housing Authority** and the **Clementon Housing Authority** also offer both Housing Choice Vouchers and public housing units.

- The **Haddon Housing Authority** maintains one 100-unit development for lower-income seniors.

- Through federal subsidies, **Gloucester City** provides 15 scattered-site single-family homes for rent to lower-income houses, as well as a 91-unit apartment complex for income-eligible elderly or disabled tenants.

- **Cherry Hill Township** operates a Housing Choice Voucher program through its Department of Community Development. Additionally, the Township requires a set-aside of 20 percent of units in every multi-family development for low and moderate-income households. Of these units, 10% are for purchase by low- to moderate-income households, and 10% are for rental by low- to moderate-income households.

- **Pennsauken Township** also administers a Housing Choice Voucher program through its Housing Department. The Township has 76 tenant-based vouchers for income-eligible families, elderly households or disabled households. More than 300 households are on the waiting list, which is currently closed.

Camden County has no plans to fund resident initiatives. PHAs within the County will continue to seek funds to maintain their properties in safe and sanitary conditions and will continue to seek funds for programs to improve the quality of life for residents. The Agencies may seek funding from Camden County for activities, and the County will consider requests by PHAs regarding developing cooperative programs. Each PHA has provided Camden County with copies of its Agency Plans, which are on file at the Community Development Office.

12. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

Not applicable – None of the PHAs in Camden Count have been designated as “troubled.”

HOMELESS AND SPECIAL NEEDS 91.220(I)

13. Describe, briefly, the jurisdiction’s plan for the investment and use of available resources and describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness.

Camden County’s Continuum of Care (CoC) annual application includes information regarding the institutional structure for the delivery of homeless services, the needs of the homeless, housing and services currently in place, funding sources utilized, as well as strategies for the general homeless population and the chronic homeless population.

Agencies participating in the CoC provide an expanded number of beds for chronically homeless persons and families. Once stably housed, programs provided through Catholic Charities, Diocese of Camden and New Visions Community Services of Camden provide employment opportunities and case management for the homeless. Programs such as these are utilized to end chronic homelessness. Outreach to persons living on the street is conducted by the

Homeless Outreach Team (HOT), which includes all the shelter provides and non-transitional sources such as public safety personnel. A task force has been created to address the homeless tent encampments. The HOT visits the encampment weekly to engage those residing there in services.

14. Describe specific action steps to address the needs of persons that are not homeless identified in accordance with 91.215(e).

To address unmet needs, the County's strategy is as follows:

Objective I: Provision of safe and affordable housing.

Action 1: *Work with developers to make new affordable housing inclusive of persons with special needs*

The County intends to promote housing for the elderly and disabled and others with special needs through property rehabilitation and modification to allow residents to remain in their homes, as well as providing new opportunities that address the supportive housing needs of residents.

Proposed accomplishments: [ ]

15. Homelessness Prevention—Describe planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.

The Camden City/Camden County CoC will continue to implement the 10-Year Plan to End Chronic Homelessness, which places a priority on reducing the number of homeless households with children. In 2010, the two entitlement communities - the City of Camden and the County of Camden - implemented HPRP programs through ARRA funding.

The entitlement communities have begun conversations with the Continuum of Care executive committee to ensure HPRP activities continue under the new ESG regulations due in FY 2011 and are coordinated with CoC planning and the local 10-year plan. The CoC convenes a monthly meeting of all of the sub-grantees as well as the two entitlement communities to review the progress of these initiatives.

BARRIERS TO AFFORDABLE HOUSING 91.220(J)

16. Describe the actions that will take place during the next year to remove barriers to affordable housing.

The municipalities in Camden County regulate the policies that may impact affordable housing, including zoning and other land use controls and building and development permits. As was documented in the Five-Year Consolidated Plan, housing affordable to lower-income populations is available in Camden County. The cost of land in addition to construction and rehabilitation costs, however, continues to rise. The increasing costs are passed on by way of increased housing prices and rents that negatively impact the affordability of housing by low-income households. Within the resource constraint, Camden County diligently works to alleviate the cost burden and provide housing opportunities for low-income households.

Historically, Camden County has allocated a substantial amount of its annual CDBG entitlement grant for direct housing assistance through funding its Housing Improvement Program. Camden County is required to spend its HOME funds on direct housing initiatives. HOME funds are used to fund the Down Payment/Closing Cost Assistance Program and funds continue to be used to support development of housing. In terms of dollar amount, the resources comprise a significant commitment to improving the quality of the housing stock and the ability of households to afford housing. In FY 2011, approximately 26% the County's CDBG funds were allocated to housing activities and services for low income households. In addition, the County will utilize $300,000 in CDBG program income for additional housing activities raising the percentage of total funds allocated to housing activities and services for low income households to 36%. In addition, 100% of HOME funds and ESG funds are used in support of affordable housing.

Municipalities in New Jersey are required to complete a Fair Share Plan in agreement with the rules and regulations of the New Jersey Council on Affordable Housing (COAH). The Fair Share Plan, which is certified by COAH, indicates that the community has a plan to address its regional fair share for affordable housing. COAH reports that as of December 6, 2010, twelve (12) municipalities have submitted petitions for certification. Of these, five municipalities (Collingswood, Haddonfield, Pennsauken, Pine Hill and Somerdale) have been certified. One additional municipality has filed but not petitioned for certification. As such the municipalities are working to expand affordable housing opportunities locally in furtherance of removal of barriers to affordable housing.

Camden County has devised an action plan to foster compliance with the Fair Housing Act in order to overcome the effects of the impediments to fair housing choice. There are no court orders, consent decrees or sanctions against Camden County from HUD or any other organization regarding housing and related services.

OTHER ACTIONS 91.220(K)

17. Describe the actions that will take place during the next year to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce the number of housing units containing lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, enhance coordination between public and private agencies (see 91.215(a), (b), (i), (j), (k), and (l)).

Addressing Obstacles to Underserved Needs

Camden County will continue to use its entitlement funds to provide assistance with activities that meet the underserved needs of the community. Through continued participation with the Camden County Homeless Network Planning Committee (HNPC) and other broad based groups, Camden County will be informed of the needs of the underserved and the changes in the needs over time. This will facilitate use of scarce funds in an efficient way.

Mitigating Lead-Based Paint Hazards

All households whose units are rehabilitated by the Community Development Office's HIP are given the notification regarding lead-based paint. Lead-based paint hazard reduction has been integrated into the County's housing policies and programs as follows.

- All rehabilitated must comply with the lead-based paint hazard regulations at 24 CFR Part 35.

- All risk assessments and clearance tests are performed by licensed lead inspection risk assessment firms contracted with the County, per HUD regulations. The inspectors and the program supervisor have completed the course to become certified risk assessors and inspectors. If required, the containment of lead paint in all housing rehabilitation activities is completed. Contractors completing housing rehabilitation as part of County funded housing initiatives are lead-based paint abatement certified.

- When lead paint hazards are found, the Community Development Office Staff refers the affected household to the Health Department for testing of blood lead levels.

- All units purchased with funds from the Down Payment and Closing Cost Assistance Program require an inspection for chipped and peeling paint and for the seller to remediate any lead-based paint problems prior to sale

The County's Health Department refers households with children with elevated blood lead levels to the Community Development Office to determine if the household is eligible to receive assistance through the housing rehabilitation program.

Camden County allows for the funding of lead-based paint hazard reduction as part of its housing rehabilitation program serving to provide lead-based paint hazard abatement to its population with the greatest need.

Reducing the Number of Poverty-Level Families

Camden County is committed to eliminating poverty through making housing more affordable, preserving the condition and availability of existing housing stock and helping citizens build assets of all kinds: human, social, financial, physical and natural. To this end, the County and its community partners have incorporated an integrated system of services and programs to meet the various needs of individuals as they progress toward financial self-sufficiency.

Through the implementation of its housing and community development program, Camden County expects to reduce the number of families with incomes below the poverty level. Funds used for services address the safety net and development of financial independence. Further, to improve the prospects for employment, Camden County has developed a team approach to planning for economic development. The economic development program has been devised to expand the County's tax ratable base and create living wage jobs. The economic development team planning approach allows for an overview of the economic conditions in Camden County and assists better decision-making regarding an economic development strategy. The WIB provides services to assist those in poverty to get their GED and develop job skills to find employment.

Fostering and Maintaining Affordable Housing

A lack of quality affordable housing places housing cost burdens on low- to moderate-income persons, limiting their ability to pay for other goods and services, such as quality education or needed prescriptions. The housing efforts of the County are aimed at improving and maintaining a high standard of housing quality while also creating or maintaining affordability. Housing rehabilitation helps lower-income owners make much-needed repairs, which enables them to remain in their affordable homes, while the rental rehabilitation allows landlords to maintain decent housing and pass savings along to renters. Over the five-year period of the Consolidated Plan, the cities will also work closely with agencies that provide expanded housing options to current and potential residents. These agencies include CHDOs and development corporations, both of which can assist many lower-income renters, including those with special needs Revitalization efforts will continue to enhance the viability of neighborhoods through important street, sidewalk and urban amenity projects.

In FY 2011, the County will provide funds to first-time homebuyers, existing homebuyers, landlords who rent to low income people and developers seeking to build affordable housing in Camden County. These activities support housing choice by broadening the base of affordable housing units.

Affirmatively Furthering Fair Housing

Camden County has recently updated its Analysis of Impediments to Fair Housing Choice (AI). This document identifies policies and practices that potentially effect access to affordable housing protected classes under the Fair Housing Act. The County's Fair Housing Action Plan, an element of this document, represents an effort to ensure that the County's housing landscape is characterized by opportunity for all.

The following action steps will be taken in 2011 to address each of potential impediments to fair housing choice in Camden County.

Action plan goal: Raise the visibility of fair housing and the complaint process

2011 step: Camden County is in the process of preparing a Countywide fair housing law. Once in place, the law will establish a fair housing complaint process.

Action plan goal: Increase development of affordable housing by considering incentives and alternative funding for affordable housing.

2011 step: The County will continue to be innovative in considering alternative funding for affordable housing.

Action plan goal: Increase landlord and resident knowledge of fair housing.

2011 step: For the last two years, CD staff have sponsored or funded fair housing workshops to educate landlords and residents of Camden County. The County will continue to offer workshops on fair housing issues.

Action plan goal: Work to assist persons with special needs have full access to housing and needed services.

2011 step: The County will continue to administer the Shelter Plus Care program. Camden County has 24 project-based vouchers for special-needs individuals who are homeless.

Action plan goal: Ensure that available credit counseling programs are available and targeted.

2011 step: Camden County will fund a credit counseling program this fiscal year. The County continues to promote credit counseling as a member of the County Permanent and Supportive Housing (PASH) Committee.

Action plan goal: Ensure an orderly transfer of property assets to facilitate home improvement loans.

2011 step: The County continues to reinvest program income into the Home Improvement Program. In FY 2010, this included $240,080 in CDBG and $142,749 in HOME funds.

Action plan goal: Ensure readily available transportation opportunities to access jobs.

2011 step: The Community Development Department will continue work with Camden County Workforce Development to identify job opportunities

for the unemployed through the Home Improvement program and HOME Investment Partnership projects. The County also works with the Homeless Network Planning Committee to complete homeless outreach and case management to assist the homeless and unemployed to obtain housing and employment.

Developing Institutional Structure

The Camden County Community Development Office will continue to be responsible for the administration of the CDBG, HOME and ESG programs. All sub-recipients from the social service agencies, municipalities and CHDOs are monitored on an ongoing basis. The Camden County Community Development Office participates with other groups, such as it does in planning for the homeless, to facilitate cooperative problem-solving in Camden County.

Enhancing Coordination between Public and Private Agencies

Camden County has recognized the importance of attracting private investment so that new businesses and old businesses alike are encouraged to grow. While the limited resources available to the County in FY 2011 did not allow for CDBG spending on economic development initiatives, the County will continue to ensure that sites are available to attract job-creating business opportunities. In order to achieve this goal, the County will continue to participate in cooperative efforts to improve and market the local business environment.

18. Describe the actions to coordinate the housing strategy with local and regional transportation planning strategies to ensure to the extent practicable that residents of affordable housing have access to public transportation.

The New Jersey Transit Authority (NJ Transit) Delaware River Port Authority and other transit providers operate a wide array of fixed-route bus and rail lines throughout the region, in addition to other modes of transportation available and accessible to lower-income populations.

Existing transit infrastructure is an important consideration for Camden County in planning for the provision and maintenance of housing, especially as it relates to connecting workers between affordable housing and major employment destinations locally. Every effort is made to site new housing developments conveniently to public transit access points. To ensure that new housing subsidized with federal funds is both affordable and accessible to jobs and services, developers are directed to consider development in areas of demonstrated underserved needs and areas served by transportation and infrastructure.

PROGRAM-SPECIFIC REQUIREMENTS

CDBG 91.220(L)(1)

19. Identify program income expected to be received during the program year, including:

- Amount expected to be generated by and deposited to revolving loan funds
- Amount expected to be received from each new float-funded activity included in this plan
- Amount expected to be received during the current program year from a float-funded activity described in a prior statement or plan.
- Program income received in the preceding program year that has not been included in a statement or plan
- Proceeds from Section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in its strategic plan.
- Surplus funds from any urban renewal settlement for community development and housing activities.
- Any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.
- Income from float-funded activities.
- Urgent need activities, only if the jurisdiction certifies.

Camden County anticipates receiving a total of $300,000 in CDBG program income during FY 2011 through housing rehabilitation loan repayments. The program income will be used to continue the housing rehabilitation program. There are no float-funded activities.

20. Estimate the amount of CDBG funds that will be used for activities that benefit persons of low and moderate income.

The County anticipates that 100% of its CDBG spending in FY 2011 will benefit low- and moderate-income households.

HOME 91.220(L)(1)

21. Describe other forms of investment. (See Section 92.205)

Through various tax credit projects, the County estimates additional investments of $X during FY 2011 in the form of low-income housing tax credits and private development funds. In addition, hundreds of thousands of dollars in private funding will be leveraged through the homebuyer program.

22. If grantee (PJ) plans to use HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds, state its refinancing guidelines required under 24 CFR 92.206(b).

Not applicable – HOME funds in Camden County cannot be used to refinance existing debt.

23. Resale Provisions -- For homeownership activities, describe its resale or recapture guidelines that ensure the affordability of units acquired with HOME funds. See 24 CFR 92.254(a)(4).

Per 24 CFR 92.150, Camden County has established recapture/resale guidelines for the operation of HOME-funded homeownership programs. These guidelines are to be adhered to for all homeownership programs administered by the County or any designee, including subrecipients and Community Housing Development Organizations (CHDOs).

The guidelines are based on 24 CFR *92.254* (a)(4)(ii), which stipulates the conditions for recapture of the HOME investment used to assist low-income families acquiring a home. Two factors that are important in developing the guidelines are the fair return to the buyer at time of sale as well as ensuring that the homeowner was not in a negative equity position. It is also important to realize that there are two forms of subsidy; a subsidy on the development cost of a project which brings the total project cost down to the market value of the house to be sold, and a subsidy to the homebuyer that lowers the cost of the house from market value to a price affordable by the buyer. These factors along with other polices determines the amount of HOME funds to be recaptured.

Homebuyer/Recapture
Camden County will use the recapture provision to secure the affordability when a home buyer receives assistance under the HOME Program. If the property is sold after the period of affordability has expired, there are no restrictions in terms of recapture of HOME funds that apply to such a transaction. However, if the sale occurs before the period of affordability has expired, certain regulatory limitations apply.

It is the policy of Camden County, wherever possible, to recapture the appropriate amount of the HOME investment rather than restricting the sale to a qualified low income family that will use the property as its principal residence. The guidelines for recapture for the home buyer program that Camden County has established are as follows.

1. Camden County will require that a mortgage be placed on the property in its favor for the full amount of the HOME investment.

2. Upon sale of the home by the HOME assisted household, Camden County will recapture the HOME investment from the net proceeds of the sale.

3. In the event of foreclosure on the property during the restricted period, the County will share in the net proceeds of the sale of the property, up to the amount of the HOME investment.

4. HOME funds that are recaptured by Camden County will be returned to the letter of credit for other HOME-eligible activities.

Rental/Resale restrictions
When HOME funds are provided to a rental property, the County will use a resale restriction. A restrictive covenant is placed on the property at the time funds are provided. This covenant requires that units assisted with HOME funds be rented to low-income tenants at rents allowable under the HOME program for a period of years based on HUD's requirements.

24. HOME Tenant-Based Rental Assistance -- Describe the local market conditions that led to the use of a HOME funds for tenant based rental assistance program.

Not applicable – Camden County does not plan to allocate HOME funds to tenant-based rental assistance in FY 2011.

25. If the tenant-based rental assistance program is targeted to or provides a preference for a special needs group, that group must be identified in the Consolidated Plan as having an unmet need and show the preference is needed to narrow the gap in benefits and services received by this population.

Not applicable – The County has no plans to allocate HOME funds to tenant-based rental assistance in FY 2011.

26. If a participating jurisdiction intends to use forms of investment other than those described in 24 CFR 92.205(b), describe these forms of investment.

Not applicable – No other forms of investment are anticipated.

27. Describe the policy and procedures it will follow to affirmatively market housing containing five or more HOME-assisted units.

As prescribed in 24 CFR 92.351, HOME regulations require that affirmative marketing procedures are followed for any rental or home buyer projects containing more than five HOME-assisted housing units. The majority of the projects where these requirements are applicable are in large rental projects. The home buyer projects done by the CHDOs and the direct home buyer assistance (down payment assistance) program do not fit the criteria; however, processes to assure affirmative marketing are also in place for these projects.

When any organization for profit or a not for profit organization receives any HOME funding they must agree to adhere to the federal Affirmative Marketing requirements as described in 24 CFR 92.351. All sub-grantee Grant Agreements include the following section:

Supplemental Provisions

D. The Grantee agrees to follow the Federal guidelines for the affirmative marketing of HOME assisted properties that are included in this Agreement. The Grantee further agrees to adopt and implement the affirmative marketing procedures as required in 24 CFR 92.351.

Developers must conduct a wide range of advertising methods to ensure that all persons are given the ability to apply for occupancy in any HOME-assisted unit. The Diocese of Camden will provide an affirmative marketing plan to Camden County for the Cherry Hill Senior Housing development project.

28. Describe actions taken to establish and oversee a minority outreach program within its jurisdiction to ensure inclusion, to the maximum extent possible, of minority and women, and entities owned by minorities and women, including without limitation, real estate firms, construction firms, appraisal firms, management firms, financial institutions, investment banking firms, underwriters, accountants, and providers of legal services, in all contracts, entered into by the participating jurisdiction with such persons or entities, public and private, in order to facilitate the activities of the participating jurisdiction to provide affordable housing under the HOME program or any other federal housing law applicable to such jurisdiction.

Camden County encourages participation by minority-owned businesses in CDBG-assisted activities. Municipalities are required to do outreach when bidding their projects. The County will continue to maintain records concerning the participation of minority-owned businesses to assess the results of its efforts and to complete the semi-annual "Minority Business Enterprise Report" to HUD. Any contractor interested in bidding on jobs available under the Housing Rehabilitation Program will receive an application package and, if qualified, will be included on a list of contractors to receive announcements about the availability of bid packages.

Camden County holds an annual contractor workshop for the home improvements programs. In 2009 the program was held in February. This program is intended to provide contractors with information pertaining to the home improvement programs as well as to encourage minority contractors to participate in the County programs. In 2009 the County had approximately 50-60 contractors participated in the workshop.

29. If a jurisdiction intends to use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds, state its financing guidelines required under 24 CFR 92.206(b).

Not applicable – HOME funds in Camden County cannot refinance existing debt secured by multifamily housing.

HOPWA 91.220(L)(3)

30. One-year goals for the number of households to be provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family, tenant-based rental assistance, units provided in housing facilities that are being developed, leased, or operated.

Not applicable – Camden County does not receive a HOPWA allocation.

OTHER NARRATIVES AND ATTACHMENTS

Include any action plan information that was not covered by a narrative in any other section. If optional tables are not used, provide comparable information that is required by consolidated plan regulations.

MBE/WBE: The County completed outreach through the *Courier-Post* for contractor participation in the Home Improvement Program. In June 2011, a workshop will be held to engage contractors in the program. A speaker from the WIB will discuss hiring local low-income residents.

Appendix A

Evidence of Citizen Participation

Court Rules 4:64-3 and 4:57-2 stating the nature and extent of that person's claim and asking for an order directing payment of the surplus money. The Sheriff or other person conducting the sale will have information regarding the surplus, if any.

NEW JERSEY SUSTAINABLE ENERGY MEETING (NJSEM)
STATE OF NEW JERSEY
NOTICE TO BIDDERS

The New Jersey Sustainable Energy Meeting (NJSEM), New Jersey, is requesting bids to supply natural gas for approximately 120 Municipalities throughout the state of New Jersey.

The contract will be on a full requirements service basis and will be for either a twelve (12) month term or a twenty-four (24) month term. A final and complete Request for Bids will be posted to the NJSEM website: http://njsem.org/ by 7 pm EST January 18, 2011. Documents will also be emailed to NJBPU certified Third Party Suppliers by the NJSEM's Consultant, Birdsall Services Group, within the same time frame.

The contract period will commence on April 1, 2011. The contract will end on March 3, 2012 if the twelve (12) month term is chosen, or March 31, 2013 if the twenty-four (24) month term is chosen.

Preliminary bid documents must be

(continued next column)

This Request For Proposals does not constitute a bid and is intended solely to obtain competitive proposals from which the County may choose a contractor(s) that best meet(s) the County's needs. It is the County's intent that no statutory, regulatory, or common law bidding requirement apply to this Request For Proposals. The County intends to award any contract(s) for these services pursuant to N.J.S.A. 40A:11-5(1)(a)(i).

NOTICE OF PUBLIC HEARING

CAMDEN COUNTY OFFICE OF COMMUNITY DEVELOPMENT

The Camden County Office of Community Development is conducting a Public Hearing on Wednesday, January 26, 2011 at 7:30 P.M. at the Borough of Barrington Municipal Building, 229 Trenton Avenue, Barrington, NJ.

One component of the hearing is to provide information about Camden County's Consolidated Plan which the County must submit to the U.S. Department of Housing and Urban Development for the County's Fiscal Year 2011 Community Development Block Grant funds, HOME Investment Partnerships Act (HOME) and Emergency Shelter Grants (ESG) entitlements. Additionally, this hearing will be used to solicit the views and comments of individuals and organizations concerning the County's housing and community development needs. This information gathered will be used in the preparation of the Consolidated Strategy and Action Plan for FY 2011.

All interested individuals and organizations are encouraged to attend this hearing and offer their views and comments on the housing and community development needs of the County.

The Camden County Board of Freeholders anticipates that it will publish a summary of its proposed Consolidated Plan on or about April 11, 2011 and make this plan available for review. The County will hold another public hearing on the Consolidated Plan prior to its submission to HUD and will consider comments on the Plan for the 30 day period (April 11, 2011 thru May 10, 2011) following notice of availability of the Plan. Notice of this Hearing will be published. The Board of Freeholders will take formal action on the Plan on April 21, 2011. The Plan is due to be submitted to HUD on or before May 16, 2011.

Another component of the meeting will be the annual reorganization of the CDBG Mayors Advisory Board.

Information regarding this meeting will be available during the normal working hours of 9:00-4:30, Monday through Friday, at the Camden County Office of Community Development, 512 Lakeland Road, Suite 234-DiPiero Building, Blackwood, NJ 08012 or by telephone 856-374-2588, TDD856 -225-8889.
(1504279) ($46.86)

PUBLIC NOTICE

The Board of Commissioners of the Housing Authority of the City of Camden (HACC) will hold its Annual Meeting on Wednesday, January 19, 2011 at 5:30 PM at the Peter J. McGuire Gardens Community Center, 114 Boyd Street, Camden, New Jersey 08105, to hold annual elections, and discuss other general business of the Authority. A closed session of the Board will be held to discuss litigation, personnel, and contract matters. The annual schedule of meetings for 2011, all of which will be held at the above address and location at the Peter J. McGuire Gardens Community Center at 5:30p.m., is as follows:

REGULAR MEETING SCHEDULE

Wednesday, January 19, 2011
Wednesday, February 16, 2011
Wednesday, March 16, 2011
Wednesday, April 20, 2011
Wednesday, May 18, 2011
Wednesday, June 15, 2011
Wednesday, July 20, 2011
Wednesday, August 17, 2011
Wednesday, September 21, 2011
Wednesday, October 19, 2011
Wednesday, November 16, 2011
Wednesday, December 14, 2011
(1504278) ($46.20)

required by the specifications, must be enclosed in sealed envelopes bearing the name and address of the bidder on the outside and also bearing on the outside reference to the particular work bid upon. Said bids shall be addressed to Rosemarie DiJosie, Clerk, Township of Gloucester, Municipal Building, P.O. Box 8, Blackwood, New Jersey 08012.

Each bid shall be accompanied by a certified check, cashier's check or bid bond duly executed by the bidder as principal and having as surety thereon a surety company approved by the Township of Gloucester in an amount not less than ten percent (10%) but in no case in excess of $20,000.00 of the amount bid. Any such bid bond shall be without endorsement or conditions. Bid shall also be accompanied by a certificate letter from a surety company stating that it will provide the bidder with the completion bond.

The award of the contract shall be made subject to the necessary moneys to do the work being provided by the Township of Gloucester in a lawful manner. The contract to be executed by the successful bidder will provide that it shall not become effective until the necessary moneys to do the work have been provided by the Township of Gloucester in a lawful manner. The award shall further be subjected to the securing of necessary State, Federal or Local permits governing the work.

Bidders are required to comply with the requirements of N.J.S.A. 10:5-31 et. seq., N.J.A.C. 17:27 (Affirmative Action), P.L. 1963, C150 (New Jersey Prevailing Wage Act), and Americans with Disabilities Act of 1990 (42 U.S.C. 12101, et.seq.).

The contractor is further notified that he must comply with P.L. 1977, c. 33, and submit a Disclosure Statement listing stockholders with his bid.

The contractor is further notified that he must comply with P.L. 1999 c.238 Public Works Contractor Registration Act and he and any subcontractors must be registered in accordance with the act.

The contractor is also further notified that he must comply with P.L. 2004 c. 57 and submit proof of business registration and submit proof of business registration for any named subcontractors in accordance with the act.

By Order of the Mayor & Council
Township of Gloucester
Camden County, New Jersey

MINUTES OF THE CAMDEN COUNTY CDBG MAYORS ADVISORY BOARD MEETING
Barrington Senior Community Building
January 26, 2011

1 – The meeting was called to order by Chairman DiAngelo at 7:12 PM. Ten (10) towns were represented:

Audubon	Barrington	Bellmawr	Berlin Twp.	Haddonfield
MT. Ephraim	Runnemede	Somerdale	Winslow Twp.	Woodlynne

2 - Approval of the minutes from the last meeting held on September 30, 2010, in Somerdale:

The minutes were approved unanimously.

3– Election of Chairperson and Vice Chairperson:

The floor was opened for nominations for chairman and vice-chairman. Lou DiAngelo was nominated and voted in as Chairman by acclamation. Richard Dickinson was nominated and voted in as Vice-Chairman by acclamation.

4 – 2011 meeting schedule:

The meeting schedule for CDBG Advisory Board meetings and locations are as follows:
March 29, 2011- Mount Ephraim- 7:00pm;
June 28, 2011- Bellmawr- 7:00pm;
September 28, 2011- Audubon- 7:00pm;
January 25, 2012- Berlin Township- 7:00pm.

5 – CDBG Social Service Review Committee:

Chairman DiAngelo asked for volunteers for the review of social service proposals.
Chairman DiAngelo was looking for two (2) members to volunteer.
Maureen Bergeron, Barrington and Richard Dickinson, Runnemede, volunteered.
Committee will meet between March 14 and 17. Committee will meet at Lindenwold Complex, time to be determined later.

6 – Preparation of FY 2011 Consolidated Plan:

Gary Yost stated that staff has started the preparation and planning of county's Consolidated Plan for fiscal year 2011. This includes funding and activities for CDBG, HOME Program and Emergency Shelter Grant Program for 2011.
John Daley noted that municipal project description forms, CDBG funding allocations, eligibility guidelines, eligible block groups with maps, have been mailed to all participating municipalities. They were mailed directly to each municipal clerk.
Please have project description forms back no later than March 21, 2011.
Consolidated Plan draft is scheduled for completion on or about April 11, 2011.
Newly elected Chairman DiAngelo stated that CD staff has in the past made themselves available for workshops for municipalities and was sure they would do the same in the future.
John Daley stated he would make himself available to any municipality that had questions on eligible activities or needed additional information from him. Contact him by email, knight74@camdencounty.com.

7 – Questions/Comments:

Gino Lewis stated that there were 110 on County Home Improvement Program waiting list. HIP staff will be sending out applications to those on waiting list in march, approximately 30 to 35 will be sent applications.

Meeting was closed at 7:59 P.M.

Evidence of Agency Consultation

CAMDEN COUNTY
GENERAL SURVEY

FY 2010 – FY 2014 FIVE YEAR CONSOLIDATED PLAN

Camden County is in the process of preparing its Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as a blueprint for the expenditures of federal funds in Camden County from July 1, 2010 to June 30, 2015.

As part of this five-year planning process, the County is required to identify the housing and community development needs for low-moderate income persons and households, as well as persons with special needs such as disabilities, substance abuse, mental illness, HIV/AIDS, the elderly, etc. Your participation in this planning process will enable the County to develop an accurate strategy that addresses the priority needs of these groups and individuals.

Please complete this survey and mail it no later than March 10, 2010 to the address below. Kindly attach any additional information (statistics, surveys, studies, reports, applications, observations, annual reports, etc.) that will help the County to identify affordable housing needs, including barriers to affordable housing and employment issues.

Thank you for your prompt response to this survey and for assisting the County with completing its consolidated planning responsibilities. If you have any questions regarding the survey, please contact:

GENERAL SURVEY

1. Name of organization: _____
2. Name of person completing this survey: _____
3. Title of person completing this survey: _____
4. Mailing address: _____

   _____
5. Telephone number: _____ Fax number: _____
6. E-mail address: _____
7. What are the mission, principal activities, and service area of your organization? Attach a brochure, if available.

   _____

   _____

   _____

   _____

   _____
8. What special needs classification of persons and/or households does your organization serve? (Example: persons with disabilities, persons with HIV/AIDS, etc.)

   _____

   _____

   _____

   _____
9. In your opinion, what is the major unmet housing and/or supportive service need *faced by your organization?*

   _____

   _____

   _____
10. What is the magnitude of the need? Please attach any statistics, records, or survey results that substantiate this need.

    _____

    _____

    _____

    _____

11. In your opinion, what is the major unmet housing and/or supportive service need in the County?

_____

_____

_____

12. What is the magnitude of the need? Please attach any statistics, records, or survey results that substantiate this need.

_____

_____

_____

13. Does your organization *develop* housing? Yes_____ No _____

14. If yes, please provide details in the chart below of the housing developments planned by your organization for the next five years. Attach additional sheets if necessary.

Check all that apply	Type of housing	No. of units	Neighborhood Location	Type of residents served
	Rental			
	For sale			
	Other (assisted living, etc.)			

15. Does your organization *manage* housing? Yes_____ No _____

16. If yes, please check the type of housing your organization manages and the total number of units.

☐ Rental # _____

☐ Other # _____

17. If your organization develops or manages housing, please complete the chart below (Priority Housing Needs). This information will assist the County in identifying the number of low-moderate income persons and households with disabilities, who are in need of housing

EXPLANATION OF CHART:
Current Need: Number of housing units needed to meet your current demand
Current Inventory: Number of housing units you currently have available to meet your demand
Unmet Need/Gap: Difference between the current need and current inventory
Goals to Address Unmet Need/Gap: Number of new housing units you plan to develop and make available **over the next five years** to address your unmet need/gap
MFI = Median Family Income

PRIORITY HOUSING NEEDS (households)			Current Need	Current Inventory	Unmet Need/Gap	Goals to Address Unmet Need/Gap
Example			*20*	*10*	*10*	*5*
Renter	Small Related Family (2-4 persons)	0-30% of MFI				
		31-50% of MFI				
		51-80% of MFI				
	Large Related Family (5 or more persons)	0-30% of MFI				
		31-50% of MFI				
		51-80% of MFI				
	Elderly (Age 62+)	0-30% of MFI				
		31-50% of MFI				
		51-80% of MFI				
	All Other	0-30% of MFI				
		31-50% of MFI				
		51-80% of MFI				
Owner		0-30% of MFI				
		31-50% of MFI				
		51-80% of MFI				
Special Needs		0-80% of MFI				
Total Goals						

18. Please describe any partnerships you may undertake to implement your housing projects.

_____

_____

_____

Thank you for completing this survey. Please attach any additional thoughts or information (studies, surveys, reports, statistics, etc.) that may assist the County in completing its affordable housing and supportive services needs assessment.

Please complete this survey and mail it no later than March 10 to Erik Genga

HOUSING AND COMMUNITY DEVELOPMENT NEEDS SURVEY

CAMDEN COUNTY, NJ

Camden County is in the process of preparing a Five Year Plan for the use of federal funds from the U.S. Department of Housing and Urban Development (HUD). By completing this survey, you will help to ensure that funds are directed to the most critical needs in the County. The results of this survey will enable County officials to establish budget and program priorities. Since the Cities of Camden and Gloucester receive HUD grants directly, the plan is for areas of the County outside the Cities of Camden and Gloucester. Thank you for participating in this survey.

Instructions: Place an [X] in the box that comes closest to representing your opinion on these statements.

TELL US ABOUT YOURSELF:

1.	I am a resident of the Camden County (outside the Cities of Camden and Gloucester).	☐ Yes ☐ No
2.	I own and operate a business in the Camden County.	☐ Yes ☐ No
3.	I represent a public agency, a housing provider or service provider in the Camden County.	☐ Yes ☐ No

HOUSING NEEDS- GENERAL		Strongly agree	Agree	Disagree	Strongly disagree	No opinion
4.	The County needs programs to help homeowners repair their homes.	☐	☐	☐	☐	☐
5.	The County needs programs to stimulate repairs to rental units.	☐	☐	☐	☐	☐
6.	There is a need for financial assistance for families seeking to purchase a home in the County.	☐	☐	☐	☐	☐
7.	The housing needs of County residents should be met through new housing construction.	☐	☐	☐	☐	☐
8.	The housing needs of County residents should be met through rehabilitation of the existing housing stock.	☐	☐	☐	☐	☐
8b.	Rehabilitation and new construction of housing using federal funds should incorporate, where possible, sustainable design, energy efficiency, and green technology even if the cost of "green building" is slightly greater than that of traditional construction.	☐	☐	☐	☐	☐
8c.	The County should reuse sites with existing, blighted buildings before building on vacant lots to preserve "green space."	☐	☐	☐	☐	☐

HOUSING NEEDS- SPECIAL NEEDS POPULATIONS	Strongly agree	Agree	Disagree	Strongly disagree	No opinion
9. Additional affordable housing for seniors is needed in the County.	☐	☐	☐	☐	☐
10. The supply of rental housing for low-wage households should be expanded in the County.	☐	☐	☐	☐	☐
11. There is a need to provide rental assistance to lower income households living in the County.	☐	☐	☐	☐	☐
12. The County needs programs that prevent individuals from becoming homeless.	☐	☐	☐	☐	☐
13. There is a need for homeless shelters and transitional housing facilities in the County.	☐	☐	☐	☐	☐
14. The County needs more programs aimed at helping the homeless become self-sufficient.	☐	☐	☐	☐	☐
15. There is a need for programs aimed at overcoming housing discrimination.	☐	☐	☐	☐	☐
16. There is a need to expand the supply of housing accessible to persons with disabilities (for example, mobility impairments, mental illness, etc.) in the County.	☐	☐	☐	☐	☐
17. There is a need for housing for people with HIV/AIDS in the County.	☐	☐	☐	☐	☐
18. There is a need for housing for ex-offenders in the County.	☐	☐	☐	☐	☐
RECREATION AND PUBLIC INFRASTRUCTURE NEEDS	Strongly agree	Agree	Disagree	Strongly disagree	No opinion
19. There is a need to improve existing parks and recreation facilities in the County.	☐	☐	☐	☐	☐
20. There is a need to create new parks and recreation facilities in the County.	☐	☐	☐	☐	☐
21. There is a need to improve streets and sidewalks in the County.	☐	☐	☐	☐	☐
22. There is a need to improve street lighting in the County.	☐	☐	☐	☐	☐
23. There is a need to expand or improve water and sewer service in the County.	☐	☐	☐	☐	☐

PUBLIC SERVICE NEEDS	Strongly agree	Agree	Disagree	Strongly disagree	No opinion
24. There is a need for literacy programs in the County.	☐	☐	☐	☐	☐
The County needs more programs and facilities to improve health and wellness, including:					
25. Mental health programs and facilities	☐	☐	☐	☐	☐
26. Nutritional programs and facilities	☐	☐	☐	☐	☐
27. Physical fitness and exercise programs and facilities	☐	☐	☐	☐	☐
28. There is a need for more programs for youth in the County.	☐	☐	☐	☐	☐
29. Additional day care facilities and programs are needed in the County.	☐	☐	☐	☐	☐
30. There is a need to provide more life skills training to lower income households.	☐	☐	☐	☐	☐
31. There is a need to provide more transportation programs in the County.	☐	☐	☐	☐	☐

ECONOMIC DEVELOPMENT NEEDS	Strongly agree	Agree	Disagree	Strongly disagree	No opinion
32. There is a need to provide financial assistance to upgrade existing commercial buildings.	☐	☐	☐	☐	☐
33. There is a need to help low-moderate income residents start or expand their own businesses.	☐	☐	☐	☐	☐
34. There is a need to help businesses to purchase machinery and equipment.	☐	☐	☐	☐	☐
35. There is a need to provide employment training to County residents.	☐	☐	☐	☐	☐

NEIGHBORHOOD NEEDS	Strongly agree	Agree	Disagree	Strongly disagree	No opinion
36. There is a need to provide financial assistance to preserve historic homes and buildings.	☐	☐	☐	☐	☐
37. There is a need to provide a higher level of code enforcement.	☐	☐	☐	☐	☐
38. There is a need to demolish vacant and deteriorated structures.	☐	☐	☐	☐	☐

NEIGHBORHOOD NEEDS (continued)					
39. There is a need to undertake targeted neighborhood revitalization projects.	☐	☐	☐	☐	☐

OTHER

40. In your opinion what is the most significant housing and community development issue facing the County in the next five years?

Thank you for participating in this survey. Your input is valuable to us.

The results of this survey will be published on the County's official website www.camdencounty.com

PHA NAME: _____

PUBLIC HOUSING AUTHORITY QUESTIONNAIRE **Date:** _____

1. Are any of the Authority's public housing developments experiencing chronic vacancies? Yes ___ No ___
   a. If yes, please identify the development(s) and indicate the Authority's strategy to increase occupancy rates.
   _____
2. What is the date of the Authority's most recent Physical Needs Assessment (PNA) of its housing stock? _____ (year)
3. When did your Authority last update its Section 504 needs assessment and transition plan? _____ (year)
   a. What is the status of the Authority's transition plan? _____
4. Are accessible units in family public housing available to disabled families with children? Yes ___ No ___
5. How many of the total number of accessible units reported on the attached spreadsheet are currently occupied by persons/households with disabilities? _____
6. Number of non-elderly persons with disabilities currently living in elderly public housing units: _____
7. Average amount of time that an applicant remains on the waiting list for public housing: _____
8. Do you have any local preferences for admission of eligible applicants? Yes ___ No ___
   a. If yes, specify preference(s): _____
   _____
9. Please list the top three public housing resident initiatives being carried out by your Authority.
   a. _____
   b. _____
   c. _____
10. Please describe the major unmet public housing need/s in your jurisdiction: (For example, an additional 50 three- and four-bedroom public housing units are needed to meet the housing needs of Somali immigrants.)
    _____
    _____
11. Describe actions to be undertaken in FY 2010 by your Authority to improve the management and operations of public housing and the living environment of public housing residents. If no actions are proposed, clearly so state._____
    _____
12. Describe the efforts to be undertaken in FY 2010 by your Authority to ensure no net loss in the public housing inventory as a result of demolition, by prepayment or voluntary termination of federally assisted mortgages or any other actions.
    _____
    _____
13. How would you describe the status of the Authority's transition to site-based management? _____
    _____

14. Does each public housing community have a resident council?
    Yes ___ No ___ If no, please list projects that have resident councils:
    _____
15. Do resident councils have input/involvement in:
    a. Management operations? Yes ___ No ___
    b. Modernization needs? Yes ___ No ___
    c. Family self-sufficiency program? Yes ___ No ___
    d. Homeownership program? Yes ___ No ___
    e. For each "yes" response, please indicate the nature of the resident council's involvement. _____
    _____
16. Describe activities to be undertaken in FY 2010 by your Authority to increase the involvement of PHA residents in management. If no such activities are proposed, clearly so state. _____
    _____
17. Does the Authority operate a public housing homeownership program? Yes ___ No ___
    If yes, how many homeownership transactions have been completed to date? _____
18. Describe activities to be undertaken in FY 2010 by your Authority to expand public housing homeownership opportunities. If no such activities are proposed, clearly so state. _____
19. Does the Authority operate a Section 8 homeownership program? Yes ___ No ___ If yes, how many homeownership transactions have been completed to date? _____
20. Does your PHA implement a lead-based paint abatement program for its units? Yes ___ No ___
21. Please estimate the number of PHA units suspected or known to contain LBP: _____
    Are any of these units currently occupied? Yes ___ No ___ If yes, how many? _____
22. Total number of Section 8 housing choice vouchers administered by your Authority: _____
23. What is the Authority's Section 8 payment standard? (i.e., 100% of FMR, 110% of FMR, etc.) _____
24. As a result of its Section 504 needs assessment, has the Authority made any changes to its Section 8 Administrative Plan or other policies to address the needs of persons with disabilities? If so, please describe. _____
    _____
25. Approximately how many private rental units have been modified to meet the needs of Section 8 tenants with disabilities? _____
26. Do participating Section 8 landlords make accessibility accommodations for persons with disabilities voluntarily, or are special incentives provided? Please describe. _____
27. Of the total applicants on the Section 8 HCV waiting list, how many are public housing residents? _____
28. Does the Authority have any local preferences for admission of Section 8 eligible applicants? Yes ___ No ___
    If yes, specify preference(s): _____
    _____

29. Approximate time period that a new Section 8 applicant will remain on the waiting list before receiving a voucher: _____
30. Please describe the single most important unmet need of your Authority's Section 8 Housing Choice Voucher program: (For example, insufficient supply of standard rental units in private marketplace, landlords can achieve equal or higher rents without Section 8 assistance, etc.)

    _____

    _____

31. During the period 2010-2014, does the Authority expect to lose any Section 8 units from its assisted housing inventory through:
    a. Landlord withdrawal from Section 8? Yes ___ No ___ If yes, how many units? _____
    b. Other? (Specify:_____) Yes ___ No ___ If yes, how many units? _____
32. What percentage of the Authority's housing choice vouchers are project-based? ____%
33. Does the Authority intend to increase the number of project-based units over the next five years? Yes ___ No ___
    If yes, how many units? _____
34. During 2010-2014, does your PHA expect to apply for additional Section 8 housing choice vouchers? Yes ___ No ___
    If yes, how many vouchers? _____
35. Please describe your agency's relationship with Camden County, including the appointing authority for the commissioners or board of your PHA. _____

    _____

36. Please describe any relationships the Authority has established with special needs housing organizations.

    _____

    _____

37. Has the Authority created a related nonprofit affiliate or instrumentality? If yes, what activities have been carried out by this organization?

    _____

    _____

38. Please describe the provision of services by your PHA that are funded by Camden County. (i.e., public service activities, public safety activities, etc.) _____
39. Please describe Camden County's role in reviewing your PHA (a) proposed development sites, (b) comprehensive plans, (c) and any proposed demolition or disposition of public housing developments.

    _____

    _____

40. Does the Authority currently have an ownership interest in or manage non-public housing rental units? If yes, please describe.

    _____

    _____

41. Are there any other housing activities that you are planning (e.g., tax credit units, resident initiatives, etc.) which are not discussed above or described on the attached spreadsheet? If so, please provide a brief summary of these activities such as the activity, the location, the number of units, the total project cost, the funding sources, etc. _____

42. Does the Authority intend to participate in any non-public housing residential development or preservation activities during the next four years? If yes, please describe the nature, location and status of any proposed project.

43. Describe the Authority's relationship with nearby housing authorities.

PLEASE COMPLETE THE ENCLOSED TABLES

Camden County
Municipality's Survey

2010-2014 Five-Year Consolidated Plan

Camden County is in the process of preparing its Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as a blueprint for the expenditures of federal funds in Camden County from July 1, 2010 to June 30, 2015.

As part of this five-year planning process, Camden County is required to identify the housing and community development needs for low-moderate income persons and households, as well as persons with special needs such as disabilities, substance abuse, mental illness, HIV/AIDS, the elderly, etc. Your participation in this planning process is important if the County is to develop an accurate strategy that addresses the priority needs of these groups and individuals.

A draft plan will be available for public display on or about April 12, 2010. A public hearing will be held on May 6th, 2010 at the offices of the Community Development Program, 512 Lakeland Road, Blackwood, NJ 08102,

Further, Camden County takes fair housing responsibilities very seriously. In light of the recent court settlement in Westchester County, New York, we must consider the impact of community actions on fair housing. Therefore, to gather information on the status of efforts to promote affordable housing in the County, we ask that municipal applicants complete the attached affordable housing questionnaire.

Please complete this survey and mail it no later than March 19, 2010 to the address below. Kindly attach any additional information (statistics, surveys, studies, reports, applications, observations, annual reports, etc.) that will help the County to identify affordable housing needs, including barriers to affordable housing and employment issues.

Thank you for your prompt response to this survey and for assisting Camden County with completing its consolidated planning responsibilities. If you have any questions regarding the survey, please contact:

_____

_____

Questionnaire for Removal of Regulatory Barriers to Fair and Affordable Housing

1. Does your jurisdiction's comprehensive plan include a "housing element? A local comprehensive plan means the adopted official statement of a legislative body of a local government that sets forth (in words, maps, illustrations, and/or tables) goals, policies, and guidelines intended to direct the present and future physical, social, and economic development that occurs within its planning jurisdiction and that includes a unified physical plan for the public development of land and water.	☐ No	☐ Yes
2. Does your zoning ordinance and map, development and subdivision regulations or other land use controls conform to the jurisdiction's comprehensive plan regarding housing needs by providing: a) sufficient land use and density categories (multifamily housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped "as of right" in these categories, that can permit the building of affordable housing addressing the needs identified in the County's Consolidated plan? (For purposes of this survey, "as-of-right," as applied to zoning, means uses and development standards that are determined in advance and specifically authorized by the zoning ordinance. The ordinance is largely self-enforcing because little or no discretion occurs in its administration.). If the jurisdiction has chosen not to have either zoning, or other development controls that have varying standards based upon districts or zones, the applicant may indicate _____ NOT APPLICABLE.	☐ No	☐ Yes
3. Does your jurisdiction's zoning ordinance set minimum building size requirements that exceed the local housing or health code or is otherwise not based upon explicit health standards?	☐ Yes	☐ No
4. If your jurisdiction has development impact fees, are the fees specified and calculated under local or state statutory criteria? Alternatively, if your jurisdiction does not have impact fees, indicate _____NOT APPLICABLE.	☐ No	☐ Yes
5. If your jurisdiction has impact or other significant fees, does the jurisdiction provide waivers of these fees for affordable housing?	☐ No	☐ Yes
6. Does your jurisdiction's zoning ordinance or land use regulations permit manufactured (HUD-Code) housing "as of right" in all residential districts and zoning classifications in which similar site-built housing is permitted, subject to design, density, building size, foundation requirements, and other similar requirements applicable to other housing that will be deemed realty, irrespective of the method of production?.	☐ No	☐ Yes
7. Does your jurisdiction's zoning ordinance or land use regulations permit group homes "as of right" in all residential districts and zoning classifications? Please attach a copy of the definition of "family: if your jurisdiction's code contains one.	☐ No	☐ Yes
8. Does your jurisdiction's zoning ordinance or land use regulations have spacing requirements between group homes. If yes, please provide a copy of that section of your ordinance.	☐ No	☐ Yes

9. Within the past five years, has the jurisdiction initiated major regulatory reforms? If yes, attach a brief list of these major regulatory reforms.	☐ No	☐ Yes
10. Within the past five years has your jurisdiction modified infrastructure standards and/or authorized the use of new infrastructure technologies (*e.g.* water, sewer, street width) to significantly reduce the cost of housing?	☐ No	☐ Yes
11. Does your jurisdiction give "as-of-right" density bonuses sufficient to offset the cost of building below market units as an incentive for any market rate residential development that includes a portion of affordable housing? (As applied to density bonuses, "as of right" means a density bonus granted for a fixed percentage or number of additional market rate dwelling units in exchange for the provision of a fixed number or percentage of affordable dwelling units and without the use of discretion in determining the number of additional market rate units.)	☐ No	☐ Yes
12. Has your jurisdiction established a single, consolidated permit application process for housing development that includes building, zoning, engineering, environmental, and related permits? Alternatively, does your jurisdiction conduct concurrent, not sequential, reviews for all required permits and approvals?	☐ No	☐ Yes
13. Does your jurisdiction provide for expedited or "fast track" permitting and approvals for all affordable housing projects in your community?	☐ No	☐ Yes
14. Has your jurisdiction established time limits for government review and approval or disapproval of development permits in which failure to act, after the application is deemed complete, by the government within the designated time period, results in automatic approval?	☐ No	☐ Yes
15. Does your jurisdiction allow "accessory apartments" either as: a) a special exception or conditional use in all single-family residential zones or, b) "as of right" in a majority of residential districts otherwise zoned for single-family housing?	☐ No	☐ Yes
16. Does your jurisdiction have an explicit policy that adjusts or waives existing parking requirements for all affordable housing developments?	☐ No	☐ Yes
17. Does your jurisdiction require affordable housing projects to undergo public review or special hearings when the project is otherwise in full compliance with the zoning ordinance and other development regulations?	☐ Yes	☐ No
18. Has the community met the Round 2 requirements of COAH through construction or rehabilitation of affordable housing within the jurisdiction (rather than transferring funds to another jurisdiction)? Please attach a summary of your COAH goals and performance.	☐ Yes	☐ No

Thank you for completing this survey. Please attach any additional thoughts or information (studies, surveys, reports, statistics, etc.) that may assist the township in completing its affordable housing and supportive services needs assessment.

Please complete this survey and mail or fax it no later than March 19, 2010 to Gary Yost.

Project – Mr. Fix-It Countywide Rehabilitation / Senior Safe Home Program

Activity

Description
Up to $2,000 ($4,000 for construction of handicapped ramps) for a countywide minor home repair program for low/mod income eligible seniors (ate 60 and older) that are owner occupants of single family properties. The program is administered by the county's Division of Senior Services. Assistance is provided in the form of a grant and all work must conform to local municipal code standards. Work generally involves handrails, concrete steps and walkways, and ramps for seniors with disabilities. Other minor repairs are performed by the Department's craftsmen at no cost to the participating senior. Community Development pays for the cost of materials purchased to perform the task. Applicants may contact the county's Division of Senior Services. Applications will be funded on a first come, first served basis after all eligibility and program requirements have been met.

Project – Countywide CDBG Rehabilitation Program

Activity

Description
The Home Improvement Program utilizes CDBG funds to provide up to $24,999 per household for the correction of housing code violations to income eligible low/mod owner-occupants of single family residences in the County's participating municipalities in the form of a no interest deferred payment loan that is secured by a mortgage lien and is repaid back to the County at death or transfer of title. All home repairs meet or exceed local code standards. Interested residents may contact the County's Community Development office for applications. Applications will be funded on a first come/first served basis after all eligibility and program requirements have been met.

Certifications

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

2. Establishing an ongoing drug-free awareness program to inform employees about -

   (a) The dangers of drug abuse in the workplace;

   (b) The grantee's policy of maintaining a drug-free workplace;

   (c) Any available drug counseling, rehabilitation, and employee assistance programs; and

   (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;

4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -

   (a) Abide by the terms of the statement; and

   (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position

title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -

   (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

   (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to, any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph (n) of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME and ESG funds are consistent with the strategic plan.

Section 3 -- it will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR part 135.

_____ _____

Signature/Authorized Official Date

_____

Title

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority**. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Overall Benefit**. The aggregate use of CDBG funds including section 108 guaranteed loans during program years 2011 to 2013, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;

3. **Special Assessments**. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

   The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

OPTIONAL CERTIFICATION
CDBG

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Title

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

> The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing.

Title

ESG Certifications

The Emergency Shelter Grantee certifies that:

Major rehabilitation/conversion -- It maintains any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for purposes less than tenant-based rental assistance, the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services -- It will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under 24 CFR 576.71 of this title.

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan -- It is following a current HUD-approved Consolidated Plan or CHAS.

Discharge Policy ---- It has established a policy for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons.

HMIS – It will comply with HUD's standards for participation in a local Homeless Management Information System and the collection and reporting of client-level information.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.

2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).

5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).

6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Camden County Office of Community Development
512 Lakeland Road, Suite 211
Blackwood, New Jersey 08012

Check _____ if there are workplaces on file that are not identified here.
The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Non-procurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
